9 SUPERIOR COURT OF THE STATE OF CALIFORNIA

10 COUNTY OF SAN FRANCISCO

11 PRECILA BALABBO,

12 Plaintiff,

13 vs.

14 GELSON'S MARKETS,

15 Defendant.

Case No.:

CGC-25-629946

**COMPLAINT FOR CIVIL PENALTIES AND
INJUNCTIVE RELIEF**

**(Violation of Health & Safety Code § 25249.5 et
seq.)**

16 Plaintiff Precila Balabbo ("Plaintiff"), by and through her attorneys, alleges the following
17 cause of action in the public interest of the citizens of the State of California.

18 **BACKGROUND OF THE CASE**

19 1. Plaintiff brings this representative action on behalf of all California citizens to
20 enforce relevant portions of Safe Drinking Water and Toxic Enforcement Act of 1986, codified at
21 the Health and Safety Code § 25249.5 et seq ("Proposition 65"), which reads, in relevant part,
22 "[n]o person in the course of doing business shall knowingly and intentionally expose any
23 individual to a chemical known to the state to cause cancer or reproductive toxicity without first
24 giving clear and reasonable warning to such individual ...". Health & Safety Code § 25249.6.

25 2. This complaint is a representative action brought by Plaintiff in the public interest
26 of the citizens of the State of California to enforce the People's right to be informed of the health
27 hazards caused by exposure to lead and cadmium, toxic chemicals found in clams, mussels, and
28 scallops (collectively, the "Products" and each a "Product") manufactured, sold, packaged, and/or
distributed by defendant Gelson's Markets ("Gelson's" or "Defendant") in California.

1 3. Lead¹ and cadmium² are harmful chemicals known to the State of California to
2 cause cancer and birth defects or other reproductive harm.

3 4. Proposition 65 requires all businesses with ten (10) or more employees that operate
4 within California or sell products therein to comply with Proposition 65 regulations. Included in
5 such regulations is the requirement that businesses must label any product containing a Proposition
6 65-listed chemical that will create an exposure above safe harbor levels with a “clear and
7 reasonable” warning before “knowingly and intentionally” exposing any person to any such listed
8 chemical.

9 5. Proposition 65 allows for civil penalties of up to \$2,500.00 per day per violation
10 for up to 365 days (up to a maximum civil penalty amount per violation of \$912,000.00) to be
11 imposed upon defendants in a civil action for violations of Proposition 65. Health & Safety Code
12 § 25249.7(b). Proposition 65 also allows for any court of competent jurisdiction to enjoin the
13 actions of a defendant which “violate or threaten to violate” the statute. Health & Safety Code §
14 25249.7.

15 6. Plaintiff alleges that Defendant manufactured, sold, packaged, and/or distributed in
16 California, without a requisite exposure warning, Products that expose persons to lead and
17 cadmium when consumed.

18 7. Defendant’s failure to warn consumers and other individuals in California of the
19 health hazards associated with exposure to lead and cadmium in conjunction with the
20 manufacturing, sale, packaging, and/or distribution of the Products is a violation of Proposition 65
21 and subjects Defendant to the enjoinder and civil penalties described herein.

23 ¹ On October 1, 1992, the state of California listed lead as a chemical known to cause cancer and
24 it has come under the purview of Proposition 65 regulations since that time. Cal. Code Regs. Tit.
25 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b). On February 27, 1987, the State
of California listed lead as a chemical known to cause birth defects or other reproductive harm.

26 ² On October 1, 1987, the state of California listed cadmium as a chemical known to cause cancer
27 and it has come under the purview of Proposition 65 regulations since that time. Cal. Code Regs.
28 Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b). On May 1, 1997, the State
of California listed cadmium as a chemical known to cause birth defects or other reproductive
harm.

8. Plaintiff seeks civil penalties against Defendant for its violations of Proposition 65 in accordance with Health and Safety Code § 25249.7(b).

9. Plaintiff also seeks injunctive relief, preliminarily and permanently, requiring Defendant to provide purchasers or consumers of the Products with required warnings related to the dangers and health hazards associated with exposure to lead and cadmium pursuant to Health and Safety Code § 25249.7(a).

