(Health & Safety Code § 25249.6 et seq.)

HIGH RISE BEVERAGE COMPANY LLC, a North Carolina limited liability company; CHS COLLECTIVE DISTRIBUTION, LLC, a South Carolina limited liability company; and DOES 1 through 100, inclusive,

## Defendants.

**I.**  
**INTRODUCTION**

2       1. This Complaint is a representative action brought by Environmental Health Advocates,  
3 Inc. (“Plaintiff”) in the public interest of the citizens of the State of California (“the People”). Plaintiff  
4 seeks to remedy Defendants’ failure to inform the People of exposure to Δ<sup>9</sup> - Tetrahydrocannabinol (also  
5 known as “Delta-9-THC” or “THC”), a known carcinogen and reproductive/developmental toxin.  
6 Defendants expose consumers to THC by manufacturing, importing, selling, and/or distributing THC-  
7 infused seltzers including, but not limited to, High Rise Beverage Co- Blood Orange D9 THC Seltzer  
8 (“Products”). Defendants know and intend that customers will ingest Products containing THC.

9       2. Under California’s Safe Drinking Water and Toxic Enforcement Act of 1986, California  
10 Health and Safety Code, section 25249.6 et seq. (“Proposition 65”), “[n]o person in the course of doing  
11 business shall knowingly and intentionally expose any individual to a chemical known to the state to  
12 cause cancer or reproductive toxicity without first giving clear and reasonable warning to such  
13 individual. . . .” (Health & Safety Code, § 25249.6.)

14       3. California identified and listed THC as a chemical known to cause  
15 developmental/reproductive harm on January 3, 2020.

16       4. Defendants failed to sufficiently warn consumers and individuals in California about  
17 potential exposure to THC in connection with Defendants’ manufacture, import, sale, or distribution of  
18 Products. This is a violation of Proposition 65.

19       5. Plaintiff seeks injunctive relief compelling Defendants to sufficiently warn consumers  
20 in California before exposing them to THC in Products. (Health & Safety Code, § 25249.7(a).) Plaintiff  
21 also seeks civil penalties against Defendants for violations of Proposition 65 along with attorney’s fees  
22 and costs. (Health & Safety Code, § 25249.7(b).)

## **IV.**

### **CAUSES OF ACTION**

## **FIRST CAUSE OF ACTION**

### **(Violation of Proposition 65 – Against all Defendants)**

14. Plaintiff incorporates by reference each and every allegation contained above.

15. Proposition 65 mandates that citizens be informed about exposures to chemicals that cause cancer, birth defects, and other reproductive harm.

16. Defendants manufactured, imported, sold, and/or distributed Products containing THC in violation of Health and Safety Code, section 25249.6 et seq. Plaintiff is informed and believes such violations have continued after receipt of the Notice (defined *infra*) and will continue to occur into the future.

17. In manufacturing, importing, selling, and/or distributing Products, Defendants failed to provide a clear and reasonable warning to consumers and individuals in California who may be exposed to THC through reasonably foreseeable use of the Products.

18. Products expose individuals to THC through direct ingestion or inhalation. This exposure is a natural and foreseeable consequence of Defendants placing Products into the stream of commerce. As such, Defendants intend that consumers will ingest or inhale Products, exposing them to THC.

19. Defendants knew or should have known that the Products contained THC and exposed individuals to THC in the ways provided above. The Notice informed Defendants of the presence of THC in the Products. Likewise, media coverage concerning THC and related chemicals in consumer products provided constructive notice to Defendants.

1       20. Defendants' actions in this regard were deliberate and not accidental.

2       21. More than sixty days prior to naming each defendant in this lawsuit, Plaintiff issued a  
3 60-Day Notice of Violation ("Notice") as required by and in compliance with Proposition 65. Plaintiff  
4 provided the Notice to the various required public enforcement agencies along with a certificate of merit.  
5 The Notice alleged that Defendants violated Proposition 65 by failing to sufficiently warn consumers in  
6 California of the health hazards associated with exposures to THC contained in the Products.

7       22. The appropriate public enforcement agencies provided with the Notice failed to  
8 commence and diligently prosecute a cause of action against Defendants.

9       23. Individuals exposed to THC contained in Products through direct ingestion or inhalation  
10 resulting from reasonably foreseeable use of the Products have suffered and continue to suffer  
11 irreparable harm. There is no other plain, speedy, or adequate remedy at law.

12       24. Defendants are liable for a maximum civil penalty of \$2,500 per day for each violation  
13 of Proposition 65 pursuant to Health and Safety Code, section 252497(b). Injunctive relief is also  
14 appropriate pursuant to Health and Safety Code, section 25249.7(a).

3. Reasonable attorney's fees and costs of suit; and
