SUPERIOR COURT OF THE STATE OF CALIFORNIA
COUNTY OF SAN FRANCISCO

PRECILA BALABBO,

Plaintiff,

vs.

TARTE, INC., ULTA SALON,
COSMETICS & FRAGRANCE, INC.,

Defendants.

Case No.:

CGC-25-626995

**COMPLAINT FOR CIVIL PENALTIES AND
INJUNCTIVE RELIEF**

**(Violation of Health & Safety Code § 25249.5 et
seq.)**

Plaintiff Precila Balabbo ("Plaintiff"), by and through her attorneys, alleges the following cause of action in the public interest of the citizens of the State of California.

BACKGROUND OF THE CASE

1. Plaintiff brings this representative action on behalf of all California citizens to enforce relevant portions of Safe Drinking Water and Toxic Enforcement Act of 1986, codified at the Health and Safety Code § 25249.5 et seq ("Proposition 65"), which reads, in relevant part, "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer without first giving clear and reasonable warning to such individual ...". Health & Safety Code § 25249.6.

2. This complaint is a representative action brought by Plaintiff in the public interest of the citizens of the State of California to enforce the People's right to be informed of the health hazards caused by exposure to diethanolamine (DEA), a toxic chemical found in lash primers/mascaras, including but not limited to Tarte™ Opening Act lash primers, UPC #

1 846733012459 sold and/or distributed by defendant Tarte, Inc. and/or defendant Ulta Salon,
2 Cosmetics & Fragrance, Inc. (collectively, "Defendants" and each a "Defendant") in California.

3 3. DEA is a harmful chemical known to the State of California to cause cancer. On
4 June 22, 2012, the State of California listed DEA as a chemical known to the State to cause cancer
5 and it has come under the purview of Proposition 65 regulations since that time. Cal. Code Regs.
6 Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b).

7 4. Proposition 65 requires all businesses with ten (10) or more employees that operate
8 within California or sell products therein to comply with Proposition 65 regulations. Included in
9 such regulations is the requirement that businesses must label any product containing a Proposition
10 65-listed chemical that will create an exposure above safe harbor levels with a "clear and
11 reasonable" warning before "knowingly and intentionally" exposing any person to any such listed
12 chemical.

13 5. Proposition 65 allows for civil penalties of up to \$2,500.00 per day per violation
14 for up to 365 days (up to a maximum civil penalty amount per violation of \$912,000.00) to be
15 imposed upon defendants in a civil action for violations of Proposition 65. Health & Safety Code
16 § 25249.7(b). Proposition 65 also allows for any court of competent jurisdiction to enjoin the
17 actions of a defendant which "violate or threaten to violate" the statute. Health & Safety Code §
18 25249.7.

19 6. Plaintiff alleges that Defendants distribute and/or offer for sale in California,
20 without a requisite exposure warning, lash primers/mascaras, including but not limited to *Tarte*™
21 Opening Act lash primers, UPC # 846733012459 (the "Products") that expose persons to DEA
22 when used for their intended purpose.

23 7. Defendants' failure to warn consumers and other individuals in California of the
24 health hazards associated with exposure to DEA in conjunction with the sale and/or distribution
25 of the Products is a violation of Proposition 65 and subjects Defendants to the enjoinder and civil
26 penalties described herein.

27 8. Plaintiff seeks civil penalties against Defendants for their violations of Proposition
28 65 in accordance with Health and Safety Code § 25249.7(b).

9. Plaintiff also seeks injunctive relief, preliminarily and permanently, requiring Defendants to provide purchasers or users of the Products with required warnings related to the dangers and health hazards associated with exposure to DEA pursuant to Health and Safety Code § 25249.7(a).

PARTIES

13. Defendant Ulta Salon, Cosmetics & Fragrance, Inc., through its business, effectively imports, distributes, sells, and/or offers the Products for sale or use in the State of California, or it implies by its conduct that it imports, distributes, sells, and/or offers the Products for sale or use in the State of California. Plaintiff alleges that defendant Ulta Salon, Cosmetics & Fragrance, Inc. is a “person” in the course of doing business within the meaning of Health & Safety Code sections 25249.6 and 25249.11.

VENUE AND JURISDICTION

15. This Court has jurisdiction over this action pursuant to California Constitution Article VI, § 10, which grants the Superior Court original jurisdiction in all causes except those

1 given by statute to other trial courts. Health and Safety Code § 25249.7 allows for the enforcement
2 of violations of Proposition 65 in any Court of competent jurisdiction; therefore, this Court has
3 jurisdiction over this lawsuit.

