COUNTY OF SAN FRANCISCO

9 PRECILA BALABBO,
10 Plaintiff,
11 vs.
12 JO-ANN STORES, LLC.,
13 Defendant.

Case No.: **CGC-22-603311**
**COMPLAINT FOR CIVIL PENALTIES AND
INJUNCTIVE RELIEF**
**(Violation of Health & Safety Code § 25249.5 et
seq.)**

14 Plaintiff Precila Balabbo (“Plaintiff”), by and through her attorneys, alleges the following
15 cause of action in the public interest of the citizens of the State of California.

16 **BACKGROUND OF THE CASE**

17 1. Plaintiff brings this representative action on behalf of all California citizens to
18 enforce relevant portions of Safe Drinking Water and Toxic Enforcement Act of 1986, codified at
19 the Health and Safety Code § 25249.5 et seq (“Proposition 65”), which reads, in relevant part,
20 “[n]o person in the course of doing business shall knowingly and intentionally expose any
21 individual to a chemical known to the state to cause cancer or reproductive toxicity without first
22 giving clear and reasonable warning to such individual ...”. Health & Safety Code § 25249.6.

23 2. This complaint is a representative action brought by Plaintiff in the public interest
24 of the citizens of the State of California to enforce the People’s right to be informed of the health
25 hazards caused by exposure to di(2-ethylhexyl) phthalate (DEHP) and di-n-butyl phthalate (DBP)
26 (collectively the “Listed Chemicals”), toxic chemicals found in products sold and/or distributed
27 by defendant Jo-Ann Stores, LLC (“Jo-Ann” or “Defendant”) in California.
28

1 3. DEHP is a harmful chemical known to the State of California to cause cancer and
2 reproductive toxicity. On January 1, 1988, the State of California listed DEHP as a chemical known
3 to the State to cause cancer and it has come under the purview of Proposition 65 regulations since
4 that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b).
5 On October 24, 2003, the State of California listed DEHP as a chemical known to cause
6 reproductive toxicity.

7 4. DBP is a harmful chemical known to the State of California to cause cancer and
8 Reproductive toxicity. On December 2, 2005, the State of California listed DBP as a chemical
9 known to the State to cause cancer and reproductive toxicity and it has come under the purview of
10 Proposition 65 regulations since that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety
11 Code §§ 25249.8 & 25249.10(b).

12 5. Proposition 65 requires all businesses with ten (10) or more employees that operate
13 within California or sell products therein to comply with Proposition 65 regulations. Included in
14 such regulations is the requirement that businesses must label any product containing a Proposition
15 65-listed chemical that will create an exposure above safe harbor levels with a “clear and
16 reasonable” warning before “knowingly and intentionally” exposing any person to any such listed
17 chemical.

18 6. Proposition 65 allows for civil penalties of up to \$2,500.00 per day per violation
19 for up to 365 days to be imposed upon defendants in a civil action for violations of Proposition 65.
20 Health & Safety Code § 25249.7(b). Proposition 65 also allows for any court of competent
21 jurisdiction to enjoin the actions of a defendant which “violate or threaten to violate” the statute.
22 Health & Safety Code § 25249.7.

23 7. Plaintiff alleges that Defendant distributes, sells and/or offers for sale in California,
24 without a requisite exposure warning, (a) and (b) Webster’s photo album snap ins and Cover
25 Caddies, (c) Me & My Big Ideas Hello Beautiful Bridesmaid box kits, (d) Hildie & jo 2pc. Jump
26 Ring Mandrels, and (e) Tripar Small Adjustable Easels (collectively, the “Products”) that expose
27 persons to Proposition 65 Listed Chemicals when used for their intended purpose.
28

1 8. Defendant's failure to warn consumers and other individuals in California of the
2 health hazards associated with exposure to Listed Chemicals in conjunction with the sale and/or
3 distribution of the Products is a violation of Proposition 65 and subjects Defendant to the
4 enjoinder and civil penalties described herein.

5 9. Plaintiff seeks civil penalties against Defendant for its violations of Proposition 65
6 in accordance with Health and Safety Code § 25249.7(b).

7 10. Plaintiff also seeks injunctive relief, preliminarily and permanently requiring
8 Defendant to provide purchasers or users of the Products with required warnings related to the
9 dangers and health hazards associated with exposure to the Listed Chemicals, pursuant to Health
10 and Safety Code § 25249.7(a).

11 11. Plaintiff further seeks a reasonable award of attorney's fees and costs.

