16 **IN AND FOR THE COUNTY OF SAN FRANCISCO**

17 ENVIRONMENTAL HEALTH ADVOCATES,
18 INC.,

19 Plaintiff,

20 v.

21 KARITY LLC, a New Jersey limited liability
22 company; and DOES 1 through 100, inclusive,

23 Defendant.

Case No.:

**COMPLAINT FOR CIVIL PENALTIES
AND INJUNCTIVE RELIEF**

(Health & Safety Code § 25249.6 et seq.)

I.

INTRODUCTION

1
2
3 1. This Complaint is a representative action brought by Environmental Health Advocates,
4 Inc. (“Plaintiff”) in the public interest of the citizens of the State of California (“the People”). Plaintiff
5 seeks to remedy Defendant’s failure to inform the People of exposure to Titanium Dioxide (airborne,
6 unbound particles of respirable size) (“TiO2”), a known carcinogen. Defendant exposes consumers to
7 TiO2 by manufacturing, importing, selling, and/or distributing powdered makeup products including
8 but not limited to the Karity 21 Shadow in Matte (“Products”). Defendant knows and intends that
9 customers will use Products containing TiO2. Below are pictures of TiO2 particles found in an exemplar
10 of Defendant’s Products:

21 2. Under California’s Safe Drinking Water and Toxic Enforcement Act of 1986, California
22 Health and Safety Code, section 25249.6 et seq. (“Proposition 65”), “[n]o person in the course of doing
23 business shall knowingly and intentionally expose any individual to a chemical known to the state to
24 cause cancer or reproductive toxicity without first giving clear and reasonable warning to such
25 individual. . . .” (Health & Safety Code, § 25249.6.)

26 3. California identified and listed Titanium Dioxide (airborne, unbound particles of
27 respirable size) (“TiO2”) as a chemical known to cause cancer as early as September 2, 2011.

28 4. Defendant failed to sufficiently warn consumers and individuals in California about

1 potential exposure to TiO2 in connection with Defendant’ manufacture, import, sale, or distribution of
2 Products. This is a violation of Proposition 65.

3 5. Plaintiff seeks injunctive relief compelling Defendant to sufficiently warn consumers in
4 California before exposing them to TiO2 in Products. (Health & Safety Code, § 25249.7(a).) Plaintiff
5 also seeks civil penalties against Defendant for its violations of Proposition 65 along with attorney’s
6 fees and costs. (Health & Safety Code, § 25249.7(b).)

7 **II.**

8 **PARTIES**

9 6. Plaintiff ENVIRONMENTAL HEALTH ADVOCATES, INC. (“Plaintiff”) is a
10 corporation in the State of California dedicated to protecting the health of California citizens through
11 the elimination or reduction of toxic exposure from consumer products. It brings this action in the public
12 interest pursuant to Health and Safety Code, section 25249.7.

13 7. Defendant KARITY LLC (“Karity”) is a limited liability company organized and
14 existing under the laws of New Jersey. Karity is registered to do business in California, and does
15 business in the County of San Francisco, within the meaning of Health and Safety Code, section
16 25249.11. Karity manufactures, imports, sells, or distributes the Products in California and San
17 Francisco County.

18 8. Plaintiff does not know the true names and/or capacities, whether individual, partners,
19 or corporate, of the Defendant sued herein as DOES 1 through 100, inclusive, and for that reason sues
20 said Defendant under fictitious names. Plaintiff will seek leave to amend this Complaint when the true
21 names and capacities of these Defendant have been ascertained. Plaintiff is informed and believes and
22 thereon alleges that these Defendant is responsible in whole or in part for the remedies and penalties
23 sought herein.

24 9. At all times mentioned, Defendant were the agents, alter egos, servants, joint venturers,
25 joint employers, or employees for each other. Defendant acted with the consent of the other Co-
26 Defendant and acted within the course, purpose, and scope of their agency, service, or employment. All
27 conduct was ratified by Defendant, and each of them.

