18 THE MATEEL ENVIRONMENTAL  
19 JUSTICE FOUNDATION,

20 Plaintiff,

21 v.

22 AKER BIOMARINE, *et al.*,

23 Defendants.

Case No. DR110874

STIPULATION FOR ENTRY OF  
CONSENT JUDGMENT

(Complaint Filed: November 18, 2011)  
(Trial Date: None Yet Set)

24 1. INTRODUCTION

25 1.1 On April 15, 2011, the Mateel Environmental Justice Foundation ("Plaintiff")  
26 served a sixty-day notice of violation pursuant to Health and Safety Code section 25249.7(d)  
27 ("Notice") stating its intent to file claims under the Safe Drinking Water and Toxic Enforcement  
28 Act of 1986, Health and Safety Code Sections 25249.6, *et seq.* ("Proposition 65") with respect to  
PCBs and 2,3,7,8-tetrachlorodibenzo-*p*-dioxin, polychlorinated dibenzo-*p*-dioxins, and  
polychlorinated dibenzofurans (collectively "Dioxins/Furans") contained in products made of, or

1 from, fish oils, fish liver oils, shark or squid oils, shark liver oils, and other oils containing  
2 eicosapentaenoic acid ("EPA") and docosahexaenoic acid ("DHA") (collectively, "EPA and  
3 DHA Omega-3s") distributed and/or sold by the companies listed on Exhibit A hereto ("Settling  
4 Defendants"). (Collectively, the products subject to the Notice and that are marketed by Settling  
5 Defendants, are referred to herein as "Covered Products.")

6       **1.2** After more than sixty (60) days plus service time had passed since provision of  
7 the Notice to all public prosecutors authorized to bring claims under Proposition 65 and to all of  
8 the companies listed on Exhibit A, concurrently with execution of this Stipulation for Approval  
9 and Entry of Consent Judgment ("Consent to Judgment"), Plaintiff filed a complaint in the  
10 California Superior Court for the County of Humboldt entitled *Mateel Environmental Justice*  
11 *Foundation v. Aker Biomarine, et al.* (Case No. DR110874) containing claims for the alleged  
12 violation of section 25249.6 of Proposition 65 with respect to the failure to warn for exposures to  
13 PCBs and Dioxins/Furans in the Covered Products. (Copies of the Notice and Plaintiff's  
14 complaint are attached hereto as Exhibit B.)

15       **1.3** PCBs have been listed by the Governor of the State of California as both known  
16 carcinogens and known reproductive toxins. Polychlorinated dibenzo-*p*-dioxins and  
17 polychlorinated dibenzofurans have also been listed as known carcinogens. 2,3,7,8-  
18 tetrachlorodibenzo-*p*-dioxin has been listed as both a known carcinogen and a known  
19 reproductive toxin. (Collectively, polychlorinated dibenzo-*p*-dioxins and polychlorinated  
20 dibenzofurans, including 2,3,7,8-tetrachlorodibenzo-*p*-dioxin, are referred to herein as  
21 "Dioxins/Furans"; PCBs and Dioxins/Furans are referred to collectively hereinafter as the  
22 "Listed Chemicals".)

23       **1.4** Settling Defendants are businesses that employ ten or more persons and  
24 manufacture, distribute, and/or market the Products in the global economy such that their  
25 Covered Products, or other products derived from the use of their Covered Products as  
26 components including but not limited to dietary supplements ("Subsidiary Products"), are or ma  
27 be offered for sale in California. For purposes of the potential approval and entry of this Conser  
28

1 to Judgment only, Plaintiff and the Settling Defendants stipulate that this Court will, at the time it  
2 considers approval and entry of the Consent to Judgment, have jurisdiction over the claims of  
3 Proposition 65 violations described in the Notices and personal jurisdiction over the Settling  
4 Defendants as to the acts alleged of them in the Notices; that venue is proper in the County of  
5 Humboldt; and that this Court has jurisdiction under Proposition 65 and Code of Civil Procedure  
6 Section 664.6 to enter this Consent to Judgment and a resulting judgment of the Court resolving  
7 Settling Defendants' alleged liability under the Plaintiff's complaint as a full settlement and  
8 resolution of the allegations made against the Settling Defendants' Covered Products relative to  
9 Proposition 65 as contained in the Notice.

