10 COUNTY OF SAN FRANCISCO

11 GABRIEL ESPINOZA,

12 Plaintiff,

13 vs.

14 ROSS STORES, INC.,

15 Defendant.

Case No.:

CGC-26-639606

**COMPLAINT FOR CIVIL PENALTIES AND
INJUNCTIVE RELIEF**

**(Violation of Health & Safety Code § 25249.5 et
seq.)**

16 Plaintiff Gabriel Espinoza ("Plaintiff"), by and through his attorneys, alleges the following
17 cause of action in the public interest of the citizens of the State of California.

BACKGROUND OF THE CASE

18 1. Plaintiff brings this representative action on behalf of all California citizens to
19 enforce relevant portions of Safe Drinking Water and Toxic Enforcement Act of 1986, codified at
20 the Health and Safety Code § 25249.5 et seq ("Proposition 65"), which reads, in relevant part,
21 "[n]o person in the course of doing business shall knowingly and intentionally expose any
22 individual to a chemical known to the state to cause cancer or reproductive toxicity without first
23 giving clear and reasonable warning to such individual ...". Health & Safety Code § 25249.6.

24 2. This complaint is a representative action brought by Plaintiff in the public interest
25 of the citizens of the State of California to enforce the People's right to be informed of the health
26 hazards caused by exposure to lead and/or di(2-ethylhexyl) phthalate (DEHP), toxic chemicals
27 found in products sold and/or distributed by defendant Ross Stores, Inc. ("Ross" or "Defendant")
28 in California.

1 3. DEHP¹ and lead² are harmful chemicals known to the State of California to cause
2 cancer and birth defects or other reproductive harm.

3 4. Proposition 65 requires all businesses with ten (10) or more employees that operate
4 within California or sell products therein to comply with Proposition 65 regulations. Included in
5 such regulations is the requirement that businesses must label any product containing a Proposition
6 65-listed chemical that will create an exposure above safe harbor levels with a “clear and
7 reasonable” warning before “knowingly and intentionally” exposing any person to any such listed
8 chemical.

9 5. Proposition 65 allows for civil penalties of up to \$2,500.00 per day per violation
10 for up to 365 days to be imposed upon defendants in a civil action for violations of Proposition 65.
11 Health & Safety Code § 25249.7(b). Proposition 65 also allows for any court of competent
12 jurisdiction to enjoin the actions of a defendant which “violate or threaten to violate” the statute.
13 Health & Safety Code § 25249.7.

14 6. Plaintiff alleges that Defendant distributes and/or offers for sale in California,
15 without a requisite exposure warning, (a) Pro One by NLJ Traders block vests manufactured,
16 distributed, and/or sold by NLJ Traders LLC (DEHP), and/or (b) Crazy Noodle Co. ramen
17 manufactured, distributed, and/or sold by Original Gourmet Food Company Inc. (lead)
18 (collectively, the “Products” and each a “Product”) that expose persons to lead and/or DEHP when
19 used and/or consumed for their intended purpose.

20 7. Defendant’s failure to warn consumers and other individuals in California of the
21 health hazards associated with exposure to lead and/or DEHP in conjunction with the sale and/or
22

23 ¹ On January 1, 1988, the State of California listed DEHP as a chemical known to the State to
24 cause cancer and it has come under the purview of Proposition 65 regulations since that time. Cal.
25 Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b). On October 24,
2003, the State of California listed DEHP as a chemical known to cause birth defects or other
reproductive harm.

26 ² On October 1, 1992, the state of California listed lead as a chemical known to cause cancer and
27 it has come under the purview of Proposition 65 regulations since that time. Cal. Code Regs. Tit.
28 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b). On February 27, 1987, the State
of California listed lead as a chemical known to cause birth defects or other reproductive harm.

1 distribution of the Products is a violation of Proposition 65 and subjects Defendant to the
2 enjoinder and civil penalties described herein.

3 8. Plaintiff seeks civil penalties against Defendant for its violations of Proposition 65
4 in accordance with Health and Safety Code § 25249.7(b).

5 9. Plaintiff also seeks injunctive relief, preliminarily and permanently, requiring
6 Defendant to provide purchasers or users of the Products with required warnings related to the
7 dangers and health hazards associated with exposure to lead and/or DEHP pursuant to Health and
8 Safety Code § 25249.7(a).

9 10. Plaintiff further seeks a reasonable award of attorney's fees and costs.

10 PARTIES

11 11. Plaintiff is a citizen of the State of California acting in the interest of the general
12 public to promote awareness of exposures to toxic chemicals in products sold in California and to
13 improve human health by reducing hazardous substances contained in such items. He brings this
14 action in the public interest pursuant to Health and Safety Code § 25249.7(d).