10. Plaintiff further seeks a reasonable award of attorney's fees and costs.

PARTIES

11. Plaintiff is a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals in products sold in California and to improve human health by reducing hazardous substances contained in such items. She brings this action in the public interest pursuant to Health and Safety Code § 25249.7(d).

12. Defendant Gelson's Markets, through its business, effectively imports, distributes, sells, manufactures, packages, and/or offers the Products for sale or use in the State of California, or it implies by its conduct that it imports, distributes, sells, manufactures, packages, and/or offers the Products for sale or use in the State of California.

13. Plaintiff alleges that defendant Gelson's Markets is a "person" in the course of doing business within the meaning of Health & Safety Code sections 25249.6 and 25249.11.

VENUE AND JURISDICTION

14. Venue is proper in the County of San Francisco because one or more of the instances of wrongful conduct occurred, and continue to occur in this county and/or because Defendant conducted, and continues to conduct, business in the County of San Francisco with respect to the Products.

15. This Court has jurisdiction over this action pursuant to California Constitution Article VI, § 10, which grants the Superior Court original jurisdiction in all causes except those given by statute to other trial courts. Health and Safety Code § 25249.7 allows for the enforcement of violations of Proposition 65 in any Court of competent jurisdiction; therefore, this Court has jurisdiction over this lawsuit.

1 16. This Court has jurisdiction over Defendant because Defendant is either a citizen of
2 the State of California, has sufficient minimum contacts with the State of California, is registered
3 with the California Secretary of State as foreign corporations authorized to do business in the State
4 of California, and/or has otherwise purposefully availed itself of the California market. Such
5 purposeful availment has rendered the exercise of jurisdiction by California courts consistent and
6 permissible with traditional notions of fair play and substantial justice.

7 **STATUTORY BACKGROUND**

8 17. The people of the State of California declared in Proposition 65 their right “[t]o be
9 informed about exposures to chemicals that cause cancer, birth defects, or other reproductive
10 harm.” (Section 1(b) of Initiative Measure, Proposition 65.)

11 18. To effect this goal, Proposition 65 requires that individuals be provided with a
12 “clear and reasonable warning” before being exposed to substances listed by the State of California
13 as causing cancer and birth defects or other reproductive harm. H&S Code § 25249.6 states, in
14 pertinent part:

15 No person in the course of doing business shall knowingly and intentionally expose any
16 individual to a chemical known to the state to cause cancer or reproductive toxicity without
17 first giving clear and reasonable warning to such individual...

18 19. In this case, exposures are caused by consumer products. A “Consumer Product” is
19 defined as “any article, or component part thereof, including food, that is produced, distributed, or
20 sold for the personal use, consumption or enjoyment of a consumer.” (Cal. Code Regs., tit. 27, §
21 25600.1, subd. (d).) Food includes “dietary supplements” as defined in California Code of
22 Regulations, title 17, section 10200. (*Id.* at subd. (g).) An exposure to a chemical in a Consumer
23 Product is one “which results from a person’s acquisition, purchase, storage, consumption or other
24 reasonably foreseeable use of a consumer good, or any exposure that results from receiving a
25 consumer service.” (27 CCR § 25602, para (b).) H&S Code § 25603(c) states that “a person in the
26 course of doing business ... shall provide a warning to any person to whom the product is sold or
27 transferred unless the product is packaged or labeled with a clear and reasonable warning.”
28

1 20. Pursuant to H&S Code § 25603.1, the warning may be provided by using one or
2 more of the following methods individually or in combination:³

- 3 a. A warning that appears on a product's label or other labeling.
- 4 b. Identification of the product at the retail outlet in a manner which provides
5 a warning. Identification may be through shelf labeling, signs, menus, or a combination
6 thereof.
- 7 c. The warnings provided pursuant to subparagraphs (a) and (b) shall be
8 prominently placed upon a product's labels or other labeling or displayed at the retail outlet
9 with such conspicuousness, as compared with other words, statements, designs, or devices
10 in the label, labeling or display as to render it likely to be read and understood by an
11 ordinary individual under customary conditions of purchase or use.
- 12 d. A system of signs, public advertising identifying the system and toll-free
13 information services, or any other system that provides clear and reasonable warnings.

14 21. Proposition 65 provides that any "person who violates or threatens to violate" the
15 statute may be enjoined in a court of competent jurisdiction. (H&S Code § 25249.7.) The phrase
16 "threaten to violate" is defined to mean creating "a condition in which there is a substantial
17 probability that a violation will occur." (H&S Code § 25249.11(e).) Violators are liable for civil
18 penalties of up to \$2,500.00 per day for each violation of the Act (H&S Code § 25249.7) for up to
19 365 days (up to a maximum civil penalty amount per violation of \$912,000.00).

20 **FACTUAL BACKGROUND**

21 22. On October 1, 1992, the state of California listed lead as a chemical known to cause
22 cancer and it has come under the purview of Proposition 65 regulations since that time. Cal. Code
23 Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b). On February 27,
24 1987, the State of California listed lead as a chemical known to cause birth defects or other

25

26

27 ³ Alternatively, a person in the course of doing business may elect to comply with the warning
28 requirements set out in the amended version of 27 CCR 25601, *et seq.* as amended on August 30,
2016, and operative on August 30, 2018.

1 reproductive harm. In summary, lead was listed under Proposition 65 as a chemical known to the
2 State to cause cancer and birth defects or other reproductive harm.

3 23. On October 1, 1987, the state of California listed cadmium as a chemical known to
4 cause cancer and it has come under the purview of Proposition 65 regulations since that time. Cal.
5 Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b). On May 1,
6 1997, the State of California listed cadmium as a chemical known to cause birth defects or other
7 reproductive harm. In summary, cadmium was listed under Proposition 65 as a chemical known
8 to the State to cause cancer and birth defects or other reproductive harm.

9 24. The exposures that are the subject of the Notices result from the purchase,
10 acquisition, and recommended use of the Products. The primary route of exposure to lead and
11 cadmium is through ingestion. When foods contaminated with lead and cadmium are consumed,
12 ingestion of lead and cadmium will occur. No clear and reasonable warning is provided with the
13 Products regarding the health hazards of exposure.

14 25. Defendant has processed, marketed, manufactured, packaged, distributed, offered
15 to sell and/or sold the Products in California since at least June 12, 2025 with respect to the clams,
16 since at least June 13, 2025 with respect to the mussels, and since at least June 30, 2025 with
17 respect to the scallops. The Products continue to be distributed, marketed, sold, and offered for
18 sale in California without the requisite warning information.

19 26. At all times relevant to this action, Defendant has knowingly and intentionally
20 exposed users and/or consumers of the Products to lead and cadmium without first giving a clear
21 and reasonable exposure warning to such individuals.

22 27. As a proximate result of acts by Defendant, as a person in the course of doing
23 business within the meaning of H&S Code § 25249.11, individuals throughout the State of
24 California, including in San Francisco County, have been exposed to lead and cadmium without a
25 clear and reasonable warning on the Products. The individuals subject to the violative exposures
26 include normal and foreseeable users and consumers that use the Products, as well as all others
27 exposed to the Products.

SATISFACTION OF NOTICE REQUIREMENTS

28. Plaintiff purchased the Products from Gelson's in California. At the time of purchase, Defendant did not provide a Proposition 65 exposure warning for lead and cadmium or any other Proposition 65 listed chemical in a manner consistent with H&S Code § 25603.1 as described *supra*.

29. The Products were sent to a testing laboratory to determine if, and what amount of, lead and cadmium a consumer would be exposed to per serving size.

30. The laboratory provided the results of its analysis. Results of this test determined that consumption of a serving size of the Product will expose California consumers to lead and cadmium amount above established safe harbor levels (collectively, the "Chemical Test Reports" and each a "Chemical Test Report").

31. Plaintiff provided the Chemical Test Reports and Products to an analytical chemist to determine if, based on the findings of the Chemical Test Reports and the reasonable and foreseeable use of the Products, exposure to lead and cadmium will occur at levels that require Proposition 65 warnings under the Clear and Reasonable Warnings section 25601 of Title 27 of the California Code of Regulations.

32. On June 12, 2025 (clams), June 13, 2025 (mussels), and June 30, 2025 (scallops), Plaintiff received from the analytical chemist exposure assessment reports which concluded that persons in California who consume the Products will be exposed to levels of lead and cadmium that require a Proposition 65 exposure warning.

33. On June 12, 2025 (clams), June 13, 2025 (mussels), and June 30, 2025 (scallops), Plaintiff gave notice of alleged violation of Health and Safety Code § 25249.6 (collectively, the "Notices" and each a "Notice") to Defendant concerning the exposure of California citizens to lead and cadmium contained in the Products without proper warning, subject to a private action to Defendant and to the California Attorney General's office and the offices of the County District attorneys and City Attorneys for each city with a population greater than 750,000 persons wherein the herein violations allegedly occurred. See attached at Exhibit A – C a true and correct copy of each Notice.

1 34. The Notices complied with all procedural requirements of Proposition 65 including
2 the attachment of a Certificate of Merit affirming that Plaintiff's counsel had consulted with at
3 least one person with relevant and appropriate expertise who reviewed relevant data regarding lead
4 and cadmium exposure, and that counsel believed there was meritorious and reasonable cause for
5 a private action.

6 35. After receiving the Notices, and to Plaintiff's best information and belief, none of
7 the noticed appropriate public enforcement agencies have commenced and diligently prosecuted a
8 cause of action against Defendant under Proposition 65 to enforce the alleged violations which are
9 the subject of the Notice.

10 36. Plaintiff is commencing this action more than sixty (60) days from the date of the
11 Notices to Defendant, as required by law.

12 **FIRST CAUSE OF ACTION**

13 **(By Plaintiff against Defendant for the Violation of Proposition 65)**

14 37. Plaintiff hereby repeats and incorporates by reference paragraphs 1 through 36 of
15 this Complaint as though fully set forth herein.

16 38. Defendant has, at all times mentioned herein, acted as manufacturer, packager,
17 marketer, distributor, and/or retailer of the Product.

18 39. Consumption of the Products will expose consumers to lead and cadmium,
19 hazardous chemicals found on the Proposition 65 list of chemicals known to be hazardous to
20 human health.

21 40. The Product does not comply with the Proposition 65 warning requirements. The
22 violations of Proposition 65 alleged herein are ongoing and continuous and will continue to occur
23 into the future.

24 41. Plaintiff, based on his best information and belief, avers that at all relevant times
25 herein, and since at least June 12, 2025 with respect to the clams, since at least June 13, 2025 with
26 respect to the mussels, and since at least June 30, 2025 with respect to the scallops, continuing
27 through the present, that Defendant has continued to knowingly and intentionally expose
28

1 California consumers of the Product to lead and cadmium without providing required warnings
2 under Proposition 65.

3 42. The exposures that are the subject of the Notices result from the purchase,
4 acquisition, and recommended use of the Products. The primary route of exposure to lead and
5 cadmium is through ingestion. When foods contaminated with lead and cadmium are consumed,
6 ingestion of lead and cadmium will occur. No clear and reasonable warning is provided with the
7 Products regarding the health hazards of exposure.

8 43. Plaintiff, based on his best information and belief, avers that such exposures will
9 continue every day until clear and reasonable warnings are provided to purchasers and consumers
10 or until these known toxic chemicals are removed from the Products.

11 44. Defendant has knowledge that the normal and reasonably foreseeable consumption
12 of the Products exposes individuals to lead and cadmium, and Defendant intends that exposures to
13 lead and cadmium will occur by its deliberate, non-accidental participation in the importation,
14 manufacturing, packaging, marketing, distribution, sale and offering of the Products to consumers
15 in California

16 45. Plaintiff has engaged in good faith efforts to resolve the herein claims prior to this
17 Complaint.

18 46. Pursuant to Health and Safety Code § 25249.7(b), as a consequence of the above
19 described acts, Defendant is liable for a maximum civil penalty of \$2,500 per day per violation.

20 47. Pursuant to Health and Safety Code § 25249.7(a), this Court is specifically
21 authorized to grant injunctive relief in favor of Plaintiff and against Defendant.

60-Day Notice of Violation of California Safe Drinking Water and Toxic Enforcement Act¹

To Whom It May Concern:

This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health & Safety Code § 25249.7(d).

Brodsky Smith represents Precila Balabbo ("Balabbo"), a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals from use of consumer products sold in California and to improve human health and the environment by reducing hazardous substances.

With respect to the Product herein, Balabbo has identified a violation of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65") codified at Cal. Health & Safety Code § 25249.5, et seq. This violation has occurred and continues to occur because the alleged Violator(s) failed to provide a clear and reasonable health hazard warning in connection with the sale or use of the Product in California. Health & Safety Code § 25249.6 provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual ..." Without proper warnings regarding the toxic effects of exposures to the Listed Chemical resulting from use of the Product, California citizens lack the information necessary to make informed decisions on whether and/or how to eliminate (or reduce) the risk of exposure to the Listed Chemical from the reasonably foreseeable use of the Product.

¹ The public enforcement agencies that have been served with copies of this Notice are identified in the attached distribution list accompanying the Certificate of Service.

I. DESCRIPTION OF THE VIOLATION

1. **Enforcer:** Precila Balabbo, 285 6th Street, Unit 209, San Pedro, CA 90731; (Ph) 818-434-4023.
2. **Alleged Violator(s):** Gelson's Markets
3. **Time Period of Exposure:** Violations have been occurring since at least June 12, 2025 and are continuing to this day.
4. **Listed Chemical:** Lead and cadmium. Lead and cadmium are listed under Proposition 65 as chemicals known to the State to cause cancer and birth defects or other reproductive harm.
5. **Product:**

Product ²	Non- Exclusive Examples of the Product
Clams	Gelson's Clams UPC# 246044 607250

6. **Description of Exposure:** The exposures that are the subject of this Notice result from the purchase and recommended use of the Product. The primary route of exposure to the Listed Chemical is through ingestion. When foods contaminated with the Listed Chemical are consumed, ingestion of the Listed Chemical will occur which will increase BLLs. No clear and reasonable warning is provided with the Products regarding the health hazards of exposure to the Listed Chemical.

II. PROPOSITION 65 INFORMATION

For the Violators' reference, enclosed is a copy of "Proposition 65: A Summary" that has been prepared by the Office of Environmental Health Hazard Assessment ("OEHHA"). For more information concerning the provisions of Proposition 65, contact OEHHA at 916.445.6900.

III. RESOLUTION OF THE CLAIMS

Based on the allegations set forth in this Notice, Brodsky Smith intends to file a citizen enforcement lawsuit on behalf of Balabbo against the alleged Violator(s) unless such Violator(s) agree in a binding written agreement to: (1) recall Products already sold; (2) provide Proposition 65 compliant exposure warnings for Products sold in the future or reformulate the Products to eliminate exposures to the Listed Chemical; and (3) pay an appropriate civil penalty based on the factors enumerated in Health & Safety Code § 25249.7(b). Consistent with the public interest goals of Proposition 65 and the desire to have these violations of California law quickly rectified, Balabbo is interested in seeking a constructive resolution of the claims in this Notice without engaging in costly and protracted litigation.

² The specifically identified example of the Product in this Notice is to assist the recipients' investigation of, among other things, the magnitude of potential exposures to the Listed Chemical from other items within the definition of Products. This example is not intended to be an exhaustive or comprehensive identification of each specific offending Product. It is Balabbo's position that the alleged Violators are obligated to conduct a good faith investigation into other Products that may have been manufactured, distributed, sold, shipped, stored (or otherwise within the alleged Violators' custody or control) during the relevant period to ensure that requisite health hazard warnings were and are provided to California citizens prior to purchase and use.

Balabbo has retained me as legal counsel in connection with this Notice. **Please direct all communications regarding this Notice to my attention at Brodsky Smith, 9465 Wilshire Blvd., Ste. 300, Beverly Hills, CA 90212, (877) 534-2590, esmith@brodskysmith.com.**

Sincerely,

A handwritten signature in black ink, appearing to be 'EJ Smith', written over a horizontal line.

60-Day Notice of Violation of California Safe Drinking Water and Toxic Enforcement Act¹

To Whom It May Concern:

This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health & Safety Code § 25249.7(d).

Brodsky Smith represents Precila Balabbo ("Balabbo"), a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals from use of consumer products sold in California and to improve human health and the environment by reducing hazardous substances.

With respect to the Product herein, Balabbo has identified a violation of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65") codified at Cal. Health & Safety Code § 25249.5, et seq. This violation has occurred and continues to occur because the alleged Violator(s) failed to provide a clear and reasonable health hazard warning in connection with the sale or use of the Product in California. Health & Safety Code § 25249.6 provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual ..." Without proper warnings regarding the toxic effects of exposures to the Listed Chemical resulting from use of the Product, California citizens lack the information necessary to make informed decisions on whether and/or how to eliminate (or reduce) the risk of exposure to the Listed Chemical from the reasonably foreseeable use of the Product.

¹ The public enforcement agencies that have been served with copies of this Notice are identified in the attached distribution list accompanying the Certificate of Service.

I. DESCRIPTION OF THE VIOLATION

1. **Enforcer:** Precila Balabbo, 285 6th Street, Unit 209, San Pedro, CA 90731; (Ph) 818-434-4023.
2. **Alleged Violator(s):** Gelson's Markets
3. **Time Period of Exposure:** Violations have been occurring since at least June 13, 2025 and are continuing to this day.
4. **Listed Chemical:** Lead and cadmium. Lead and cadmium are listed under Proposition 65 as chemicals known to the State to cause cancer and birth defects or other reproductive harm.
5. **Product:**

Product ²	Non- Exclusive Examples of the Product
Mussels	Gelson's Mussels 0246190 304058

6. **Description of Exposure:** The exposures that are the subject of this Notice result from the purchase and recommended use of the Product. The primary route of exposure to the Listed Chemical is through ingestion. When foods contaminated with the Listed Chemical are consumed, ingestion of the Listed Chemical will occur which will increase BLLs. No clear and reasonable warning is provided with the Products regarding the health hazards of exposure to the Listed Chemical.

II. PROPOSITION 65 INFORMATION

For the Violators' reference, enclosed is a copy of "Proposition 65: A Summary" that has been prepared by the Office of Environmental Health Hazard Assessment ("OEHHA"). For more information concerning the provisions of Proposition 65, contact OEHHA at 916.445.6900.

III. RESOLUTION OF THE CLAIMS

Based on the allegations set forth in this Notice, Brodsky Smith intends to file a citizen enforcement lawsuit on behalf of Balabbo against the alleged Violator(s) unless such Violator(s) agree in a binding written agreement to: (1) recall Products already sold; (2) provide Proposition 65 compliant exposure warnings for Products sold in the future or reformulate the Products to eliminate exposures to the Listed Chemical; and (3) pay an appropriate civil penalty based on the factors enumerated in Health & Safety Code § 25249.7(b). Consistent with the public interest goals of Proposition 65 and the desire to have these violations of California law quickly rectified, Balabbo is interested in seeking a constructive resolution of the claims in this Notice without engaging in costly and protracted litigation.

² The specifically identified example of the Product in this Notice is to assist the recipients' investigation of, among other things, the magnitude of potential exposures to the Listed Chemical from other items within the definition of Products. This example is not intended to be an exhaustive or comprehensive identification of each specific offending Product. It is Balabbo's position that the alleged Violators are obligated to conduct a good faith investigation into other Products that may have been manufactured, distributed, sold, shipped, stored (or otherwise within the alleged Violators' custody or control) during the relevant period to ensure that requisite health hazard warnings were and are provided to California citizens prior to purchase and use.

Balabbo has retained me as legal counsel in connection with this Notice. **Please direct all communications regarding this Notice to my attention at Brodsky Smith, 9465 Wilshire Blvd., Ste. 300, Beverly Hills, CA 90212, (877) 534-2590, esmith@brodskysmith.com.**

Sincerely,

A handwritten signature in black ink, appearing to be 'EJ Smith', written over a horizontal line.