4 16. This Court has jurisdiction over Defendants because each Defendant is either a
5 citizen of the State of California, has sufficient minimum contacts with the State of California, is
6 registered with the California Secretary of State as foreign corporations authorized to do business
7 in the State of California, and/or has otherwise purposefully availed itself of the California market.
8 Such purposeful availment has rendered the exercise of jurisdiction by California courts consistent
9 and permissible with traditional notions of fair play and substantial justice.

10 **STATUTORY BACKGROUND**

11 17. The people of the State of California declared in Proposition 65 their right “[t]o be
12 informed about exposures to chemicals that cause cancer, birth defects, or other reproductive
13 harm.” (Section 1(b) of Initiative Measure, Proposition 65.)

14 18. To effect this goal, Proposition 65 requires that individuals be provided with a
15 “clear and reasonable warning” before being exposed to substances listed by the State of California
16 as causing cancer and birth defects or other reproductive harm. H&S Code § 25249.6 states, in
17 pertinent part:

18 No person in the course of doing business shall knowingly and intentionally expose any
19 individual to a chemical known to the state to cause cancer or reproductive toxicity without
first giving clear and reasonable warning to such individual...

20 19. An exposure to a chemical in a consumer product is one “which results from a
21 person’s acquisition, purchase, storage, consumption or other reasonably foreseeable use of a
22 consumer good, or any exposure that results from receiving a consumer service.” (27 CCR §
23 25602, para (b).) H&S Code § 25603(c) states that “a person in the course of doing business ...
24 shall provide a warning to any person to whom the product is sold or transferred unless the product
25 is packaged or labeled with a clear and reasonable warning.”
26
27
28

20. Pursuant to H&S Code § 25603.1, the warning may be provided by using one or more of the following methods individually or in combination:¹

- a. A warning that appears on a product's label or other labeling.
- b. Identification of the product at the retail outlet in a manner which provides a warning. Identification may be through shelf labeling, signs, menus, or a combination thereof.
- c. The warnings provided pursuant to subparagraphs (a) and (b) shall be prominently placed upon a product's labels or other labeling or displayed at the retail outlet with such conspicuousness, as compared with other words, statements, designs, or devices in the label, labeling or display as to render it likely to be read and understood by an ordinary individual under customary conditions of purchase or use.
- d. A system of signs, public advertising identifying the system and toll-free information services, or any other system that provides clear and reasonable warnings.

21. Proposition 65 provides that any “person who violates or threatens to violate” the statute may be enjoined in a court of competent jurisdiction. (H&S Code § 25249.7.) The phrase “threaten to violate” is defined to mean creating “a condition in which there is a substantial probability that a violation will occur.” (H&S Code § 25249.11(e).) Violators are liable for civil penalties of up to \$2,500.00 per day for each violation of the Act (H&S Code § 25249.7) for up to 365 days (up to a maximum civil penalty amount per violation of \$912,000.00).

FACTUAL BACKGROUND

22. On June 22, 2012, the State of California listed DEA as a chemical known to the State to cause cancer and it has come under the purview of Proposition 65 regulations since that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b).

¹ Alternatively, a person in the course of doing business may elect to comply with the warning requirements set out in the amended version of 27 CCR 25601, *et.seq.*, as amended on August 30, 2016, and operative on August 30, 2018.

1 23. The exposures that are the subject of the Notice result from the purchase,
2 acquisition, handling and recommended use of the Product. The primary route of exposure to DEA
3 is through dermal exposure. Some amount of exposure through ingestion can occur by touching
4 the Product with subsequent touching of the user's hand to mouth. No clear and reasonable warning
5 is provided with the Products regarding the health hazards of exposure to DEA.

6 24. Defendants have manufactured, processed, marketed, distributed, offered to sell
7 and/or sold the Products in California since at least July 19, 2024. The Products continue to be
8 distributed and sold in California without the requisite warning information.

9 25. At all times relevant to this action, Defendants have knowingly and intentionally
10 exposed users of the Products to DEA without first giving a clear and reasonable exposure warning
11 to such individuals.

12 26. As a proximate result of acts by each Defendant, as a person in the course of doing
13 business within the meaning of H&S Code § 25249.11, individuals throughout the State of
14 California, including in San Francisco County, have been exposed to DEA without a clear and
15 reasonable warning on the Products. The individuals subject to the violative exposures include
16 normal and foreseeable users and consumers that use the Products, as well as all others exposed to
17 the Products.

18 **SATISFACTION OF NOTICE REQUIREMENTS**

19 27. Plaintiff purchased the Product from Ulta. At the time of purchase, Defendants did
20 not provide a Proposition 65 exposure warning for DEA or any other Proposition 65 listed
21 chemical in a manner consistent with H&S Code § 25603.1 as described *supra*.