10           1.5 This Consent to Judgment is intended to resolve claims that are denied and  
11 disputed by the Settling Defendants. The Plaintiff and the Settling Defendants are entering into  
12 this Consent to Judgment as a full and final settlement to avoid the need for prolonged litigation  
13 between them concerning the allegations set forth in the Notice. This Consent to Judgment shall  
14 not constitute an admission with respect to any material allegation set forth in the Notice or  
15 Plaintiff's complaint; nor shall it be deemed an admission as to any fact or issue of law. This  
16 Consent to Judgment, or compliance with it, also shall not be used as evidence of any  
17 wrongdoing, misconduct, culpability or liability on the part of the Settling Defendants.

18           **2. SETTLEMENT PAYMENTS**

19           2.1 In settlement of all of the claims referred to in this Consent to Judgment, the  
20 Settling Defendants listed in Exhibit A shall collectively pay to Plaintiff an aggregate of \$60,000  
21 (sixty thousand dollars) in total monetary relief.

22           2.2 The foregoing amount shall be paid collectively by the Settling Defendants or a  
23 person or organization acting on their behalves to Plaintiff's counsel as reimbursement for  
24 attorney fees and costs incurred on behalf of the Plaintiff in investigating this matter, negotiating  
25 this Consent to Judgment, and obtaining its review and approval by this Court. Any amount  
26 required by this paragraph may be divided by Plaintiff's counsel in whatever proportion they  
27 have agreed among themselves.

28

1           **2.3** The payments described in Paragraphs 2.2 and 2.3 above shall be delivered within  
2 fifteen (15) business days following the Settling Defendants' receipt of notice of entry of this  
3 Consent to Judgment to Law Offices of David Roe, 1061 Walker Ave., Oakland CA 94610,  
4 payable to "Law Offices of David Roe IOLTA."

5           **2.4** Except as specifically provided in this Consent to Judgment, each side shall bear  
6 its own costs and attorney fees.

7           **2.5** In consideration of the payment to be made under this Section, Plaintiff's counsel  
8 jointly and individually agree that any recovery for attorney fees received by them or either of  
9 them pursuant to this Consent to Judgment shall reduce any obligation of Chris Manthey and/or  
10 Benson Chiles to compensate them for attorney fees pursuant to the agreement for legal services  
11 dated March 7, 2008 ("Fish oil retainer agreement") by the full amount so received.

12           **3. ENTRY OF CONSENT JUDGMENT**

13           **3.1** Plaintiff and the Settling Defendants hereby request that, upon its approval of this  
14 Consent to Judgment, the Court promptly enter judgment as to the Settling Defendants based on  
15 this Consent to Judgment. Upon entry of a judgment based on this Consent to Judgment,  
16 Plaintiff and Settling Defendants waive their respective rights to a hearing or trial on the  
17 allegations in the Complaint as it will have been deemed amended.

18           **4. MATTERS COVERED BY THIS CONSENT JUDGMENT**

19           **4.1** This Consent to Judgment is a full, final and binding resolution between Plaintiff,  
20 acting on behalf of itself and, as to those matters raised in the Notice, acting in the public interest  
21 pursuant to Health and Safety Code section 25249.7(d), and the Settling Defendants (including  
22 their parents, subsidiaries, affiliates, officers, directors, shareholders, and employees) of all  
23 matters alleged in the Notice and Plaintiff's complaint, including any violation of Proposition 65,  
24 or the regulations promulgated thereunder, to the fullest extent that any violation has been or  
25 could have been asserted by Plaintiff against the Settling Defendants with respect to exposures to  
26 the Listed Chemicals in the Covered Products.

1           4.2    This Consent to Judgment is a full, final and binding resolution between Plaintiff,  
2 acting on behalf of itself and, as to those matters raised in the Notice, acting in the public interest  
3 pursuant to Health and Safety Code section 25249.7(d), and the Settling Defendants (including  
4 their parents, subsidiaries, affiliates, officers, directors, shareholders, and employees) of all  
5 matters alleged in the Notice and Plaintiff's complaint, including any violation of Proposition 65,  
6 or the regulations promulgated thereunder, to the fullest extent that any violation has been or  
7 could have been asserted by Plaintiff against the Settling Defendants with respect to exposures to  
8 Listed Chemicals in Subsidiary Products which contain Covered Products in whole or in part.