12 **PARTIES**

13 12. Plaintiff is a citizen of the State of California acting in the interest of the general
14 public to promote awareness of exposures to toxic chemicals in products sold in California and to
15 improve human health by reducing hazardous substances contained in such items. She brings this
16 action in the public interest pursuant to Health and Safety Code § 25249.7(d).

17 13. Defendant Jo-Ann, through its business, effectively imports, distributes, sells,
18 and/or offers the Products for sale or use in the State of California, or it implies by its conduct that
19 it imports, distributes, sells, and/or offers the Products for sale or use in the State of California.
20 Plaintiff alleges that defendant Jo-Ann is a "person" in the course of doing business within the
21 meaning of Health & Safety Code sections 25249.6 and 25249.11.

22 **VENUE AND JURISDICTION**

23 14. Venue is proper in the County of San Francisco because one or more of the
24 instances of wrongful conduct occurred and continue to occur in this county and/or because
25 Defendant conducted, and continues to conduct, business in the County of San Francisco with
26 respect to the Products.

27 15. This Court has jurisdiction over this action pursuant to California Constitution
28 Article VI, § 10, which grants the Superior Court original jurisdiction in all causes except those

1 given by statute to other trial courts. Health and Safety Code § 25249.7 allows for the enforcement
2 of violations of Proposition 65 in any Court of competent jurisdiction; therefore, this Court has
3 jurisdiction over this lawsuit.

4 16. This Court has jurisdiction over Defendant because Defendant is either a citizen of
5 the State of California, has sufficient minimum contacts with the State of California, is registered
6 with the California Secretary of State as a foreign corporation authorized to do business in the
7 State of California, and/or has otherwise purposefully availed itself of the California market. Such
8 purposeful availment has rendered the exercise of jurisdiction by California courts consistent and
9 permissible with traditional notions of fair play and substantial justice.

10 STATUTORY BACKGROUND

11 17. The people of the State of California declared in Proposition 65 their right “[t]o be
12 informed about exposures to chemicals that cause cancer, birth defects, or other reproductive
13 harm.” (Section 1(b) of Initiative Measure, Proposition 65.)

14 18. To effect this goal, Proposition 65 requires that individuals be provided with a
15 “clear and reasonable warning” before being exposed to substances listed by the State of California
16 as causing cancer or reproductive toxicity. H&S Code § 25249.6 states, in pertinent part:

17 No person in the course of doing business shall knowingly and intentionally expose any
18 individual to a chemical known to the state to cause cancer or reproductive toxicity without
19 first giving clear and reasonable warning to such individual...

20 19. An exposure to a chemical in a consumer product is one “which results from a
21 person’s acquisition, purchase, storage, consumption or other reasonably foreseeable use of a
22 consumer good, or any exposure that results from receiving a consumer service.” (27 CCR §
23 25602, para (b).) H&S Code § 25603(c) states that “a person in the course of doing business ...
24 shall provide a warning to any person to whom the product is sold or transferred unless the product
25 is packaged or labeled with a clear and reasonable warning.”
26
27
28

1 On October 24, 2003, the State of California listed DEHP as a chemical known to cause
2 reproductive toxicity.

3 23. DBP is a harmful chemical known to the State of California to cause cancer and
4 Reproductive toxicity. On December 2, 2005, the State of California listed DBP as a chemical
5 known to the State to cause cancer and reproductive toxicity and it has come under the purview of
6 Proposition 65 regulations since that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety
7 Code §§ 25249.8 & 25249.10(b).

8 24. The exposures that are the subject of the Notice result from the purchase,
9 acquisition, handling, and recommended use of the Products.

10 25. The primary route of exposure to the Listed Chemicals is through dermal
11 absorption. Dermal absorption can occur through direct skin contact when the Products are
12 contacted with bare hands or exposed skin. Exposure through ingestion will occur by touching the
13 Products with subsequent touching of the user's hand to mouth.

14 26. Defendant has marketed, distributed, offered to sell and/or sold the Products in
15 California since at least December 7, 2021. The Products continue to be distributed and sold in
16 California without the requisite warning information.

17 27. At all times relevant to this action, Defendant has knowingly and intentionally
18 exposed users of the Products to Listed Chemicals without first giving a clear and reasonable
19 exposure warning to such individuals.

20 28. As a proximate result of acts by Defendant, as a person in the course of doing
21 business within the meaning of H&S Code § 25249.11, individuals throughout the State of
22 California, including in San Francisco County, have been exposed to Proposition 65 listed
23 chemicals without a clear and reasonable warning on the Products. The individuals subject to the
24 violative exposures include normal and foreseeable users and consumers that use the Products, as
25 well as all others exposed to the Products.