15 12. Defendant Ross Stores, Inc., through its business, effectively imports, distributes,
16 sells, and/or offers the Products for sale or use in the State of California, or it implies by its conduct
17 that it imports, distributes, sells, and/or offers the Products for sale or use in the State of California.
18 Plaintiff alleges that defendant Ross Stores, Inc. is a "person" in the course of doing business
19 within the meaning of Health & Safety Code sections 25249.6 and 25249.11.

20 VENUE AND JURISDICTION

21 13. Venue is proper in the County of San Francisco because one or more of the
22 instances of wrongful conduct occurred and continue to occur in this county and/or because
23 Defendant conducted, and continues to conduct, business in the County of San Francisco with
24 respect to the Products. The Products are distributed, marketed, and sold to consumers throughout
25 San Francisco County, the alleged Proposition 65 violations necessarily occurred here. Upon
26 information and belief, the Products are consistently in the stream of commerce and available to
27 consumers for purchase in the City and County of San Francisco.

14. This Court has jurisdiction over this action pursuant to California Constitution Article VI, § 10, which grants the Superior Court original jurisdiction in all causes except those given by statute to other trial courts. Health and Safety Code § 25249.7 allows for the enforcement of violations of Proposition 65 in any Court of competent jurisdiction; therefore, this Court has jurisdiction over this lawsuit.

15. This Court has jurisdiction over Defendant because Defendant is either a citizen of the State of California, has sufficient minimum contacts with the State of California, is registered with the California Secretary of State as foreign corporations authorized to do business in the State of California, and/or has otherwise purposefully availed itself of the California market. Such purposeful availment has rendered the exercise of jurisdiction by California courts consistent and permissible with traditional notions of fair play and substantial justice. Public policy further supports this conclusion.

STATUTORY BACKGROUND

16. The people of the State of California declared in Proposition 65 their right “[t]o be informed about exposures to chemicals that cause cancer, birth defects, or other reproductive harm.” (Section 1(b) of Initiative Measure, Proposition 65.)

17. To effect this goal, Proposition 65 requires that individuals be provided with a “clear and reasonable warning” before being exposed to substances listed by the State of California as causing cancer or birth defects or other reproductive harm. H&S Code § 25249.6 states, in pertinent part:

No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual...

18. An exposure to a chemical in a consumer product is one “which results from a person’s acquisition, purchase, storage, consumption or other reasonably foreseeable use of a consumer good, or any exposure that results from receiving a consumer service.” (27 CCR § 25602, para (b).) H&S Code § 25603(c) states that “a person in the course of doing business ... shall provide a warning to any person to whom the product is sold or transferred unless the product is packaged or labeled with a clear and reasonable warning.”

1 19. Pursuant to H&S Code § 25603.1, the warning may be provided by using one or
2 more of the following methods individually or in combination:³

3 a. A warning that appears on a product's label or other labeling.

4 b. Identification of the product at the retail outlet in a manner which provides
5 a warning. Identification may be through shelf labeling, signs, menus, or a combination
6 thereof.

7 c. The warnings provided pursuant to subparagraphs (a) and (b) shall be
8 prominently placed upon a product's labels or other labeling or displayed at the retail outlet
9 with such conspicuousness, as compared with other words, statements, designs, or devices
10 in the label, labeling or display as to render it likely to be read and understood by an
11 ordinary individual under customary conditions of purchase or use.

12 d. A system of signs, public advertising identifying the system and toll-free
13 information services, or any other system that provides clear and reasonable warnings.

14 20. Proposition 65 provides that any "person who violates or threatens to violate" the
15 statute may be enjoined in a court of competent jurisdiction. (H&S Code § 25249.7.) The phrase
16 "threaten to violate" is defined to mean creating "a condition in which there is a substantial
17 probability that a violation will occur." (H&S Code § 25249.11(e).) Violators are liable for civil
18 penalties of up to \$2,500.00 per day for each violation of the Act (H&S Code § 25249.7) for up to
19 365 days.

20 21. Pursuant to Cal. Code Regs. Tit. 27, § 25600.2(e), a retail seller is responsible for
21 providing the warning required by § 25249.6 of the Act for a consumer product exposure when
22 one or more of the following circumstances exist: (a) the retailer seller is selling the product under
23 a brand or trademark that is owned or licensed by the retail seller or an affiliated entity; (b) the
24 retailer seller has knowingly introduced a listed chemical into the product, or knowingly caused
25

26 _____
27 ³ Alternatively, a person in the course of doing business may elect to comply with the warning
28 requirements set out in the amended version of 27 CCR 25601, *et.seq.* as amended on August 30,
2016, and operative on August 30, 2018.

