9 SUPERIOR COURT OF THE STATE OF CALIFORNIA

10 COUNTY OF SAN FRANCISCO

CGC-25-622552

11 GABRIEL ESPINOZA,

12 Plaintiff,

13 vs.

14 GIBSON OVERSEAS, INC.,

15 Defendant.

Case No.:

**COMPLAINT FOR CIVIL PENALTIES AND
INJUNCTIVE RELIEF**

**(Violation of Health & Safety Code § 25249.5 et
seq.)**

16 Plaintiff Gabriel Espinoza (“Plaintiff”), by and through his attorneys, alleges the following
17 cause of action in the public interest of the citizens of the State of California.

18 **BACKGROUND OF THE CASE**

19 1. Plaintiff brings this representative action on behalf of all California citizens to
20 enforce relevant portions of Safe Drinking Water and Toxic Enforcement Act of 1986, codified at
21 the Health and Safety Code § 25249.5 et seq (“Proposition 65”), which reads, in relevant part,
22 “[n]o person in the course of doing business shall knowingly and intentionally expose any
23 individual to a chemical known to the state to cause cancer or reproductive toxicity without first
24 giving clear and reasonable warning to such individual ...”. Health & Safety Code § 25249.6.

25 2. This complaint is a representative action brought by Plaintiff in the public interest
26 of the citizens of the State of California to enforce the People’s right to be informed of the health
27 hazards caused by exposure to lead, a toxic chemical found in *The Pioneer Woman*® sweet
28 romance blossoms double butter dishes sold and/or distributed by defendant Gibson Overseas, Inc.
29 (“Gibson” or “Defendant”) in California.

1 3. Lead is a harmful chemical known to the State of California to cause cancer and
2 birth defects or other reproductive harm. On October 1, 1992, the state of California listed lead as
3 a chemical known to cause cancer and it has come under the purview of Proposition 65 regulations
4 since that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 &
5 25249.10(b). On February 27, 1987, the State of California listed lead as a chemical known to
6 cause birth defects or other reproductive harm.

7 4. Proposition 65 requires all businesses with ten (10) or more employees that operate
8 within California or sell products therein to comply with Proposition 65 regulations. Included in
9 such regulations is the requirement that businesses must label any product containing a Proposition
10 65-listed chemical that will create an exposure above safe harbor levels with a “clear and
11 reasonable” warning before “knowingly and intentionally” exposing any person to any such listed
12 chemical.

13 5. Proposition 65 allows for civil penalties of up to \$2,500.00 per day per violation
14 for up to 365 days (up to a maximum civil penalty amount per violation of \$912,000.00) to be
15 imposed upon defendant in a civil action for violations of Proposition 65. Health & Safety Code §
16 25249.7(b). Proposition 65 also allows for any court of competent jurisdiction to enjoin the actions
17 of a defendant which “violate or threaten to violate” the statute. Health & Safety Code § 25249.7.

18 6. Plaintiff alleges that Defendant distributes and/or offers for sale in California,
19 without a requisite exposure warning, *The Pioneer Woman*® sweet romance blossoms double
20 butter dishes (the “Products”) that expose persons to lead when used for their intended purpose.

21 7. Defendant’s failure to warn consumers and other individuals in California of the
22 health hazards associated with exposure to lead in conjunction with the sale and/or distribution of
23 the Products is a violation of Proposition 65 and subjects Defendant to the enjoinder and civil
24 penalties described herein.

25 8. Plaintiff seeks civil penalties against Defendant for its violations of Proposition 65
26 in accordance with Health and Safety Code § 25249.7(b).

27 9. Plaintiff also seeks injunctive relief, preliminarily and permanently, requiring
28 Defendant to provide purchasers or users of the Products with required warnings related to the

1 dangers and health hazards associated with exposure to lead pursuant to Health and Safety Code §
2 25249.7(a).

3 10. Plaintiff further seeks a reasonable award of attorney's fees and costs.

4 **PARTIES**

5 11. Plaintiff is a citizen of the State of California acting in the interest of the general
6 public to promote awareness of exposures to toxic chemicals in products sold in California and to
7 improve human health by reducing hazardous substances contained in such items. He brings this
8 action in the public interest pursuant to Health and Safety Code § 25249.7(d).

9 12. Defendant Gibson Overseas, Inc., through its business, effectively imports,
10 distributes, sells, and/or offers the Products for sale or use in the State of California, or it implies
11 by its conduct that it imports, distributes, sells, and/or offers the Products for sale or use in the
12 State of California. Plaintiff alleges that defendant Gibson Overseas, Inc. is a "person" in the
13 course of doing business within the meaning of Health & Safety Code sections 25249.6 and
14 25249.11.

15 **VENUE AND JURISDICTION**

16 13. Venue is proper in the County of San Francisco because one or more of the
17 instances of wrongful conduct occurred, and continue to occur in this county and/or because
18 Defendant conducted, and continues to conduct, business in the County of San Francisco with
19 respect to the Products.

