10. This Court has jurisdiction over Defendants named herein because Defendants either reside or are located in this State or are foreign corporations authorized to do business in California, are registered with the California Secretary of State, or who do sufficient business in California, have sufficient minimum contacts with California, or otherwise intentionally avail themselves of the markets within California through their manufacture, distribution, promotion, marketing, or sale of their products within California to render the exercise of jurisdiction by the California courts permissible under traditional notions of fair play and substantial justice.

BACKGROUND AND PRELIMINARY FACTS

12. In 1986, California voters approved an initiative to address growing concerns about exposure to toxic chemicals and declared their right “[t]o be informed about exposures to

chemicals that cause cancer, birth defects, or other reproductive harm." Ballot Pamp., Proposed Law, Gen. Elec. (Nov. 4, 1986) at p. 3. The initiative, The Safe Drinking Water and Toxic Enforcement Act of 1986, codified at Health and Safety Code Sections 25249.5, *et seq.* ("Proposition 65"), helps to protect California's drinking water sources from contamination, to allow consumers to make informed choices about the products they buy, and to enable persons to protect themselves from toxic chemicals as they see fit.

13. Proposition 65 requires the Governor of California to publish a list of chemicals known to the state to cause cancer, birth defects, or other reproductive harm. *Health & Safety Code* § 25249.8. The list, which the Governor updates at least once a year, contains over 700 chemicals and chemical families. Proposition 65 imposes warning requirements and other controls that apply to Proposition 65-listed chemicals.

14. All businesses with ten (10) or more employees that operate or sell products in California must comply with Proposition 65. Under Proposition 65, businesses are: (1) prohibited from knowingly discharging Proposition 65-listed chemicals into sources of drinking water (*Health & Safety Code* § 25249.5), and (2) required to provide "clear and reasonable" warnings before exposing a person, knowingly and intentionally, to a Proposition 65-listed chemical (*Health & Safety Code* § 25249.6).

15. Proposition 65 provides that any person "violating or threatening to violate" the statute may be enjoined in any court of competent jurisdiction. *Health & Safety Code* § 25249.7. "Threaten to violate" means "to create a condition in which there is a substantial probability that a violation will occur." *Health & Safety Code* § 25249.11(e). Defendants are also liable for civil penalties of up to \$2,500.00 per day per violation, recoverable in a civil action. *Health & Safety Code* § 25249.7(b).

16. Plaintiff identified certain practices of manufacturers and distributors of Plastic Tablecloth Protector of exposing, knowingly and intentionally, persons in California to Diisononyl Phthalate of such products without first providing clear and reasonable

warnings of such to the exposed persons prior to the time of exposure. Plaintiff later discerned that Defendants engaged in such practice.

17. On December 20, 2013, the Governor of California added Diisononyl Phthalate (“DINP”) to the list of chemicals known to the State to cause cancer (*Cal. Code Regs.* tit. 27, § 27001(b)). Pursuant to Health and Safety Code sections 25249.9 and 25249.10, twenty (20) months after addition of DINP to the list of chemicals known to the State to cause cancer, DINP became fully subject to Proposition 65 warning requirements and discharge prohibitions.

SATISFACTION OF PRIOR NOTICE

18. Plaintiff served the following notices for alleged violations of Health and Safety Code Section 25249.6, concerning consumer products exposures:

- a. On or about March 18, 2026, Plaintiff gave notice of alleged violations of Health and Safety Code Section 25249.6, concerning consumer products exposures subject to a private action to COTTON VALLEY, ROSS and to the California Attorney General, County District Attorneys, and City Attorneys for each city containing a population of at least 750,000 people in whose jurisdictions the violations allegedly occurred, concerning the Plastic Tablecloth Protector.

19. Before sending the notice of alleged violations, Plaintiff investigated the consumer products involved, the likelihood that such products would cause users to suffer significant exposures to DINP, and the corporate structure of each of the Defendants.

20. Plaintiff’s notice of alleged violation included a Certificate of Merit executed by the attorney for the noticing party, CAG. The Certificate of Merit stated that the attorney for Plaintiff who executed the certificate had consulted with at least one person with relevant and appropriate expertise who reviewed data regarding the exposures to DINP, the subject Proposition 65-listed chemical of this action. Based on that information, the attorney for Plaintiff who executed the Certificate of Merit believed there was a

reasonable and meritorious case for this private action. The attorney for Plaintiff attached to the Certificate of Merit served on the Attorney General the confidential factual information sufficient to establish the basis of the Certificate of Merit.

21. Plaintiff's notice of alleged violations also included a Certificate of Service and a document entitled "The Safe Drinking Water & Toxic Enforcement Act of 1986 (Proposition 65) A Summary." *Health & Safety Code* § 25249.7(d).

22. Plaintiff is commencing this action more than sixty (60) days from the dates that Plaintiff gave notice of the alleged violations to COTTON VALLEY, ROSS, and the public prosecutors referenced in Paragraph 18.

