INC., a California corporation; and DOES 1
through 100, inclusive,

Defendants.

Case No.: **24CV098833**

**COMPLAINT FOR CIVIL PENALTIES
AND INJUNCTIVE RELIEF**

(Health & Safety Code § 25249.6 et seq.)

I.
INTRODUCTION

1. This Complaint is a representative action brought by Environmental Health Advocates, Inc. (“Plaintiff”) in the public interest of the citizens of the State of California (“the People”). Plaintiff seeks to remedy Defendants' failure to inform the People of exposure to lead, a known carcinogen and reproductive/developmental toxin. Defendants expose consumers to lead by manufacturing, importing, selling, and/or distributing pickles including, but not limited to, Rick’s Picks Spicy Sriracha Pickle Spears (“Products”). Defendants know and intend that customers will ingest Products containing lead.

2. Under California’s Safe Drinking Water and Toxic Enforcement Act of 1986, California Health and Safety Code, section 25249.6 et seq. (“Proposition 65”), “[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual. . . .” (Health & Safety Code, § 25249.6.)

3. California identified and listed lead as a chemical known to cause cancer as early as October 1, 1992, and as a chemical known to cause developmental/reproductive toxicity on February 27, 1987.

4. Defendants failed to sufficiently warn consumers and individuals in California about potential exposure to lead in connection with Defendants' manufacture, import, sale, or distribution of Products. This is a violation of Proposition 65.

5. Plaintiff seeks injunctive relief compelling Defendants to sufficiently warn consumers in California before exposing them to lead in Products. (Health & Safety Code, § 25249.7(a).) Plaintiff also seeks civil penalties against Defendants for violations of Proposition 65 along with attorney’s fees and costs. (Health & Safety Code, § 25249.7(b).)

II.

IV.
CAUSES OF ACTION

FIRST CAUSE OF ACTION

(Violation of Proposition 65 – Against all Defendants)

13. Plaintiff incorporates by reference each and every allegation contained above.

14. Proposition 65 mandates that citizens be informed about exposures to chemicals that cause cancer, birth defects, and other reproductive harm.

15. Defendants manufactured, imported, sold, and/or distributed Products containing lead in violation of Health and Safety Code, section 25249.6 et seq. Plaintiff is informed and believes such violations have continued after receipt of the Notice (defined *infra*) and will continue to occur into the future.

16. In manufacturing, importing, selling, and/or distributing Products, Defendants failed to provide a clear and reasonable warning to consumers and individuals in California who may be exposed to lead through reasonably foreseeable use of the Products.

17. Products expose individuals to lead through direct ingestion. This exposure is a natural and foreseeable consequence of Defendants placing Products into the stream of commerce. As such, Defendants intend that consumers will ingest Products, exposing them to lead.

18. Defendants knew or should have known that the Products contained lead and exposed individuals to lead in the ways provided above. The Notice informed Defendants of the presence of lead in the Products. Likewise, media coverage concerning lead and related chemicals in consumer products provided constructive notice to Defendants.

19. Defendants' actions in this regard were deliberate and not accidental.

20. More than sixty days prior to naming each defendant in this lawsuit, Plaintiff issued a 60-Day Notice of Violation ("Notice") as required by and in compliance with Proposition 65. Plaintiff provided the Notice to the various required public enforcement agencies along with a certificate of merit. The Notice alleged that Defendants violated Proposition 65 by failing to sufficiently warn consumers in California of the health hazards associated with exposures to lead contained in the Products.

21. The appropriate public enforcement agencies provided with the Notice failed to commence and diligently prosecute a cause of action against Defendants.

22. Individuals exposed to lead contained in Products through direct ingestion resulting from reasonably foreseeable use of the Products have suffered and continue to suffer irreparable harm. There is no other plain, speedy, or adequate remedy at law.

23. Defendants are liable for a maximum civil penalty of \$2,500 per day for each violation of Proposition 65 pursuant to Health and Safety Code, section 252497(b). Injunctive relief is also appropriate pursuant to Health and Safety Code, section 25249.7(a).

PRAYER FOR RELIEF

Wherefore, Plaintiff prays for judgment against Defendants as follows:

1. Civil penalties in the amount of \$2,500 per day for each violation. Plaintiff alleges that damages total a minimum of \$1,000,000;

2. A preliminary and permanent injunction against Defendants from manufacturing, importing, selling, and/or distributing Products in California without providing a clear and reasonable warning as required by Proposition 65 and related Regulations;

3. Reasonable attorney's fees and costs of suit; and

4. Such other and further relief as may be just and proper.

Respectfully submitted:
