10 Plaintiff,

11 vs.

12 URBAN OUTFITTERS, INC.,

13 Defendant.

Case No.:

CGC-26-637219

**COMPLAINT FOR CIVIL PENALTIES AND
INJUNCTIVE RELIEF**

**(Violation of Health & Safety Code § 25249.5 et
seq.)**

14 Plaintiff Gabriel Espinoza ("Plaintiff"), by and through his attorneys, alleges the following
15 cause of action in the public interest of the citizens of the State of California.

16 **BACKGROUND OF THE CASE**

17 1. Plaintiff brings this representative action on behalf of all California citizens to
18 enforce relevant portions of Safe Drinking Water and Toxic Enforcement Act of 1986, codified at
19 the Health and Safety Code § 25249.5 et seq ("Proposition 65"), which reads, in relevant part,
20 "[n]o person in the course of doing business shall knowingly and intentionally expose any
21 individual to a chemical known to the state to cause cancer or reproductive toxicity without first
22 giving clear and reasonable warning to such individual ...". Health & Safety Code § 25249.6.

23 2. This complaint is a representative action brought by Plaintiff in the public interest
24 of the citizens of the State of California to enforce the People's right to be informed of the health
25 hazards caused by exposure to lead, a toxic chemical found in (a) U.O. Home mugs, #92587856,
26 and (b) U.O. Home cat nightlights, #926121750552 sold and/or distributed by defendant Urban
27 Outfitters, Inc. ("Urban Outfitters" or "Defendant") in California.

1 3. Lead is a harmful chemical known to the State of California to cause cancer and
2 birth defects or other reproductive harm. On October 1, 1992, the state of California listed lead as
3 a chemical known to cause cancer and it has come under the purview of Proposition 65 regulations
4 since that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 &
5 25249.10(b). On February 27, 1987, the State of California listed lead as a chemical known to
6 cause birth defects or other reproductive harm.

7 4. Proposition 65 requires all businesses with ten (10) or more employees that operate
8 within California or sell products therein to comply with Proposition 65 regulations. Included in
9 such regulations is the requirement that businesses must label any product containing a Proposition
10 65-listed chemical that will create an exposure above safe harbor levels with a “clear and
11 reasonable” warning before “knowingly and intentionally” exposing any person to any such listed
12 chemical.

13 5. Proposition 65 allows for civil penalties of up to \$2,500.00 per day per violation
14 for up to 365 days (up to a maximum civil penalty amount per violation of \$912,000.00) to be
15 imposed upon defendants in a civil action for violations of Proposition 65. Health & Safety Code
16 § 25249.7(b). Proposition 65 also allows for any court of competent jurisdiction to enjoin the
17 actions of a defendant which “violate or threaten to violate” the statute. Health & Safety Code §
18 25249.7.

19 6. Plaintiff alleges that Defendant distributes and/or offers for sale in California,
20 without a requisite exposure warning, (a) U.O. Home mugs, #92587856, and (b) U.O. Home cat
21 nightlights, #926121750552 (collectively, the “Products” and each a “Product”) that expose
22 persons to lead when used for their intended purpose.

23 7. Defendant’s failure to warn consumers and other individuals in California of the
24 health hazards associated with exposure to lead in conjunction with the sale and/or distribution of
25 the Products is a violation of Proposition 65 and subjects Defendant to the enjoinder and civil
26 penalties described herein.

27 8. Plaintiff seeks civil penalties against Defendant for its violations of Proposition 65
28 in accordance with Health and Safety Code § 25249.7(b).

9. Plaintiff also seeks injunctive relief, preliminarily and permanently, requiring Defendant to provide purchasers or users of the Products with required warnings related to the dangers and health hazards associated with exposure to lead pursuant to Health and Safety Code § 25249.7(a).

10. Plaintiff further seeks a reasonable award of attorney's fees and costs.

PARTIES

11. Plaintiff is a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals in products sold in California and to improve human health by reducing hazardous substances contained in such items. He brings this action in the public interest pursuant to Health and Safety Code § 25249.7(d).

12. Defendant Urban Outfitters, Inc., through its business, effectively imports, distributes, sells, and/or offers the Products for sale or use in the State of California, or it implies by its conduct that it imports, distributes, sells, and/or offers the Products for sale or use in the State of California. Plaintiff alleges that defendant Urban Outfitters, Inc. is a “person” in the course of doing business within the meaning of Health & Safety Code sections 25249.6 and 25249.11.

VENUE AND JURISDICTION

13. Venue is proper in the County of San Francisco because one or more of the instances of wrongful conduct occurred, and continues to occur in this county and/or because Defendant conducted, and continues to conduct, business in the County of San Francisco with respect to the Products. Because the Products are distributed, marketed, and sold to consumers throughout San Francisco County, the alleged Proposition 65 violations necessarily occurred here. Upon information and belief, the Products are consistently in the stream of commerce and available to consumers for purchase in the City and County of San Francisco.

