**INTRODUCTION**

1  
2           1.       This Complaint is a representative action brought by Environmental Health Advocates,  
3 Inc. (“Plaintiff”) in the public interest of the citizens of the State of California (“the People”). Plaintiff  
4 seeks to remedy Defendants’ failure to inform the People of exposure to Δ<sup>9</sup> - Tetrahydrocannabinol (also  
5 known as “Delta-9-THC” or “THC”), a known reproductive/developmental toxin. Defendants expose  
6 consumers to THC by manufacturing, importing, selling, and/or distributing THC-infused spirits  
7 including, but not limited to, Pamos Microdose Spirit (“Products”). Defendants know and intend that  
8 customers will inhale or ingest Products containing THC.

9           2.       Under California’s Safe Drinking Water and Toxic Enforcement Act of 1986, California  
10 Health and Safety Code, section 25249.6 et seq. (“Proposition 65”), “[n]o person in the course of doing  
11 business shall knowingly and intentionally expose any individual to a chemical known to the state to  
12 cause cancer or reproductive toxicity without first giving clear and reasonable warning to such  
13 individual. . . .” (Health & Safety Code, § 25249.6.)

14           3.       California identified and listed THC as a chemical known to cause  
15 developmental/reproductive harm on January 3, 2020.

16           4.       Defendants failed to sufficiently warn consumers and individuals in California about  
17 potential exposure to THC in connection with Defendants’ manufacture, import, sale, or distribution of  
18 Products. This is a violation of Proposition 65.

19           5.       Plaintiff seeks injunctive relief compelling Defendants to sufficiently warn consumers  
20 in California before exposing them to THC in Products. (Health & Safety Code, § 25249.7(a).) Plaintiff  
21 also seeks civil penalties against Defendants for violations of Proposition 65 along with attorney’s fees  
22 and costs. (Health & Safety Code, § 25249.7(b).)

**II.**