1 the listed chemical to be created in the product; (c) the retail seller has covered, obscured or altered
2 a warning label that has been affixed to the product pursuant to § 25600.2(b); (d) the retail seller
3 has received a notice and warning materials for the exposure pursuant to § 25600.2(b)-(c) and the
4 retail seller has sold the product without conspicuously posting or displaying the warning; or (e)
5 the retailer seller has actual knowledge of the potential consumer product exposure requiring the
6 warning, and there is no manufacturer, producer, packager, importer, supplier, or distributor of the
7 product who: (i) is a “person in the course of doing business under § 25249.11(b) of the Act, and
8 (ii) has designated an agent for service of process in California, or has a place of business in
9 California.

10 **FACTUAL BACKGROUND**

11 22. On January 1, 1988, the State of California listed DEHP as a chemical known to
12 the State to cause cancer and it has come under the purview of Proposition 65 regulations since
13 that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b).
14 On October 24, 2003, the State of California listed DEHP as a chemical known to cause birth
15 defects or other reproductive harm.

16 23. On October 1, 1992, the state of California listed lead as a chemical known to cause
17 cancer and it has come under the purview of Proposition 65 regulations since that time. Cal. Code
18 Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b). On February 27,
19 1987, the State of California listed lead as a chemical known to cause birth defects or other
20 reproductive harm.

21 24. Plaintiff purchased the Products from Defendant in California. At the time of the
22 purchase, Defendant did not provide a clear and reasonable exposure warning pursuant to Cal.
23 Code Regs. Tit. 27, § 25602.

24 25. On August 7, 2025 (Pro One by NLJ Traders block vests) and March 13, 2026
25 (Crazy Noodle Co. ramen), Plaintiff served notice of alleged violation of Health and Safety Code
26 § 25249.6 (collectively, the “Notices” and each a “Notice”) to Defendant concerning the exposure
27 of California citizens to lead and/or DEHP from use and/or consumption of the Products without
28 proper warning, subject to a private action to Defendant and to the California Attorney General’s

1 office and the offices of the County District attorneys and City Attorneys for each city with a
2 population greater than 750,000 persons wherein the herein violations allegedly occurred. The
3 exposures that are the subject of the Notices result from the purchase, acquisition, handling and
4 recommended use of the Products. The primary route of exposure to DEHP is through dermal
5 absorption directly through the skin when consumers use, touch, or handle the Products. Exposure
6 through ingestion will occur by touching the Products with subsequent touching of the user's hand
7 to mouth. The primary route of exposure to lead in food products is through ingestion. When foods
8 contaminated with lead are consumed, ingestion of lead will occur which will increase blood lead
9 levels. No clear and reasonable warning is provided with the Products regarding the health hazards
10 of exposure. See attached at Exhibits A – B a true and correct copy of each Notice.

11 26. Defendant has actual knowledge that sales of the Products in California will result
12 in an actionable consumer product exposure pursuant to Cal. Health & Safety Code § 25249.5 et
13 seq.

14 27. Defendant has sold the Products under a brand or trademark that is owned or
15 licensed by Defendant or an affiliated entity; and/or Defendant has knowingly introduced lead
16 and/or DEHP into the Products, or knowingly caused lead and/or DEHP to be created in the
17 Products; and/or Defendant has covered, obscured or altered a warning label that has been affixed
18 to the Products pursuant to § 25600.2(b); and/or Defendant has received a notice and warning
19 materials for the exposure pursuant to § 25600.2(b)-(c) and Defendant has sold the product without
20 conspicuously posting or displaying the warning; and/or Defendant has actual knowledge of the
21 potential consumer product exposure requiring the warning, and there is no manufacturer,
22 producer, packager, importer, supplier, or distributor of the Products who: (i) is a "person in the
23 course of doing business under § 25249.11(b) of the Act, and (ii) has designated an agent for
24 service of process in California, or has a place of business in California.

25 28. At all times relevant to this action, Defendant has knowingly and intentionally
26 exposed users of the Products to lead and/or DEHP without first giving a clear and reasonable
27 exposure warning to such individuals.

1 29. As a proximate result of acts by Defendant, as a person in the course of doing
2 business within the meaning of H&S Code § 25249.11, individuals throughout the State of
3 California, including in San Francisco County, have been exposed to lead and/or DEHP without a
4 clear and reasonable warning on the Products. The individuals subject to the violative exposures
5 include normal and foreseeable users and consumers that use the Products, as well as all others
6 exposed to the Products.