23. Plaintiff is informed, believes, and thereon alleges that neither the Attorney General, nor any applicable district attorney or city attorney has commenced and is diligently prosecuting an action against the Defendants.

FIRST CAUSE OF ACTION

(By CONSUMER ADVOCACY GROUP, INC. and against COTTON VALLEY, ROSS and DOES 1-10 for Violations of Proposition 65, The Safe Drinking Water and Toxic Enforcement Act of 1986 (*Health & Safety Code*, §§ 25249.5, *et seq.*))

Home Accessories

24. Plaintiff repeats and incorporates by reference paragraphs 1 through 23 of this complaint as though fully set forth herein.

25. Each of the Defendants is, and at all times mentioned herein was, a manufacturer, distributor, promoter, or retailer of Plastic Tablecloth Protector ("Tablecloth Protector"), identified as: "Homestyle Essentials"; "Tablecloth Protector"; "Heavy Duty"; "60 X 108 INCHES"; "Material: PVC"; "Distributed By: COTTON VALLEY, LLC"; "Item # CV76617"; "UPC 878848766170".

26. Tablecloth Protector contains DINP.

27. Defendants knew or should have known that DINP has been identified by the State of California as a chemical known to cause cancer and therefore was subject to Proposition 65 warning requirements. Defendants were also informed of the presence of DINP in

Tablecloth Protector within Plaintiff's notice of alleged violations further discussed above at Paragraphs 18a.

28. Plaintiff's allegations regarding Tablecloth Protector concerns "[c]onsumer products exposure[s]," which "is an exposure that results from a person's acquisition, purchase, storage, consumption, or other reasonably foreseeable use of a consumer good, or any exposure that results from receiving a consumer service." *Cal. Code Regs. tit. 27, § 25602(b)*. Tablecloth Protector is consumer products, and, as mentioned herein, exposures to DINP took place as a result of such normal and foreseeable consumption and use.
29. Plaintiff is informed, believes, and thereon alleges that between March 18, 2023 and the present, each of the Defendants knowingly and intentionally exposed California consumers and users of Tablecloth Protector, which Defendants manufactured, distributed, or sold as mentioned above, to DINP, without first providing any type of clear and reasonable warning of such to the exposed persons before the time of exposure. Defendants have distributed and sold Tablecloth Protector in California. Defendants know and intend that California consumers will use and consume Tablecloth Protector, thereby exposing them to DINP. Further, Plaintiff is informed, believes, and thereon alleges that Defendants are selling Tablecloth Protector under a brand or trademark that is owned or licensed by the Defendants or an entity affiliated thereto; have knowingly introduced DINP into Tablecloth Protector or knowingly caused DINP to be created in Tablecloth Protector; have covered, obscured or altered a warning label that has been affixed to Tablecloth Protector by the manufacturer, producer, packager, importer, supplier or distributor of Tablecloth Protector; have received a notice and warning materials for exposure from Tablecloth Protector without conspicuously posting or displaying the warning materials; and/or have actual knowledge of potential exposure to DINP from Tablecloth Protector. Defendants thereby violated Proposition 65.

- 1 30. The principal routes of exposure are through dermal contact, ingestion and inhalation.
2 Persons sustain exposures by handling Tablecloth Protector without wearing gloves or
3 any other personal protective equipment, or by touching bare skin or mucous membranes
4 with gloves after handling Tablecloth Protector, as well as through direct and indirect
5 hand to mouth contact, hand to mucous membrane, or breathing in particulate matter
6 dispersed from Tablecloth Protector.
- 7 31. Plaintiff is informed, believes, and thereon alleges that each of Defendants' violations of
8 Proposition 65 as to Tablecloth Protector have been ongoing and continuous, as
9 Defendants engaged and continue to engage in conduct which violates Health and Safety
10 Code Section 25249.6, including the manufacture, distribution, promotion, and sale of
11 Tablecloth Protector, so that a separate and distinct violation of Proposition 65 occurred
12 each and every time a person was exposed to DINP by Tablecloth Protector as
13 mentioned herein.
- 14 32. Plaintiff is informed, believes, and thereon alleges that each violation of Proposition 65
15 mentioned herein is ever continuing. Plaintiff further alleges and believes that the
16 violations alleged herein will continue to occur into the future.
- 17 33. Based on the allegations herein, Defendants are liable for civil penalties of up to
18 \$2,500.00 per day per individual exposure to DINP from Tablecloth Protector, pursuant
19 to Health and Safety Code Section 25249.7(b).
- 20 34. Plaintiff has engaged in good faith efforts to resolve the claims alleged herein prior to
21 filing this Complaint.
22

23 **PRAYER FOR RELIEF**

24 Plaintiff demands against each of the Defendants as follows:

- 25 1. A permanent injunction mandating Proposition 65-compliant warnings;
26 2. Penalties pursuant to Health and Safety Code Section 25249.7, subdivision (b);
27 3. Costs of suit;
28 4. Reasonable attorney fees and costs; and

1 5. Any further relief that the court may deem just and equitable.