14. This Court has jurisdiction over this action pursuant to California Constitution Article VI, § 10, which grants the Superior Court original jurisdiction in all causes except those given by statute to other trial courts. Health and Safety Code § 25249.7 allows for the enforcement

1 of violations of Proposition 65 in any Court of competent jurisdiction; therefore, this Court has
2 jurisdiction over this lawsuit.

3 15. This Court has jurisdiction over Defendant because Defendant is either a citizen of
4 the State of California, has sufficient minimum contacts with the State of California, is registered
5 with the California Secretary of State as foreign corporations authorized to do business in the State
6 of California, and/or has otherwise purposefully availed itself of the California market. Such
7 purposeful availment has rendered the exercise of jurisdiction by California courts consistent and
8 permissible with traditional notions of fair play and substantial justice. Public policy further
9 supports this conclusion.

10 **STATUTORY BACKGROUND**

11 16. The people of the State of California declared in Proposition 65 their right “[t]o be
12 informed about exposures to chemicals that cause cancer, birth defects, or other reproductive
13 harm.” (Section 1(b) of Initiative Measure, Proposition 65.)

14 17. To effect this goal, Proposition 65 requires that individuals be provided with a
15 “clear and reasonable warning” before being exposed to substances listed by the State of California
16 as causing cancer and/or birth defects or other reproductive harm. H&S Code § 25249.6 states, in
17 pertinent part:

18 No person in the course of doing business shall knowingly and intentionally expose any
19 individual to a chemical known to the state to cause cancer or reproductive toxicity without
first giving clear and reasonable warning to such individual...

20 18. An exposure to a chemical in a consumer product is one “which results from a
21 person’s acquisition, purchase, storage, consumption or other reasonably foreseeable use of a
22 consumer good, or any exposure that results from receiving a consumer service.” (27 CCR §
23 25602, para (b).) H&S Code § 25603(c) states that “a person in the course of doing business ...
24 shall provide a warning to any person to whom the product is sold or transferred unless the product
25 is packaged or labeled with a clear and reasonable warning.”
26
27
28

1 reproductive harm. In summary, lead was listed under Proposition 65 as a chemical known to the
2 State to cause cancer and birth defects or other reproductive harm.

3 22. The exposures that are the subject of the Notices result from the purchase,
4 acquisition, handling and recommended use of the Products. The primary route of exposure to the
5 is through dermal absorption directly through the skin when consumers use, touch, or handle the
6 Products. Exposure through ingestion will occur by touching the Products with subsequent
7 touching of the user's hand to mouth. No clear and reasonable warning is provided with the
8 Products regarding the health hazards of exposure.

9 23. Defendant has manufactured, processed, marketed, distributed, offered to sell
10 and/or sold the Products in California since at least May 29, 2025 with respect to the U.O. Home
11 mugs and since at least May 30, 2025 with respect to the U.O. Home cat nightlights. Upon
12 information and belief, the Products are consistently in the stream of commerce and available to
13 consumers for purchase in the City and County of San Francisco and the alleged Proposition 65
14 violations necessarily occurred here. The Products continue to be distributed, offered for sale
15 and/or sold in California without the requisite warning information.

16 24. At all times relevant to this action, Defendant has knowingly and intentionally
17 exposed users and/or consumers of the Products to lead without first giving a clear and reasonable
18 exposure warning to such individuals.

19 25. As a proximate result of acts by Defendant, as a person in the course of doing
20 business within the meaning of H&S Code § 25249.11, individuals throughout the State of
21 California, including in San Francisco County, have been exposed to lead without a clear and
22 reasonable warning on the Products. The individuals subject to the violative exposures include
23 normal and foreseeable users and consumers that use the Products, as well as all others exposed to
24 the Products.

SATISFACTION OF NOTICE REQUIREMENTS

26. Plaintiff purchased the Products from Urban Outfitters. At the time of purchase, Defendant did not provide a Proposition 65 exposure warning for lead or any other Proposition 65 listed chemical in a manner consistent with H&S Code § 25603.1 as described *supra*.

27. The Product was sent to a testing laboratory to determine if, and what amount of, lead would migrate and/or leach from the Products.

28. The laboratory provided the results of its analysis. Results of these tests determined the Products expose users to lead (collectively, the “Chemical Test Reports” and each a “Chemical Test Report”).

29. Plaintiff provided the Chemical Test Reports and Products to an analytical chemist to determine if, based on the findings of the Chemical Test Reports and the reasonable and foreseeable use of the Products, exposure to lead will occur at levels that require Proposition 65 warnings under the Clear and Reasonable Warnings section 25601 of Title 27 of the California Code of Regulations.

30. On May 29, 2025 (U.O. Home mugs) and May 30, 2025 (U.O. Home cat nightlights), Plaintiff received from the analytical chemist exposure assessment reports which concluded that persons in California who use the Products will be exposed to levels of lead that require a Proposition 65 exposure warning.

31. On May 29, 2025 (U.O. Home mugs) and May 30, 2025 (U.O. Home cat nightlights), Plaintiff gave notice of alleged violation of Health and Safety Code § 25249.6 (collectively, the “Notices” and each a “Notice”) to Defendant concerning the exposure of California citizens to lead contained in the Products without proper warning, subject to a private action to Defendant and to the California Attorney General’s office and the offices of the County District attorneys and City Attorneys for each city with a population greater than 750,000 persons wherein the herein violations allegedly occurred. See attached at Exhibits “A” – “B” a true and correct copy of each Notice.

1 32. The Notices complied with all procedural requirements of Proposition 65 including
2 the attachment of a Certificate of Merit affirming that Plaintiff's counsel had consulted with at
3 least one person with relevant and appropriate expertise who reviewed relevant data regarding lead
4 exposure, and that counsel believed there was meritorious and reasonable cause for a private
5 action.

6 33. After receiving the Notices, and to Plaintiff's best information and belief, none of
7 the noticed appropriate public enforcement agencies have commenced and diligently prosecuted a
8 cause of action against Defendant under Proposition 65 to enforce the alleged violations which are
9 the subject of the Notices.

10 34. Plaintiff is commencing this action more than sixty (60) days from the date of each
11 Notice to Defendant, as required by law.

12 **FIRST CAUSE OF ACTION**

13 **(By Plaintiff against Defendant for the Violation of Proposition 65)**

14 35. Plaintiff hereby repeats and incorporates by reference paragraphs 1 through 34 of
15 this Complaint as though fully set forth herein.

16 36. Defendant has, at all times mentioned herein, acted as distributor, and/or retailer of
17 the Product.

18 37. Use of the Products will expose users to lead, a hazardous chemical found on the
19 Proposition 65 list of chemicals known to be hazardous to human health.

20 38. The Product does not comply with the Proposition 65 warning requirements.

21 39. Plaintiff, based on his best information and belief, avers that at all relevant times
22 herein, and since at least May 29, 2025 with respect to the U.O. Home mugs and since at least May
23 30, 2025 with respect to the U.O. Home cat nightlights, continuing until the present, that Defendant
24 has continued to knowingly and intentionally expose California users and consumers of the
25 Product to lead without providing required warnings under Proposition 65.

26 40. The exposures that are the subject of the Notices result from the purchase,
27 acquisition, handling and recommended use of the Products. The primary route of exposure to the
28 is through dermal absorption directly through the skin when consumers use, touch, or handle the

1 Products. Exposure through ingestion will occur by touching the Products with subsequent
2 touching of the user's hand to mouth. No clear and reasonable warning is provided with the
3 Products regarding the health hazards of exposure.

4 41. Plaintiff, based on his best information and belief, avers that such exposures will
5 continue every day until clear and reasonable warnings are provided to purchasers and users or
6 until this known toxic chemical is removed from the Products.

7 42. Defendant has knowledge that the normal and reasonably foreseeable use of the
8 Products exposes individuals to lead, and Defendant intends that exposures to lead will occur by
9 its deliberate, non-accidental participation in the importation, distribution, sale and offering of the
10 Products to consumers in California

11 43. Plaintiff has engaged in good faith efforts to resolve the herein claims prior to this
12 Complaint.

13 44. Pursuant to Health and Safety Code § 25249.7(b), as a consequence of the above
14 described acts, Defendant is liable for a maximum civil penalty of \$2,500 per day per violation.

15 45. Pursuant to Health and Safety Code § 25249.7(a), this Court is specifically
16 authorized to grant injunctive relief in favor of Plaintiff and against Defendant.

1 **PRAYER FOR RELIEF**

2 WHEREFORE, Plaintiff demands judgment against Defendant and requests the following
3 relief:

4 A. That the court assess civil penalties against Defendant in the amount of \$2,500 per
5 day for each violation for up to 365 days (up to a maximum civil penalty amount per
6 violation of \$912,000.00) in accordance with Health and Safety Code § 25249.7(b);

7 B. That the court preliminarily and permanently enjoin Defendant mandating
8 Proposition 65 compliant warnings on the Products;

9 C. That the court grant Plaintiff reasonable attorney's fees and costs of suit, in the
10 amount of \$50,000.00.

11 D. That the court grant any further relief as may be just and proper.

60-Day Notice of Violation of California Safe Drinking Water and Toxic Enforcement Act¹

To Whom It May Concern:

This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health & Safety Code § 25249.7(d).

