BIOLOGIQUE RECHERCHE, a French corporation; JOSYVAL, a French corporation; THE NEIMAN MARCUS GROUP LLC, a Delaware limited liability company; and DOES 1 through 100, inclusive,

Defendants.

1

I.
INTRODUCTION

2 1. This Complaint is a representative action brought by Environmental Health Advocates,
3 Inc. (“Plaintiff”) in the public interest of the citizens of the State of California (“the People”). Plaintiff
4 seeks to remedy Defendants’ failure to inform the People of exposure to diethanolamine (“DEA”), a
5 known carcinogen and reproductive/developmental toxin. Defendants expose consumers to DEA by
6 manufacturing, importing, selling, and/or distributing lotion including, but not limited to, Biologique
7 Recherche Lotion P50 PIGM 400 Exfoliating and Brightening P50 Lotion (“Products”). Defendants
8 know and intend that customers will use Products containing DEA.

9 2. Under California’s Safe Drinking Water and Toxic Enforcement Act of 1986, California
10 Health and Safety Code, section 25249.6 et seq. (“Proposition 65”), “[n]o person in the course of doing
11 business shall knowingly and intentionally expose any individual to a chemical known to the state to
12 cause cancer or reproductive toxicity without first giving clear and reasonable warning to such
13 individual. . . .” (Health & Safety Code, § 25249.6.)

14 3. California identified and listed DEA as a chemical known to cause cancer as early as
15 June 22, 2012.

16 4. Defendants failed to sufficiently warn consumers and individuals in California about
17 potential exposure to DEA in connection with Defendants’ manufacture, import, sale, or distribution of
18 Products. This is a violation of Proposition 65.

19 5. Plaintiff seeks injunctive relief compelling Defendants to sufficiently warn consumers
20 in California before exposing them to DEA in Products. (Health & Safety Code, § 25249.7(a).) Plaintiff
21 also seeks civil penalties against Defendants for violations of Proposition 65 along with attorney’s fees
22 and costs. (Health & Safety Code, § 25249.7(b).)

23

14 10. Plaintiff does not know the true names and/or capacities, whether individual, partners,
15 or corporate, of the Defendants sued herein as DOES 1 through 100, inclusive, and for that reason sues
16 said Defendants under fictitious names pursuant to Cal. Civ. Proc. § 474. Plaintiff will seek leave to
17 amend this Complaint when the true names and capacities of these Defendants have been ascertained.
18 Plaintiff is informed and believes and thereon alleges that these Defendants are responsible in whole or
19 in part for the remedies and penalties sought herein.

7 be consistent with traditional notions of fair play and substantial justice.

8

9 **IV.**
9 CAUSES OF ACTION

10 **FIRST CAUSE OF ACTION**

11 **(Violation of Proposition 65 – Against all Defendants)**

12 15. Plaintiff incorporates by reference each and every allegation contained above.

13 16. Proposition 65 mandates that citizens be informed about exposures to chemicals that
cause cancer, birth defects, and other reproductive harm.

14 17. Defendants manufactured, imported, sold, and/or distributed Products containing DEA
15 in violation of Health and Safety Code, section 25249.6 et seq. Plaintiff is informed and believes such
16 violations have continued after receipt of the Notice (defined *infra*) and will continue to occur into the
17 future.

18 18. In manufacturing, importing, selling, and/or distributing Products, Defendants failed to
19 provide a clear and reasonable warning to consumers and individuals in California who may be exposed
20 to DEA through reasonably foreseeable use of the Products.

21 19. Products expose individuals to DEA through dermal absorption. This exposure is a
22 natural and foreseeable consequence of Defendants placing Products into the stream of commerce. As
23 such, Defendants intend that consumers will use Products, exposing them to DEA.

24 20. Defendants knew or should have known that the Products contained DEA and exposed
25 individuals to DEA in the ways provided above. The Notice informed Defendants of the presence of
26 DEA in the Products. Likewise, media coverage concerning DEA and related chemicals in consumer
27 products provided constructive notice to Defendants.

1 21. Defendants' actions in this regard were deliberate and not accidental.

2 22. More than sixty days prior to naming each defendant in this lawsuit, Plaintiff issued a
3 60-Day Notice of Violation ("Notice") as required by and in compliance with Proposition 65. Plaintiff
4 provided the Notice to the various required public enforcement agencies along with a certificate of merit.
5 The Notice alleged that Defendants violated Proposition 65 by failing to sufficiently warn consumers in
6 California of the health hazards associated with exposures to DEA contained in the Products.

7 23. The appropriate public enforcement agencies provided with the Notice failed to
8 commence and diligently prosecute a cause of action against Defendants.

9 24. Individuals exposed to DEA contained in Products through dermal absorption resulting
10 from reasonably foreseeable use of the Products have suffered and continue to suffer irreparable harm.
11 There is no other plain, speedy, or adequate remedy at law.

12 25. Defendants are liable for a maximum civil penalty of \$2,500 per day for each violation
13 of Proposition 65 pursuant to Health and Safety Code, section 252497(b). Injunctive relief is also
14 appropriate pursuant to Health and Safety Code, section 25249.7(a).