1 **SATISFACTION OF NOTICE REQUIREMENTS**

2 ***The Alleged Violations of Health and Safety Code § 25249.6 to Jo-Ann***

3 29. Plaintiff purchased the Products from Jo-Ann. At the time of the purchases, Jo-Ann
4 did not provide a Proposition 65 exposure warning for Listed Chemicals in a manner consistent
5 with H&S Code § 25603.1 as described *supra*.

6 30. Each Product was sent to a testing laboratory² to determine the phthalate content of
7 the Products.

8 31. The results of these analyses³ determined the Products expose users to phthalates
9 (each, a “Chemical Test Report,” collectively, the “Chemical Test Reports”).

10 32. Plaintiff provided the Chemical Test Reports and each Product to an analytical
11 chemist to determine if, based on the findings of the Chemical Test Reports and the reasonable
12 and foreseeable use of the Products, exposure to the Listed Chemicals will occur at levels that
13 require Proposition 65 warnings under the Clear and Reasonable Warnings section 25601 of Title
14 27 of the California Code of Regulations.

15 33. Plaintiff received from the analytical chemist an exposure assessment report for
16 each Product which concluded that persons in California who use the Products will be exposed to
17 levels of Listed Chemicals that require a Proposition 65 exposure warning.

18 34. On December 7, 2021 (Webster’s Snap-ins pouches) (Exhibit A), December 20,
19 2021 (Webster’s Cover Caddy) (Exhibit B), February 4, 2022 (Hello Beautiful kits) (Exhibit C),

26 and the Tripar Small Adjustable Easels Chemical Test Report determined the Product exposes users to DBP.

27 ³ The Webster’s photo album snap ins Chemical Test Report was provided to Plaintiff on November 30, 2021;

1 Adjustable Easels) (Exhibit E) Plaintiff gave notice of alleged violation of Health and Safety Code
2 § 25249.6 (collectively, the “Notices”) to Defendant concerning the exposure of California citizens
3 to Listed Chemicals from use of the Products without proper warning, subject to a private action
4 to Defendant and to the California Attorney General’s office and the offices of the County District
5 attorneys and City Attorneys for each city with a population greater than 750,000 persons wherein
6 the herein violations allegedly occurred. See attached at Exhibits “A” – “E” a true and correct copy
7 of the each Notice.

8 35. The Notices complied with all procedural requirements of Proposition 65 including
9 the attachment of a Certificate of Merit affirming that Plaintiff’s counsel had consulted with at
10 least one person with relevant and appropriate expertise who reviewed relevant data regarding
11 Listed Chemicals exposure, and that counsel believed there was meritorious and reasonable cause
12 for a private action.

13 36. After receiving the Notices, and to Plaintiff’s best information and belief, none of
14 the noticed appropriate public enforcement agencies have commenced and diligently prosecuted a
15 cause of action against Defendant under Proposition 65 to enforce the alleged violations which are
16 the subject of the Notices.

17 37. Plaintiff is commencing this action more than sixty (60) days from the date of each
18 Notice to Defendant, as required by law.

19 **FIRST CAUSE OF ACTION**

20 **(By Plaintiff against Defendant for the Violation of Proposition 65)**

21 38. Plaintiff hereby repeats and incorporates by reference paragraphs 1 through 37 of
22 this Complaint as though fully set forth herein.

23 39. Defendant has, at all times mentioned herein, acted as distributor, and/or retailer of
24 the Products.

25 40. Use of the Products will expose users and consumers thereof to Listed Chemicals,
26 hazardous chemicals found on the Proposition 65 list of chemicals known to be hazardous to
27 human health.

28 41. The Products do not comply with the Proposition 65 warning requirements.

1 42. Plaintiff, based on her best information and belief, avers that at all relevant times
2 herein, and at least December 7, 2021, continuing until the present, that Defendant has continued
3 to knowingly and intentionally expose California users and consumers of the Products to Listed
4 Chemicals without providing required warnings under Proposition 65.

5 43. The exposures that are the subject of the Notices result from the purchase,
6 acquisition, handling and recommended use of the Products. The primary route of exposure to
7 these chemicals is through dermal absorption. Dermal absorption of the Listed Chemicals can
8 occur through direct skin contact when the Products are contacted with bare hands or exposed skin.
9 Exposure through ingestion will occur by touching the Products with subsequent touching of the
10 user's hand to mouth, or direct contact with the user's mouth.

11 44. Plaintiff, based on her best information and belief, avers that such exposures will
12 continue every day until clear and reasonable warnings are provided to purchasers and users or
13 until this known toxic chemical is removed from the Products.

