SUPERIOR COURT OF THE STATE OF CALIFORNIA

IN AND FOR THE COUNTY OF ALAMEDA

ENVIRONMENTAL HEALTH ADVOCATES,
INC.,

Case No.: 25CV1 26054

COMPLAINT FOR CIVIL PENALTIES AND INJUNCTIVE RELIEF

(Health & Safety Code § 25249.6 et seq.)

MILTON INDUSTRIES, INC., a Delaware corporation; STECK MANUFACTURING COMPANY, LLC, an Ohio limited liability company; QUALITY TOOL & EQUIPMENT, INC., a California corporation; and DOES 1 through 100, inclusive,

Defendants.

1

I.
INTRODUCTION

2 1. This Complaint is a representative action brought by Environmental Health Advocates,
3 Inc. (“Plaintiff”) in the public interest of the citizens of the State of California (“the People”). Plaintiff
4 seeks to remedy Defendants’ failure to inform the People of exposure to Di(2-ethylhexyl) phthalate
5 (“DEHP”), a known carcinogen and reproductive/developmental toxin. Defendants expose consumers
6 to DEHP by manufacturing, importing, selling, and/or distributing car easy wedges including, but not
7 limited to, Steck Easy Wedge (“Products”). Defendants know and intend that customers will use
8 Products containing DEHP.

9 2. Under California’s Safe Drinking Water and Toxic Enforcement Act of 1986, California
10 Health and Safety Code, section 25249.6 et seq. (“Proposition 65”), “[n]o person in the course of doing
11 business shall knowingly and intentionally expose any individual to a chemical known to the state to
12 cause cancer or reproductive toxicity without first giving clear and reasonable warning to such
13 individual. . . .” (Health & Safety Code, § 25249.6.)

14 3. California identified and listed DEHP as a chemical known to cause cancer as early as
15 January 1, 1988, and as a chemical known to cause developmental/reproductive toxicity on October 24,
16 2003.

17 4. Defendants failed to sufficiently warn consumers and individuals in California about
18 potential exposure to DEHP in connection with Defendants’ manufacture, import, sale, or distribution
19 of Products. This is a violation of Proposition 65.

20 5. Plaintiff seeks injunctive relief compelling Defendants to sufficiently warn consumers
21 in California before exposing them to DEHP in Products. (Health & Safety Code, § 25249.7(a).) Plaintiff
22 also seeks civil penalties against Defendants for violations of Proposition 65 along with attorney’s fees
23 and costs. (Health & Safety Code, § 25249.7(b).)

24

II.

15 10. Plaintiff does not know the true names and/or capacities, whether individual, partners,
16 or corporate, of the Defendants sued herein as DOES 1 through 100, inclusive, and for that reason sues
17 said Defendants under fictitious names pursuant to Cal. Civ. Proc. § 474. Plaintiff will seek leave to

III.
VENUE AND JURISDICTION

2

3 12. California Constitution Article VI, Section 10 grants the Superior Court original
jurisdiction in all cases except those given by statute to other trial courts. The Health and Safety Code
statute upon which this action is based does not give jurisdiction to any other court. As such, this Court
has jurisdiction.

4

5

6 13. Venue is proper in Alameda County Superior Court pursuant to Code of Civil
Procedure, sections 394, 395, and 395.5. Wrongful conduct occurred and continues to occur in this
County. Defendants conducted and continue to conduct business in this County as it relates to Products.

7

8

9 14. Defendants have sufficient minimum contacts in the State of California or otherwise
purposefully avail themselves of the California market. Exercising jurisdiction over Defendants would
11 be consistent with traditional notions of fair play and substantial justice.

10

12

IV.
CAUSES OF ACTION

13

14 **FIRST CAUSE OF ACTION**

15 **(Violation of Proposition 65 – Against all Defendants)**

16 15. Plaintiff incorporates by reference each and every allegation contained above.

17 16. Proposition 65 mandates that citizens be informed about exposures to chemicals that
cause cancer, birth defects, and other reproductive harm.

18 17. Defendants manufactured, imported, sold, and/or distributed Products containing DEHP
in violation of Health and Safety Code, section 25249.6 et seq. Plaintiff is informed and believes such
violations have continued after receipt of the Notice (defined *infra*) and will continue to occur into the
21 future.

22 18. In manufacturing, importing, selling, and/or distributing Products, Defendants failed to
provide a clear and reasonable warning to consumers and individuals in California who may be exposed
24 to DEHP through reasonably foreseeable use of the Products.

25 19. Products expose individuals to DEHP through dermal absorption and incidental
ingestion via the hand-to-mouth pathway. This exposure is a natural and foreseeable consequence of
27 Defendants placing Products into the stream of commerce. As such, Defendants intend that consumers

1 will use Products, exposing them to DEHP.

2 20. Defendants knew or should have known that the Products contained DEHP and exposed
3 individuals to DEHP in the ways provided above. The Notice informed Defendants of the presence of
4 DEHP in the Products. Likewise, media coverage concerning DEHP and related chemicals in consumer
5 products provided constructive notice to Defendants.

6 21. Defendants' actions in this regard were deliberate and not accidental.

7 22. More than sixty days prior to naming each defendant in this lawsuit, Plaintiff issued a
8 60-Day Notice of Violation ("Notice") as required by and in compliance with Proposition 65. Plaintiff
9 provided the Notice to the various required public enforcement agencies along with a certificate of merit.
10 The Notice alleged that Defendants violated Proposition 65 by failing to sufficiently warn consumers in
11 California of the health hazards associated with exposures to DEHP contained in the Products.

12 23. The appropriate public enforcement agencies provided with the Notice failed to
13 commence and diligently prosecute a cause of action against Defendants.

14 24. Individuals exposed to DEHP contained in Products through dermal absorption and
15 incidental ingestion via the hand-to-mouth pathway resulting from reasonably foreseeable use of the
16 Products have suffered and continue to suffer irreparable harm. There is no other plain, speedy, or
17 adequate remedy at law.

18 25. Defendants are liable for a maximum civil penalty of \$2,500 per day for each violation
19 of Proposition 65 pursuant to Health and Safety Code, section 252497(b). Injunctive relief is also
20 appropriate pursuant to Health and Safety Code, section 25249.7(a).

PRAYER FOR RELIEF

Wherefore, Plaintiff prays for judgment against Defendants as follows:

1. Civil penalties in the amount of \$2,500 per day for each violation. Plaintiff alleges that damages total a minimum of \$1,000,000;

2. A preliminary and permanent injunction against Defendants from manufacturing, importing, selling, and/or distributing Products in California without providing a clear and reasonable warning as required by Proposition 65 and related Regulations;

3. Reasonable attorney's fees and costs of suit; and

4. Such other and further relief as may be just and proper.

Respectfully submitted:
