1 **BACKGROUND AND PRELIMINARY FACTS**

- 2 12. In 1986, California voters approved an initiative to address growing concerns about
3 exposure to toxic chemicals and declared their right “[t]o be informed about exposures to
4 chemicals that cause cancer, birth defects, or other reproductive harm.” Ballot Pamp.,
5 Proposed Law, Gen. Elec. (Nov. 4, 1986) at p. 3. The initiative, The Safe Drinking
6 Water and Toxic Enforcement Act of 1986, codified at Health and Safety Code Sections
7 25249.5, *et seq.* (“Proposition 65”), helps to protect California’s drinking water sources
8 from contamination, to allow consumers to make informed choices about the products
9 they buy, and to enable persons to protect themselves from toxic chemicals as they see
10 fit.
- 11 13. Proposition 65 requires the Governor of California to publish a list of chemicals known
12 to the state to cause cancer, birth defects, or other reproductive harm. *Health & Safety*
13 *Code* § 25249.8. The list, which the Governor updates at least once a year, contains over
14 700 chemicals and chemical families. Proposition 65 imposes warning requirements and
15 other controls that apply to Proposition 65-listed chemicals.
- 16 14. All businesses with ten (10) or more employees that operate or sell products in California
17 must comply with Proposition 65. Under Proposition 65, businesses are: (1) prohibited
18 from knowingly discharging Proposition 65-listed chemicals into sources of drinking
19 water (*Health & Safety Code* § 25249.5), and (2) required to provide “clear and
20 reasonable” warnings before exposing a person, knowingly and intentionally, to a
21 Proposition 65-listed chemical (*Health & Safety Code* § 25249.6).
- 22 15. Proposition 65 provides that any person "violating or threatening to violate" the statute
23 may be enjoined in any court of competent jurisdiction. *Health & Safety Code* §
24 25249.7. "Threaten to violate" means "to create a condition in which there is a
25 substantial probability that a violation will occur." *Health & Safety Code* § 25249.11(e).
26 Defendants are also liable for civil penalties of up to \$2,500.00 per day per violation,
27 recoverable in a civil action. *Health & Safety Code* § 25249.7(b).
- 28

1 16. Plaintiff identified certain practices of manufacturers and distributors of Mussels and Sea
2 Moss of exposing, knowingly and intentionally, persons in California to Cadmium and
3 Cadmium Compounds, Lead and Lead Compounds of such products without first
4 providing clear and reasonable warnings of such to the exposed persons prior to the time
5 of exposure. Plaintiff later discerned that Defendants engaged in such practice.

6 17. On October 1, 1992, the Governor of California added Lead and Lead Compounds
7 (“Lead”) to the list of chemicals known to the State to cause cancer (Cal. Code Regs. tit.
8 27, § 27001(b)). Pursuant to Health and Safety Code Sections 25249.9 and 25249.10,
9 twenty (20) months after addition of Lead to the list of chemicals known to the State to
10 cause cancer, Lead became fully subject to Proposition 65 warning requirements and
11 discharge prohibitions.

12 18. On February 27, 1987, the Governor of California added Lead to the list of chemicals
13 known to the State to cause developmental and reproductive toxicity (Cal. Code Regs.
14 tit. 27, § 27001(c)). Lead is known to the State to cause developmental, female, and
15 male reproductive toxicity. Pursuant to Health and Safety Code Sections 25249.9 and
16 25249.10, twenty (20) months after addition of Lead to the list of chemicals known to
17 the State to cause developmental and reproductive toxicity, Lead became fully subject to
18 Proposition 65 warning requirements and discharge prohibitions.

19 19. On May 1, 1997, the Governor of California added Cadmium and Cadmium Compounds
20 (“Cadmium”) to the list of chemicals known to the State to cause developmental and
21 reproductive toxicity (*Cal. Code Regs. tit. 27, § 27001(c)*). Cadmium is known to the
22 State to cause developmental, and male reproductive toxicity. Pursuant to Health and
23 Safety Code Sections 25249.9 and 25249.10, twenty (20) months after addition of
24 Cadmium to the list of chemicals known to the State to cause developmental and
25 reproductive toxicity, Cadmium became fully subject to Proposition 65 warning
26 requirements and discharge prohibitions.
