(Health & Safety Code § 25249.6 et seq.)

18 COMPANIES, INC., a Delaware corporation;

I.
INTRODUCTION

2 1. This Complaint is a representative action brought by Environmental Health Advocates,
3 Inc. (“Plaintiff”) in the public interest of the citizens of the State of California (“the People”). Plaintiff
4 seeks to remedy Defendants’ failure to inform the People of exposure to cadmium, a known carcinogen
5 and reproductive/developmental toxin. Defendants expose consumers to cadmium by manufacturing,
6 importing, selling, and/or distributing vegetable lasagna including, but not limited to, Michael Angelo’s
7 Vegetable Lasagna (“Products”). Defendants know and intend that customers will ingest Products
8 containing cadmium.

9 2. Under California’s Safe Drinking Water and Toxic Enforcement Act of 1986, California
10 Health and Safety Code, section 25249.6 et seq. (“Proposition 65”), “[n]o person in the course of doing
11 business shall knowingly and intentionally expose any individual to a chemical known to the state to
12 cause cancer or reproductive toxicity without first giving clear and reasonable warning to such
13 individual. . . .” (Health & Safety Code, § 25249.6.)

14 3. California identified and listed cadmium as a chemical known to cause developmental/
15 reproductive toxicity as early as May 1, 1997.

16 4. Defendants failed to sufficiently warn consumers and individuals in California about
17 potential exposure to cadmium in connection with Defendants’ manufacture, import, sale, or distribution
18 of Products. This is a violation of Proposition 65.

19 5. Plaintiff seeks injunctive relief compelling Defendants to sufficiently warn consumers
20 in California before exposing them to cadmium in Products. (Health & Safety Code, § 25249.7(a).)
21 Plaintiff also seeks civil penalties against Defendants for violations of Proposition 65 along with
22 attorney’s fees and costs. (Health & Safety Code, § 25249.7(b).)

23

II.
PARTIES

24 6. Plaintiff ENVIRONMENTAL HEALTH ADVOCATES, INC. (“Plaintiff”) is a
25 corporation in the State of California dedicated to protecting the health of California citizens through
26 the elimination or reduction of toxic exposure from consumer products. It brings this action in the public
27 interest pursuant to Health and Safety Code, section 25249.7.

1 7. Defendant Bottom Line Food Processors, Inc. ("BLFP") is a corporation organized and
2 existing under the laws of Delaware. BLFP is registered to do business in California, and does business
3 in the County of San Francisco, within the meaning of Health and Safety Code, section 25249.11. BLFP
4 manufactures, imports, sells, or distributes the Products in California and San Francisco County.

5 8. Defendant Albertsons Companies, Inc. ("Albertsons") is a corporation organized and
6 existing under the laws of Delaware. Albertsons is registered to do business in California, and does
7 business in the County of San Francisco, within the meaning of Health and Safety Code, section
8 25249.11. Albertsons manufactures, imports, sells, or distributes the Products in California and San
9 Francisco County.

10 9. Plaintiff does not know the true names and/or capacities, whether individual, partners,
11 or corporate, of the Defendants sued herein as DOES 1 through 100, inclusive, and for that reason sues
12 said Defendants under fictitious names pursuant to Cal. Civ. Proc. § 474. Plaintiff will seek leave to
13 amend this Complaint when the true names and capacities of these Defendants have been ascertained.
14 Plaintiff is informed and believes and thereon alleges that these Defendants are responsible in whole or
15 in part for the remedies and penalties sought herein.

16 10. At all times mentioned, Defendants were the agents, alter egos, servants, joint venturers,
17 joint employers, or employees for each other. Defendants acted with the consent of the other Co-
18 Defendants and acted within the course, purpose, and scope of their agency, service, or employment.
19 All conduct was ratified by Defendants, and each of them.

III. VENUE AND JURISDICTION

11. California Constitution Article VI, Section 10 grants the Superior Court original
jurisdiction in all cases except those given by statute to other trial courts. The Health and Safety Code
statute upon which this action is based does not give jurisdiction to any other court. As such, this Court
has jurisdiction.

25 12. Venue is proper in San Francisco County Superior Court pursuant to Code of Civil
26 Procedure, sections 394, 395, and 395.5. Wrongful conduct occurred and continues to occur in this
27 County. Defendants conducted and continue to conduct business in this County as it relates to Products.

13. Defendants have sufficient minimum contacts in the State of California or otherwise purposefully avail themselves of the California market. Exercising jurisdiction over Defendants would be consistent with traditional notions of fair play and substantial justice.

IV. **CAUSES OF ACTION**

FIRST CAUSE OF ACTION

(Violation of Proposition 65 – Against all Defendants)

14. Plaintiff incorporates by reference each and every allegation contained above.

15. Proposition 65 mandates that citizens be informed about exposures to chemicals that cause cancer, birth defects, and other reproductive harm.

16. Defendants manufactured, imported, sold, and/or distributed Products containing cadmium in violation of Health and Safety Code, section 25249.6 et seq. Plaintiff is informed and believes such violations have continued after receipt of the Notice (defined *infra*) and will continue to occur into the future.

17. In manufacturing, importing, selling, and/or distributing Products, Defendants failed to provide a clear and reasonable warning to consumers and individuals in California who may be exposed to cadmium through reasonably foreseeable use of the Products.

18. Products expose individuals to cadmium through direct ingestion. This exposure is a natural and foreseeable consequence of Defendants placing Products into the stream of commerce. As such, Defendants intend that consumers will ingest Products, exposing them to cadmium.

19. Defendants knew or should have known that the Products contained cadmium and exposed individuals to cadmium in the ways provided above. The Notice informed Defendants of the presence of cadmium in the Products. Likewise, media coverage concerning cadmium and related chemicals in consumer products provided constructive notice to Defendants.

20. Defendants' actions in this regard were deliberate and not accidental.

111

111

111

1 21. More than sixty days prior to naming each defendant in this lawsuit, Plaintiff issued a
2 60-Day Notice of Violation (“Notice”) as required by and in compliance with Proposition 65. Plaintiff
3 provided the Notice to the various required public enforcement agencies along with a certificate of merit.
4 The Notice alleged that Defendants violated Proposition 65 by failing to sufficiently warn consumers in
5 California of the health hazards associated with exposures to cadmium contained in the Products.

6 22. The appropriate public enforcement agencies provided with the Notice failed to
7 commence and diligently prosecute a cause of action against Defendants.

8 23. Individuals exposed to cadmium contained in Products through direct ingestion
9 resulting from reasonably foreseeable use of the Products have suffered and continue to suffer
10 irreparable harm. There is no other plain, speedy, or adequate remedy at law.

11 24. Defendants are liable for a maximum civil penalty of \$2,500 per day for each violation
12 of Proposition 65 pursuant to Health and Safety Code, section 252497(b). Injunctive relief is also
13 appropriate pursuant to Health and Safety Code, section 25249.7(a).