60-Day Notice of Violation of California Safe Drinking Water and Toxic Enforcement Act¹

To Whom It May Concern:

This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health & Safety Code § 25249.7(d).

Brodsky Smith represents Precila Balabbo ("Balabbo"), a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals from use of consumer products sold in California and to improve human health and the environment by reducing hazardous substances.

With respect to the Product herein, Balabbo has identified a violation of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65") codified at Cal. Health & Safety Code § 25249.5, et seq. This violation has occurred and continues to occur because the alleged Violator(s) failed to provide a clear and reasonable health hazard warning in connection with the sale or use of the Product in California. Health & Safety Code § 25249.6 provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual ..." Without proper warnings regarding the toxic effects of exposures to the Listed Chemical resulting from use of the Product, California citizens lack the information necessary to make informed decisions on whether and/or how to eliminate (or reduce) the risk of exposure to the Listed Chemical from the reasonably foreseeable use of the Product.

¹ The public enforcement agencies that have been served with copies of this Notice are identified in the attached distribution list accompanying the Certificate of Service.

I. DESCRIPTION OF THE VIOLATION

1. **Enforcer:** Precila Balabbo, 285 6th Street, Unit 209, San Pedro, CA 90731; (Ph) 818-434-4023.
2. **Alleged Violator(s):** Gelson's Markets
3. **Time Period of Exposure:** Violations have been occurring since at least June 30, 2025 and are continuing to this day.
4. **Listed Chemical:** Lead and cadmium. Lead and cadmium are listed under Proposition 65 as chemicals known to the State to cause cancer and birth defects or other reproductive harm.
5. **Product:**

Product ²	Non- Exclusive Examples of the Product
Scallops	Gelson's Scallops 246281708246

6. **Description of Exposure:** The exposures that are the subject of this Notice result from the purchase and recommended use of the Product. The primary route of exposure to the Listed Chemical is through ingestion. When foods contaminated with the Listed Chemical are consumed, ingestion of the Listed Chemical will occur which will increase BLLs. No clear and reasonable warning is provided with the Products regarding the health hazards of exposure to the Listed Chemical.

II. PROPOSITION 65 INFORMATION

For the Violators' reference, enclosed is a copy of "Proposition 65: A Summary" that has been prepared by the Office of Environmental Health Hazard Assessment ("OEHHA"). For more information concerning the provisions of Proposition 65, contact OEHHA at 916.445.6900.

III. RESOLUTION OF THE CLAIMS

Based on the allegations set forth in this Notice, Brodsky Smith intends to file a citizen enforcement lawsuit on behalf of Balabbo against the alleged Violator(s) unless such Violator(s) agree in a binding written agreement to: (1) recall Products already sold; (2) provide Proposition 65 compliant exposure warnings for Products sold in the future or reformulate the Products to eliminate exposures to the Listed Chemical; and (3) pay an appropriate civil penalty based on the factors enumerated in Health & Safety Code § 25249.7(b). Consistent with the public interest goals of Proposition 65 and the desire to have these violations of California law quickly rectified, Balabbo is interested in seeking a constructive resolution of the claims in this Notice without engaging in costly and protracted litigation.

² The specifically identified example of the Product in this Notice is to assist the recipients' investigation of, among other things, the magnitude of potential exposures to the Listed Chemical from other items within the definition of Products. This example is not intended to be an exhaustive or comprehensive identification of each specific offending Product. It is Balabbo's position that the alleged Violators are obligated to conduct a good faith investigation into other Products that may have been manufactured, distributed, sold, shipped, stored (or otherwise within the alleged Violators' custody or control) during the relevant period to ensure that requisite health hazard warnings were and are provided to California citizens prior to purchase and use.

Balabbo has retained me as legal counsel in connection with this Notice. **Please direct all communications regarding this Notice to my attention at Brodsky Smith, 9465 Wilshire Blvd., Ste. 300, Beverly Hills, CA 90212, (877) 534-2590, esmith@brodskysmith.com.**

Sincerely,

Evan J. Smith