20 14. This Court has jurisdiction over this action pursuant to California Constitution
21 Article VI, § 10, which grants the Superior Court original jurisdiction in all causes except those
22 given by statute to other trial courts. Health and Safety Code § 25249.7 allows for the enforcement
23 of violations of Proposition 65 in any Court of competent jurisdiction; therefore, this Court has
24 jurisdiction over this lawsuit.

25 15. This Court has jurisdiction over Defendant because Defendant is either a citizen of
26 the State of California, has sufficient minimum contacts with the State of California, is registered
27 with the California Secretary of State as foreign corporations authorized to do business in the State
28 of California, and/or has otherwise purposefully availed itself of the California market. Such

1 purposeful availment has rendered the exercise of jurisdiction by California courts consistent and
2 permissible with traditional notions of fair play and substantial justice.

3 **STATUTORY BACKGROUND**

4 16. The people of the State of California declared in Proposition 65 their right “[t]o be
5 informed about exposures to chemicals that cause cancer, birth defects, or other reproductive
6 harm.” (Section 1(b) of Initiative Measure, Proposition 65.)

7 17. To effect this goal, Proposition 65 requires that individuals be provided with a
8 “clear and reasonable warning” before being exposed to substances listed by the State of California
9 as causing cancer and/or birth defects or other reproductive harm. H&S Code § 25249.6 states, in
10 pertinent part:

11 No person in the course of doing business shall knowingly and intentionally expose any
12 individual to a chemical known to the state to cause cancer or reproductive toxicity without
13 first giving clear and reasonable warning to such individual...

14 18. An exposure to a chemical in a consumer product is one “which results from a
15 person’s acquisition, purchase, storage, consumption or other reasonably foreseeable use of a
16 consumer good, or any exposure that results from receiving a consumer service.” (27 CCR §
17 25602, para (b).) H&S Code § 25603(c) states that “a person in the course of doing business ...
18 shall provide a warning to any person to whom the product is sold or transferred unless the product
19 is packaged or labeled with a clear and reasonable warning.”

20 19. Pursuant to H&S Code § 25603.1, the warning may be provided by using one or
21 more of the following methods individually or in combination:¹

- 22 a. A warning that appears on a product’s label or other labeling.
- 23 b. Identification of the product at the retail outlet in a manner which provides
24 a warning. Identification may be through shelf labeling, signs, menus, or a combination
25 thereof.

26
27 ¹ Alternatively, a person in the course of doing business may elect to comply with the warning
28 requirements set out in the amended version of 27 CCR 25601, *et.seq.* as amended on August 30,
2016, and operative on August 30, 2018.

1 38. The Product does not comply with the Proposition 65 warning requirements.

2 39. Plaintiff, based on his best information and belief, avers that at all relevant times
3 herein, and at least since January 30, 2024, continuing until the present, that Defendant has
4 continued to knowingly and intentionally expose California users and consumers of the Product to
5 lead without providing required warnings under Proposition 65.

6 40. The exposures that are the subject of the Notice result from the purchase,
7 acquisition, handling and recommended use of the Product. The primary route of exposure to the
8 is through dermal absorption directly through the skin when consumers use, touch, or handle the
9 Products. Exposure through ingestion will occur by touching the Product with subsequent touching
10 of the user's hand to mouth. No clear and reasonable warning is provided with the Products
11 regarding the health hazards of exposure.

12 41. Plaintiff, based on his best information and belief, avers that such exposures will
13 continue every day until clear and reasonable warnings are provided to purchasers and users or
14 until this known toxic chemical is removed from the Products.

15 42. Defendant has knowledge that the normal and reasonably foreseeable use of the
16 Products exposes individuals to lead, and Defendant intends that exposures to lead will occur by
17 its deliberate, non-accidental participation in the importation, distribution, sale and offering of the
18 Products to consumers in California

19 43. Plaintiff has engaged in good faith efforts to resolve the herein claims prior to this
20 Complaint.

21 44. Pursuant to Health and Safety Code § 25249.7(b), as a consequence of the above
22 described acts, Defendant is liable for a maximum civil penalty of \$2,500 per day per violation.

23 45. Pursuant to Health and Safety Code § 25249.7(a), this Court is specifically
24 authorized to grant injunctive relief in favor of Plaintiff and against Defendant.

1 **PRAYER FOR RELIEF**

2 WHEREFORE, Plaintiff demands judgment against Defendant and requests the following
3 relief:

4 A. That the court assess civil penalties against Defendant in the amount of \$2,500 per
5 day for each violation for up to 365 days (up to a maximum civil penalty amount per
6 violation of \$912,000.00) in accordance with Health and Safety Code § 25249.7(b);

7 B. That the court preliminarily and permanently enjoin Defendant mandating
8 Proposition 65 compliant warnings on the Products;

9 C. That the court grant Plaintiff reasonable attorney's fees and costs of suit, in the
10 amount of \$50,000.00.

11 D. That the court grant any further relief as may be just and proper.