III.

VENUE AND JURISDICTION

10. California Constitution Article VI, Section 10 grants the Superior Court original jurisdiction in all cases except those given by statute to other trial courts. The Health and Safety Code statute upon which this action is based does not give jurisdiction to any other court. As such, this Court has jurisdiction.

11. Venue is proper in San Francisco County Superior Court pursuant to Code of Civil Procedure, sections 394, 395, and 395.5. Wrongful conduct occurred and continues to occur in this County. Defendant conducted and continues to conduct business in this County as it relates to Products.

12. Defendant has sufficient minimum contacts in the State of California or otherwise purposefully avails itself of the California market. Exercising jurisdiction over Defendant would be consistent with traditional notions of fair play and substantial justice.

IV.

CAUSES OF ACTION

FIRST CAUSE OF ACTION

(Violation of Proposition 65 – Against all Defendant)

13. Plaintiff incorporates by reference each and every allegation contained above.

14. Proposition 65 mandates that citizens be informed about exposures to chemicals that cause cancer, birth defects, and other reproductive harm.

15. Defendant manufactured, imported, sold, and/or distributed Products containing TiO₂ in violation of Health and Safety Code, section 25249.6 et seq. Plaintiff is informed and believes such violations have continued after receipt of the Notice (defined *infra*) and will continue to occur into the future.

16. In manufacturing, importing, selling, and/or distributing Products, Defendant failed to provide a clear and reasonable warning to consumers and individuals in California who may be exposed to TiO₂ through reasonably foreseeable use of the Products.

1 17. Products expose individuals to TiO₂ through direct inhalation. This exposure is a natural
2 and foreseeable consequence of Defendant placing Products into the stream of commerce. As such,
3 Defendant intends that consumers will use Products, exposing them to TiO₂.

4 18. Defendant knew or should have known that the Products contained TiO₂ and exposed
5 individuals to TiO₂ in the way provided above. The Notice informed Defendant of the presence of TiO₂
6 in the Products. Likewise, media coverage concerning TiO₂ and related chemicals in consumer products
7 provided constructive notice to Defendant.

8 19. Defendant's actions in this regard were deliberate and not accidental.

9 20. More than sixty days prior to naming each defendant in this lawsuit, Plaintiff issued a
10 60-Day Notice of Violation ("Notice") as required by and in compliance with Proposition 65. Plaintiff
11 provided the Notice to the various required public enforcement agencies along with a certificate of merit.
12 The Notice alleged that Defendant violated Proposition 65 by failing to sufficiently warn consumers in
13 California of the health hazards associated with exposures to TiO₂ contained in the Products.

14 21. The appropriate public enforcement agencies provided with the Notice failed to
15 commence and diligently prosecute a cause of action against Defendant.

16 22. Individuals exposed to TiO₂ contained in Products through inhalation resulting from
17 reasonably foreseeable use of the Products have suffered and continue to suffer irreparable harm. There
18 is no other plain, speedy, or adequate remedy at law.

19 23. Defendant is liable for a maximum civil penalty of \$2,500 per day for each violation of
20 Proposition 65 pursuant to Health and Safety Code, section 252497(b). Injunctive relief is also
21 appropriate pursuant to Health and Safety Code, section 25249.7(a).

26
27
28

1 **PRAYER FOR RELIEF**

2 Wherefore, Plaintiff prays for judgment against Defendant as follows:

3 1. Civil penalties in the amount of \$2,500 per day for each violation. Plaintiff alleges that
4 damages total a minimum of \$1,000,000;

5 2. A preliminary and permanent injunction against Defendant from manufacturing,
6 importing, selling, and/or distributing Products in California without providing a clear and reasonable
7 warning as required by Proposition 65 and related Regulations;

8 3. Reasonable attorney's fees and costs of suit; and

9 4. Such other and further relief as may be just and proper.

10
11 Respectfully submitted:

12 Dated: January 10, 2023