22 28. The Product was sent to a testing laboratory for diethanolamine to determine the
23 DEA content of the Product.

24 29. The laboratory provided the results of its analysis. Results of this test determined
25 the Product exposes users to DEA (the "Chemical Test Report").

26 30. Plaintiff provided the Chemical Test Report and Product to an analytical chemist
27 to determine if, based on the findings of the Chemical Test Report and the reasonable and
28 foreseeable use of the Product, exposure to DEA will occur at levels that require Proposition 65

warnings under the Clear and Reasonable Warnings section 25601 of Title 27 of the California Code of Regulations.

31. On July 19, 2024, Plaintiff received from the analytical chemist an exposure assessment report which concluded that persons in California who use the Products will be exposed to levels of DEA that require a Proposition 65 exposure warning.

32. On July 19, 2024, Plaintiff gave notice of alleged violation of Health and Safety Code § 25249.6 (the "Notice") to Defendants concerning the exposure of California citizens to DEA from use of the Products without proper warning, subject to a private action to Defendants and to the California Attorney General's office and the offices of the County District attorneys and City Attorneys for each city with a population greater than 750,000 persons wherein the herein violations allegedly occurred.

33. The Notice complied with all procedural requirements of Proposition 65 including the attachment of a Certificate of Merit affirming that Plaintiff's counsel had consulted with at least one person with relevant and appropriate expertise who reviewed relevant data regarding DEA exposure, and that counsel believed there was meritorious and reasonable cause for a private action.

34. After receiving the Notice, and to Plaintiff's best information and belief, none of the noticed appropriate public enforcement agencies have commenced and diligently prosecuted a cause of action against Defendants under Proposition 65 to enforce the alleged violations which are the subject of the Notice.

35. Plaintiff is commencing this action more than sixty (60) days from the date of the Notice to Defendants, as required by law.

FIRST CAUSE OF ACTION

(By Plaintiff against Defendants for the Violation of Proposition 65)

36. Plaintiff hereby repeats and incorporates by reference paragraphs 1 through 35 of this Complaint as though fully set forth herein.

37. Defendants have, at all times mentioned herein, acted as distributor, and/or retailer of the Products.

1 38. Use of the Products will expose users and consumers thereof to DEA, a hazardous
2 chemical found on the Proposition 65 list of chemicals known to be hazardous to human health.

3 39. The Products do not comply with the Proposition 65 warning requirements.

4 40. Plaintiff, based on her best information and belief, avers that at all relevant times
5 herein, and at least since July 19, 2024, continuing until the present, that Defendants have
6 continued to knowingly and intentionally expose California users and consumers of the Products
7 to DEA without providing required warnings under Proposition 65.

8 41. The exposures that are the subject of the Notice result from the purchase,
9 acquisition, handling and recommended use of the Product. The primary route of exposure to DEA
10 is through dermal exposure. Some amount of exposure through ingestion can occur by touching
11 the Product with subsequent touching of the user's hand to mouth. No clear and reasonable warning
12 is provided with the Products regarding the health hazards of exposure to DEA.

13 42. Plaintiff, based on her best information and belief, avers that such exposures will
14 continue every day until clear and reasonable warnings are provided to purchasers and users or
15 until this known toxic chemical is removed from the Products.

16 43. Defendants have knowledge that the normal and reasonably foreseeable use of the
17 Products exposes individuals to DEA, and Defendants intend that exposures to DEA will occur by
18 its deliberate, non-accidental participation in the importation, distribution, sale and offering of the
19 Products to consumers in California

20 44. Plaintiff has engaged in good faith efforts to resolve the herein claims prior to this
21 Complaint.

22 45. Pursuant to Health and Safety Code § 25249.7(b), as a consequence of the above
23 described acts, each Defendant is liable for a maximum civil penalty of \$2,500 per day per
24 violation.

25 46. Pursuant to Health and Safety Code § 25249.7(a), this Court is specifically
26 authorized to grant injunctive relief in favor of Plaintiff and against Defendants.

1 **PRAYER FOR RELIEF**

2 WHEREFORE, Plaintiff demands judgment against Defendants and requests the following
3 relief:

4 A. That the court assess civil penalties against each Defendant in the amount of \$2,500
5 per day for each violation for up to 365 days (up to a maximum civil penalty amount per
6 violation of \$912,000.00) in accordance with Health and Safety Code § 25249.7(b);

7 B. That the court preliminarily and permanently enjoin Defendants mandating
8 Proposition 65 compliant warnings on the Products;

9 C. That the court grant Plaintiff reasonable attorney's fees and costs of suit, in the
10 amount of \$50,000.00.

11 D. That the court grant any further relief as may be just and proper.

12 Dated: July 8, 2025