Brodsky Smith represents Gabriel Espinoza ("Espinoza"), a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals from use of consumer products sold in California and to improve human health and the environment by reducing hazardous substances.

With respect to the Product herein, Espinoza has identified a violation of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65") codified at Cal. Health & Safety Code § 25249.5, et seq. This violation has occurred and continues to occur because the alleged Violator(s) failed to provide a clear and reasonable health hazard warning in connection with the sale or use of the Product in California. Health & Safety Code § 25249.6 provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual ..." Without proper warnings regarding the toxic effects of exposures to the Listed Chemical resulting from use of the Product, California citizens lack the information necessary to make informed decisions on whether and/or how to eliminate (or reduce) the risk of exposure to the Listed Chemical from the reasonably foreseeable use of the Product.

¹ The public enforcement agencies that have been served with copies of this Notice are identified in the attached distribution list accompanying the Certificate of Service.

I. DESCRIPTION OF THE VIOLATION

1. **Enforcer:** Gabriel Espinoza, 3924 Carlin Ave., Lynwood, CA 90262-5204; (Ph) 310.863.2852.
2. **Alleged Violator(s):** Urban Outfitters, Inc.; Urban Outfitters Wholesale, Inc.
3. **Time Period of Exposure:** Violations have been occurring since at least May 29, 2025 and are continuing to this day.
4. **Listed Chemical:** Lead. Lead is listed under Proposition 65 as a chemical known to the State to cause cancer and birth defects or other reproductive harm.
5. **Product:**

Product²	Non- Exclusive Examples of the Product
Ceramicware	U.O. Home Mug 92587856

6. **Description of Exposure:** The exposures that are the subject of this Notice result from the purchase and recommended use of the Product. The primary route of exposure to the Listed Chemical is through dermal absorption directly through the skin when consumers use, touch, or handle the Products. Some amount of exposure through ingestion can occur by touching the Product with subsequent touching of the user's hand to mouth. No clear and reasonable warning is provided with the Products regarding the health hazards of exposure to the Listed Chemical.

II. PROPOSITION 65 INFORMATION

For the Violators' reference, enclosed is a copy of "Proposition 65: A Summary" that has been prepared by the Office of Environmental Health Hazard Assessment ("OEHHA"). For more information concerning the provisions of Proposition 65, contact OEHHA at 916.445.6900.

III. RESOLUTION OF THE CLAIMS

Based on the allegations set forth in this Notice, Brodsky Smith intends to file a citizen enforcement lawsuit on behalf of Espinoza against the alleged Violator(s) unless such Violator(s) agree in a binding written agreement to: (1) recall Products already sold; (2) provide Proposition 65 compliant exposure warnings for Products sold in the future or reformulate the Products to eliminate exposures to the Listed Chemical; and (3) pay an appropriate civil penalty based on the factors enumerated in Health & Safety Code § 25249.7(b). Consistent with the public interest goals of Proposition 65 and the desire to have these violations of California law quickly rectified, Espinoza is interested in seeking a constructive resolution of the claims in this Notice without engaging in costly and protracted litigation.

² The specifically identified example of the Product in this Notice is to assist the recipients' investigation of, among other things, the magnitude of potential exposures to the Listed Chemical from other items within the definition of Products. This example is not intended to be an exhaustive or comprehensive identification of each specific offending Product. It is Espinoza's position that the alleged Violators are obligated to conduct a good faith investigation into other Products that may have been manufactured, distributed, sold, shipped, stored (or otherwise within the alleged Violators' custody or control) during the relevant period to ensure that requisite health hazard warnings were and are provided to California citizens prior to purchase and use.

Espinoza has retained me as legal counsel in connection with this Notice. Please direct all communications regarding this Notice to my attention at Brodsky Smith, 9465 Wilshire Blvd., Ste. 300, Beverly Hills, CA 90212, (877) 534-2590, esmith@brodskysmith.com.

60-Day Notice of Violation of California Safe Drinking Water and Toxic Enforcement Act¹

To Whom It May Concern:

This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health & Safety Code § 25249.7(d).

Brodsky Smith represents Gabriel Espinoza ("Espinoza"), a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals from use of consumer products sold in California and to improve human health and the environment by reducing hazardous substances.

With respect to the Product herein, Espinoza has identified a violation of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65") codified at Cal. Health & Safety Code § 25249.5, et seq. This violation has occurred and continues to occur because the alleged Violator(s) failed to provide a clear and reasonable health hazard warning in connection with the sale or use of the Product in California. Health & Safety Code § 25249.6 provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual ..."