14 45. Defendant has knowledge that the normal and reasonably foreseeable use of the
15 Products exposes individuals to Listed Chemicals, and Defendant intends that exposures to Listed
16 Chemicals will occur by its deliberate, non-accidental participation in the importation, distribution,
17 sale and offering of the Products to consumers in California

18 46. Plaintiff has engaged in good faith efforts to resolve the herein claims prior to this
19 Complaint.

20 47. Pursuant to Health and Safety Code § 25249.7(b), as a consequence of the above
21 described acts, Defendant is liable for a maximum civil penalty of \$2,500 per day per violation.

22 48. Pursuant to Health and Safety Code § 25249.7(a), this Court is specifically
23 authorized to grant injunctive relief in favor of Plaintiff and against Defendant.

1 **PRAYER FOR RELIEF**

2 WHEREFORE, Plaintiff demands judgment against Defendant and requests the following
3 relief:

4 A. That the court assess civil penalties against defendant in the amount of \$2,500 per
5 day for each violation for up to 365 days in accordance with Health and Safety Code §
6 25249.7(b);

7 B. That the court preliminarily and permanently enjoin Defendant, mandating
8 Proposition 65 compliant warnings on the Products;

9 C. That the court grant Plaintiff reasonable attorney's fees and costs of suit, in the
10 amount of \$50,000.00.

11 D. That the court grant any further relief as may be just and proper.

60-Day Notice of Violation of California Safe Drinking Water and Toxic Enforcement Act¹

To Whom It May Concern:

This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health & Safety Code § 25249.7(d).

Brodsky & Smith ("Brodsky Smith") represents Precila Balabbo ("Balabbo"), a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals from use of consumer products sold in California and to improve human health and the environment by reducing hazardous substances.

With respect to the Product herein, Balabbo has identified a violation of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65") codified at Cal. Health & Safety Code § 25249.5, et seq. This violation has occurred and continues to occur because the alleged Violator(s) failed to provide a clear and reasonable health hazard warning in connection with the sale or use of the Product in California. Health & Safety Code § 25249.6 provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual ..." Without proper warnings regarding the toxic effects of exposures to the Listed Chemical resulting from use of the Product, California citizens lack the information necessary to make informed decisions on whether and/or how to eliminate (or reduce) the risk of exposure to the Listed Chemical from the reasonably foreseeable use of the Product.

I. DESCRIPTION OF THE VIOLATION

¹ The public enforcement agencies that have been served with copies of this Notice are identified in the attached distribution list accompanying the Certificate of Service.

1. **Enforcer:** Precila Balabbo, 285 W. 6th Street, Unit 209, San Pedro, CA 90731; (Ph) 818-434-4023.

3. **Time Period of Exposure:** Violations have been occurring since at least February 8, 2022 and are continuing to this day.
4. **Listed Chemical:** Di(2-ethylhexyl) phthalate (DEHP). DEHP is listed under Proposition 65 as a chemical known to the State to cause cancer and reproductive toxicity.
5. **Product:**

Jump ring mandrel	hildie & jo 2pc. Jump Ring Mandrel 7868337868334

6. **Description of Exposure:** The exposures that are the subject of this Notice result from the purchase, acquisition, handling and recommended use of the Product. The primary route of exposure to the Listed Chemical is through dermal absorption directly through the skin when consumers use, touch, or handle the Products. Some amount of exposure through ingestion can occur by touching the Product with subsequent touching of the user's hand to mouth. No clear and reasonable warning is provided with the Products regarding the health hazards of exposure to the Listed Chemical.

II. PROPOSITION 65 INFORMATION

For the Violators' reference, enclosed is a copy of "Proposition 65: A Summary" that has been prepared by the Office of Environmental Health Hazard Assessment ("OEHHA"). For more information concerning the provisions of Proposition 65, contact OEHHA at 916.445.6900.

III. RESOLUTION OF THE CLAIMS

Based on the allegations set forth in this Notice, Brodsky Smith intends to file a citizen enforcement lawsuit on behalf of Balabbo against the alleged Violator(s) unless such Violator(s) agree in a binding written agreement to: (1) recall Products already sold; (2) provide Proposition 65 compliant exposure warnings for Products sold in the future or reformulate the Products to eliminate exposures to the Listed Chemical; and (3) pay an appropriate civil penalty based on the factors enumerated in Health & Safety Code § 25249.7(b). Consistent with the public interest goals of Proposition 65 and the desire to have these violations of California law quickly rectified, Balabbo is interested in seeking a constructive resolution of the claims in this Notice without engaging in costly and protracted litigation.