7 **SATISFACTION OF NOTICE REQUIREMENTS**

8 30. Plaintiff purchased the Products from Ross in California. At the time of purchase,
9 Ross did not provide a Proposition 65 exposure warning for lead and/or DEHP or any other
10 Proposition 65 listed chemical in a manner consistent with H&S Code § 25603.1 as described
11 *supra*.

12 31. The Pro One by NLJ Traders block vests were sent to a testing laboratory for
13 phthalate testing to determine the phthalate content of the Pro One by NLJ Traders block vests.

14 32. The Crazy Noodle Co. ramen were sent to a testing laboratory to determine if, and
15 what amount of, lead a consumer would be exposed to per serving size.

16 33. The laboratory provided the results of its analysis. Results of these tests determined
17 the Products exposes users and/or consumers to lead and/or DEHP (collectively, the “Chemical
18 Test Reports” and each a “Chemical Test Report”).

19 34. Plaintiff provided the Chemical Test Reports and Products to an analytical chemist
20 to determine if, based on the findings of the Chemical Test Reports and the reasonable and
21 foreseeable use of the Products, exposure to lead and/or DEHP will occur at levels that require
22 Proposition 65 warnings under the Clear and Reasonable Warnings section 25601 of Title 27 of
23 the California Code of Regulations.

24 35. On August 7, 2025 (Pro One by NLJ Traders block vests) and March 13, 2026
25 (Crazy Noodle Co. ramen), Plaintiff received from the analytical chemist exposure assessment
26 reports which concluded that persons in California who use and/or consumer the Products will be
27 exposed to levels of lead and/or DEHP that require a Proposition 65 exposure warning.

36. On August 7, 2025 (Pro One by NLJ Traders block vests) and March 13, 2026 (Crazy Noodle Co. ramen), Plaintiff served the Notices on Defendant concerning the exposure of California citizens to lead and/or DEHP from use and/or consumption of the Products without proper warning, subject to a private action to Defendant and to the California Attorney General's office and the offices of the County District attorneys and City Attorneys for each city with a population greater than 750,000 persons wherein the herein violations allegedly occurred.

37. The Notices complied with all procedural requirements of Proposition 65 including the attachment of a Certificate of Merit affirming that Plaintiff's counsel had consulted with at least one person with relevant and appropriate expertise who reviewed relevant data regarding lead and/or DEHP exposure, and that counsel believed there was meritorious and reasonable cause for a private action.

38. After receiving the Notices, and to Plaintiff's best information and belief, none of the noticed appropriate public enforcement agencies have commenced and diligently prosecuted a cause of action against Defendant under Proposition 65 to enforce the alleged violations which are the subject of the Notices.

39. Plaintiff is commencing this action more than sixty (60) days from the date of each Notice to Defendant, as required by law.

FIRST CAUSE OF ACTION

(By Plaintiff against Defendant for the Violation of Proposition 65)

40. Plaintiff hereby repeats and incorporates by reference paragraphs 1 through 39 of this Complaint as though fully set forth herein.

41. On August 7, 2025 (Pro One by NLJ Traders block vests) and March 13, 2026 (Crazy Noodle Co. ramen), Plaintiff served the Notices on Defendant concerning the exposure of California citizens to lead and/or DEHP from use and/or consumption of the Products without proper warning, subject to a private action to Defendant and to the California Attorney General's office and the offices of the County District attorneys and City Attorneys for each city with a population greater than 750,000 persons wherein the herein violations allegedly occurred.

1 42. The Notices give Defendant actual knowledge of the potential consumer product
2 exposure requiring the warning pursuant to Cal. Code Regs, Tit. 27, § 25600.2. Use and/or
3 consumption of the Products will expose users and consumers thereof to lead and/or DEHP,
4 hazardous chemicals found on the Proposition 65 list of chemicals known to be hazardous to
5 human health.

6 43. The Products do not comply with the Proposition 65 warning requirements.

7 44. Plaintiff, based on his best information and belief, avers that at all relevant times
8 herein, and since at least August 7, 2025 with respect to the Pro One by NLJ Traders block vests;
9 and since at least March 13, 2026 with respect to the Crazy Noodle Co. ramen, continuing until
10 the present, that Defendant has continued to knowingly and intentionally expose California users
11 and consumers of the Products to lead and/or DEHP without providing required warnings under
12 Proposition 65.

13 45. Defendant continues to sell the Products under a brand or trademark that is owned
14 or licensed by Defendant or an affiliated entity; and/or Defendant has knowingly introduced lead
15 and/or DEHP into the Products, or knowingly caused lead and/or DEHP to be created in the
16 Products; and/or Defendant has covered, obscured or altered a warning label that has been affixed
17 to the Products pursuant to § 25600.2(b); and/or Defendant has received a notice and warning
18 materials for the exposure pursuant to § 25600.2(b)-(c) and Defendant has sold the product without
19 conspicuously posting or displaying the warning; and/or Defendant has actual knowledge of the
20 potential consumer product exposure requiring the warning, and there is no manufacturer,
21 producer, packager, importer, supplier, or distributor of the Products who: (i) is a “person in the
22 course of doing business under § 25249.11(b) of the Act, and (ii) has designated an agent for
23 service of process in California, or has a place of business in California

24 46. The exposures that are the subject of the Notices result from the purchase,
25 acquisition, handling and recommended use and/or consumption of the Products. The primary
26 route of exposure to DEHP is through dermal absorption directly through the skin when consumers
27 use, touch, or handle the Products. Exposure through ingestion will occur by touching the Product
28 with subsequent touching of the user’s hand to mouth. The primary route of exposure to lead in

1 food products is through ingestion. When foods contaminated with lead are consumed, ingestion
2 of lead will occur which will increase blood lead levels. No clear and reasonable warning is
3 provided with the Products regarding the health hazards of exposure.

4 47. Plaintiff, based on his best information and belief, avers that such exposures will
5 continue every day until clear and reasonable warnings are provided to purchasers and users or
6 until these known toxic chemicals are removed from the Products.

7 48. Defendant has knowledge that the normal and reasonably foreseeable use and/or
8 consumption of the Products exposes individuals to lead and/or DEHP, and Defendant intends that
9 exposures to lead and/or DEHP will occur by their deliberate, non-accidental participation in the
10 importation, distribution, sale and offering of the Products to consumers in California.

11 49. Plaintiff has engaged in good faith efforts to resolve the herein claims prior to this
12 Complaint.

13 50. Pursuant to Health and Safety Code § 25249.7(b), as a consequence of the above
14 described acts, Defendant is liable for a maximum civil penalty of \$2,500 per day per violation.

15 51. Pursuant to Health and Safety Code § 25249.7(a), this Court is specifically
16 authorized to grant injunctive relief in favor of Plaintiff and against Defendant.

1 **PRAYER FOR RELIEF**

2 WHEREFORE, Plaintiff demands judgment against Defendant and requests the following
3 relief:

4 A. That the court assess civil penalties against Defendant in the amount of \$2,500 per
5 day for each violation for up to 365 days in accordance with Health and Safety Code §
6 25249.7(b);

7 B. That the court preliminarily and permanently enjoin Defendant mandating
8 Proposition 65 compliant warnings on the Products;

9 C. That the court grant Plaintiff reasonable attorney's fees and costs of suit, in the
10 amount of \$50,000.00.

11 D. That the court grant any further relief as may be just and proper.

III. RESOLUTION OF THE CLAIMS

Based on the allegations set forth in this Notice, Brodsky Smith intends to file a citizen enforcement lawsuit on behalf of Espinoza against the alleged Violator(s) unless such Violator(s) agree in a binding written agreement to: (1) recall Products already sold; (2) provide Proposition 65 compliant exposure warnings for Products sold in the future or reformulate the Products to eliminate exposures to the Listed Chemical; and (3) pay an appropriate civil penalty based on the factors enumerated in Health & Safety Code § 25249.7(b). Consistent with the public interest goals of Proposition 65 and the desire to have these violations of California law quickly rectified, Espinoza is interested in seeking a constructive resolution of the claims in this Notice without engaging in costly and protracted litigation.

² The specifically identified example of the Product in this Notice is to assist the recipients' investigation of, among other things, the magnitude of potential exposures to the Listed Chemical from other items within the definition of Products. This example is not intended to be an exhaustive or comprehensive identification of each specific offending Product. It is Espinoza's position that the alleged Violators are obligated to conduct a good faith investigation into other Products that may have been manufactured, distributed, sold, shipped, stored (or otherwise within the alleged Violators' custody or control) during the relevant period to ensure that requisite health hazard warnings were and are provided to California citizens prior to purchase and use.

Espinoza has retained me as legal counsel in connection with this Notice. **Please direct all communications regarding this Notice to my attention at Brodsky Smith, 9465 Wilshire Blvd., Ste. 300, Beverly Hills, CA 90212, (877) 534-2590, esmith@brodskysmith.com.**

To Whom It May Concern:

This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health & Safety Code § 25249.7(d).