² The specifically identified example of the Product in this Notice is to assist the recipients' investigation of, among other things, the magnitude of potential exposures to the Listed Chemical from other items within the definition of Products. This example is not intended to be an exhaustive or comprehensive identification of each specific offending Product. It is Balabbo's position that the alleged Violators are obligated to conduct a good faith investigation into other Products that may have been manufactured, distributed, sold, shipped, stored (or otherwise within the alleged Violators' custody or control) during the relevant period to ensure that requisite health hazard warnings were and are provided to California citizens prior to purchase and use.

Balabbo has retained me as legal counsel in connection with this Notice. Please direct all communications regarding this Notice to my attention at Brodsky & Smith, 9595 Wilshire Blvd., Ste. 900, Beverly Hills, CA 90212, (877) 534-2590, esmith@brodskysmith.com.

60-Day Notice of Violation of California Safe Drinking Water and Toxic Enforcement Act¹

To Whom It May Concern:

This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health & Safety Code § 25249.7(d).

Brodsky & Smith, LLC ("Brodsky Smith") represents Precila Balabbo ("Balabbo"), a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals from use of consumer products sold in California and to improve human health and the environment by reducing hazardous substances.

With respect to the Product herein, Balabbo has identified a violation of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65") codified at Cal. Health & Safety Code § 25249.5, et seq. This violation has occurred and continues to occur because the alleged Violator(s) failed to provide a clear and reasonable health hazard warning in connection with the sale or use of the Product in California. Health & Safety Code § 25249.6 provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual ..." Without proper warnings regarding the toxic effects of exposures to the Listed Chemical resulting from use of the Product, California citizens lack the information necessary to make informed decisions on whether and/or how to eliminate (or reduce) the risk of exposure to the Listed Chemical from the reasonably foreseeable use of the Product.

I. DESCRIPTION OF THE VIOLATION

¹ The public enforcement agencies that have been served with copies of this Notice are identified in the attached distribution list accompanying the Certificate of Service.

1. **Enforcer:** Precila Balabbo, 285 6th Street, Unit 209, San Pedro, CA 90731; (P): 818-434-4023
2. **Alleged Violator(s):** Tripar International, Inc.; Jo-Ann Stores, LLC
3. **Time Period of Exposure:** Violations have been occurring since at least June 8, 2022 and are continuing to this day.
4. **Listed Chemical:** Di-n-butyl phthalate (DBP). DBP is listed under Proposition 65 as a chemical known to the State to cause birth defects or other reproductive harm.
5. **Product:**

Product ²	Non- Exclusive Examples of the Product
Adjustable Easel	Tripar Small Adjustable Easel UPC# 025403816331

6. **Description of Exposure:** The exposures that are the subject of this Notice result from the purchase, acquisition, handling and recommended use of the Product. The primary route of exposure to the Listed Chemical is through dermal absorption directly through the skin when consumers use, touch, or handle the Products. Some amount of exposure through ingestion can occur by touching the Product with subsequent touching of the user's hand to mouth. No clear and reasonable warning is provided with the Products regarding the health hazards of exposure to the Listed Chemical.

II. PROPOSITION 65 INFORMATION

For the Violators' reference, enclosed is a copy of "Proposition 65: A Summary" that has been prepared by the Office of Environmental Health Hazard Assessment ("OEHHA"). For more information concerning the provisions of Proposition 65, contact OEHHA at 916.445.6900.

III. RESOLUTION OF THE CLAIMS

Based on the allegations set forth in this Notice, Brodsky Smith intends to file a citizen enforcement lawsuit on behalf of Balabbo against the alleged Violator(s) unless such Violator(s) agree in a binding written agreement to: (1) recall Products already sold; (2) provide Proposition 65 compliant exposure warnings for Products sold in the future or reformulate the Products to eliminate exposures to the Listed Chemical; and (3) pay an appropriate civil penalty based on the factors enumerated in Health & Safety Code § 25249.7(b). Consistent with the public interest goals of Proposition 65 and the desire to have these violations of California law quickly rectified, Balabbo is interested in seeking a constructive resolution of the claims in this Notice without engaging in costly and protracted litigation.

² The specifically identified example of the Product in this Notice is to assist the recipients' investigation of, among other things, the magnitude of potential exposures to the Listed Chemical from other items within the definition of Products. Balabbo has retained me as legal counsel in connection with this Notice. **Please direct all communications regarding this Notice to my attention at Brodsky & Smith, LLC, 9595 Wilshire Blvd., Ste. 900, Beverly Hills, CA 90212, (877) 534-2590, esmith@brodskysmith.com.**