9           4.3    In addition, this Consent to Judgment is a full, final and binding resolution  
10 between Plaintiff, acting on behalf of itself and, as to those matters raised in the Notice, acting in  
11 the public interest pursuant to Health and Safety Code section 25249.7(d), and the direct or  
12 indirect customers of the Settling Defendants (including their parents, subsidiaries, affiliates,  
13 officers, directors, shareholders and employees) of all matters alleged in the Notice and  
14 Plaintiff's complaint, including any violation of Proposition 65, or the regulations promulgated  
15 thereunder, to the fullest extent that any violation has been or could have been asserted by  
16 Plaintiff against the Settling Defendants' direct or indirect customers with respect to exposures to  
17 the Listed Chemicals in the Covered Products.

18           4.4    Also, this Consent to Judgment is a full, final and binding resolution between  
19 Plaintiff, acting on behalf of itself and, as to those matters raised in the Notice, acting in the  
20 public interest pursuant to Health and Safety Code section 25249.7(d), and the direct or indirect  
21 customers of the Settling Defendants (including their parents, subsidiaries, affiliates, officers,  
22 directors, and employees) of all matters alleged in the Notice and Plaintiff's complaint, including  
23 any violation of Proposition 65, or the regulations promulgated thereunder, to the fullest extent  
24 that any violation has been or could have been asserted by Plaintiff against the Settling  
25 Defendants' direct or indirect customers with respect to exposures to the Listed Chemicals in  
26 Subsidiary Products, provided that the direct or indirect customer can demonstrate that exposure  
27 to Listed Chemicals in the Subsidiary Products were attributable solely to the inclusion or  
28

1 incorporation of one or more Covered Products in such Subsidiary Products and are not  
2 attributable to any other ingredient or component of the Subsidiary Products, including any non-  
3 covered Product used in such Subsidiary Products.

4           4.5 Nothing in Paragraphs 4.3 or 4.4 above or Paragraph 4.7 below shall be deemed to  
5 waive or resolve a claim against, or provide a release to, a defendant named in San Francisco  
6 Superior Court Case No. CGC-10-497334 with respect to Covered Products or Subsidiary  
7 Products that were specifically delineated on the "Product List" attached to the 60-Day Notice  
8 Plaintiff, Chris Manthey, and Benson Chiles issued on August 6, 2009. In addition, nothing in  
9 Paragraphs 4.3 or 4.4 above shall be deemed to resolve, bar, or estop a claim against, or provide  
10 a release to, an alleged violator of Proposition 65 that was named in the 60-day notice letter  
11 issued on behalf of Chris Manthey and Benson Chiles on August 5, 2011 but only with respect to  
12 Covered Products or Subsidiary Products that were specifically delineated on Exhibit B of that  
13 August 5, 2011 notice letter.

14           4.6 As to alleged exposures to Listed Chemicals from the Covered Products or  
15 Subsidiary Products which are *not* themselves dietary supplements or supplemented foods or  
16 beverages offered for retail sale in California, compliance with the standards set forth in  
17 Paragraph 7.2 below resolves any issue, now and in the future, as between Plaintiff, acting on  
18 behalf of itself and, as to those matters raised in the Notice, acting in the public interest pursuant  
19 to Health and Safety Code section 25249.7(d), and Settling Defendants and Settling Defendants'  
20 direct and indirect customers concerning compliance with Proposition 65. As to Listed  
21 Chemicals in Covered Products or Subsidiary Products which *are* themselves dietary  
22 supplements or supplemented foods or beverages offered for retail sale in California, this  
23 Paragraph 4.6 resolves any issue now and in the future concerning future compliance with  
24 Proposition 65 *only* where the dietary supplement or supplemented food or beverage products in  
25 question also meets the additional requirements set forth in the second sentence of Paragraph 7.5  
26 below. As to Settling Defendants' direct and indirect customers, however, this Paragraph 4.6  
27 resolves no issue regarding exposures to Listed Chemicals in the Subsidiary Products that are no  
28

1 attributable solely to the inclusion or incorporation of one or more Covered Products in such  
2 Subsidiary Products.

3           4.7 In addition to the above, Plaintiff on behalf of itself, its past and current agents,  
4 representatives, attorneys, successors and/or assigns, and *not* in its capacity pursuant to Health  
5 and Safety Code section 25249(d), hereby release and waive: (i) all of their potential future  
6 claims or rights of action against direct or indirect customers of the Settling Defendants with  
7 respect to enforcement of the requirements set forth in the second sentence of Paragraph 7.5  
8 below, and (ii) all other claims, whether known or unknown, against the Settling Defendants  
9 (including their parents, subsidiaries, affiliates, officers, directors, and employees) with respect to  
10 any other issue concerning the Covered Products. In furtherance of the foregoing, Plaintiff  
11 hereby waives any and all rights and benefits which they now may have, or in the future may  
12 have, conferred upon them with respect to the Covered Products by virtue of the provisions of  
13 California Civil Code Section 1542, which provides as follows:

14                                   **“A GENERAL RELEASE DOES NOT EXTEND TO  
15                                   CLAIMS WHICH THE CREDITOR DOES NOT  
16                                   KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT  
17                                   THE TIME OF EXECUTING THE RELEASE,  
18                                   WHICH IF KNOWN BY HIM MUST HAVE  
19                                   MATERIALLY AFFECTED HIS SETTLEMENT  
20                                   WITH THE DEBTOR.”**

21 Plaintiff understands and acknowledges that the significance and consequence of this waiver of  
22 California Civil Code section 1542 are that even if Plaintiff hereafter discovers facts in addition  
23 to, or different from those which they now know or believe to be true as to the Covered Products,  
24 that with respect to Covered Products (and in Covered Products to the extent they are used as  
25 components in Subsidiary Products), Plaintiff will not be able to make any claim against the  
26 Settling Defendants (including their parents, subsidiaries, affiliates, officers, directors, and  
27 employees), who may manufacture, use, maintain, distribute or sell the Covered Products based  
28 on those facts. Furthermore, Plaintiff acknowledges that it intends these consequences for any  
such claims which may exist as of the date of this release but which they do not know exist, and  
which, if known, would materially affect its decision to enter into this Consent to Judgment,

1 regardless of whether their lack of knowledge is the result of ignorance, oversight, error,  
2 negligence, or any other cause.

3           **4.8** Except as set forth in Section 4.6 above, nothing in this Consent to Judgment shall  
4 create a limitation on a Proposition 65 enforcement action based on future conduct if such future  
5 conduct is not in compliance with the terms of Section 7 of this Consent to Judgment. Future  
6 conduct includes, but is not limited to, a Settling Defendant manufacturing, distributing, or  
7 offering for sale in California any Covered Product manufactured after the effective date of this  
8 Consent to Judgment or manufacturing, distributing, or offering for sale in California any  
9 Subsidiary Product manufactured after the effective date of this Consent to Judgment.

10           **5. ENFORCEMENT OF JUDGMENT**

11           **5.1** Except as otherwise provided herein, the terms of this Consent to Judgment and  
12 the resulting judgment, if entered by the Court, shall be enforceable under California law. The  
13 parties may, by noticed motion or order to show cause before the Superior Court of Humboldt  
14 County, giving the notice required by law, enforce the terms and conditions contained herein.  
15 The parties hereto agree that prior to any such enforcement action, they will notify each other of  
16 any perceived violation of this Consent to Judgment. The parties further agree to take no  
17 enforcement action for 30 days after such notice is given, in order to allow the parties to meet  
18 and confer in good faith in an effort to resolve the alleged violation.

19           **6. MODIFICATION OF JUDGMENT**

20           **6.1** Except as otherwise provided for herein, this Consent to Judgment may be  
21 modified only upon written agreement of the parties and, following notice to the Office of the  
22 California Attorney General, upon entry of a modified judgment by the Court thereon, or upon  
23 motion of any party as provided by law (including with service of the motion on the Office of the  
24 California Attorney General) and upon entry of a modified judgment by the Court.

25           **7. INJUNCTIVE RELIEF**

26           **7.1** Definitions Applicable to this Paragraph.

27           The following definitions shall apply to this Paragraph 7 unless otherwise specified  
28

1 herein.

2 (a) "TEQ" shall mean the Toxicity Equivalent Factor ("TEF") of any of the 12 dioxin-like  
3 PCB congeners, the 7 dioxin congeners, and the 10 furan congeners that have had TEFs  
4 assigned under the auspices of the World Health Organization in 2005, as shown in  
5 Exhibit C, multiplied by the quantity of such congener as reported in testing that satisfies  
6 the definitions in this Paragraph 7.1. (Illustration: a reported test result of 2.5 picograms  
7 for PCB congener #126, times the TEF for PCB # 126 of 0.1, would equal a TEQ for that  
8 congener of 0.25 picograms.)

9 (b) "Total PCBs" shall mean the sum of all 209 congeners of polychlorinated biphenyls as  
10 reported based on testing conducted pursuant to US EPA Method 1668 or 1668A. For  
11 purposes of this measurement, laboratory results that indicate that levels of individual  
12 PCB congeners are "non-detectable" or below the laboratory's detection limit shall be  
13 assumed to be valued at 50% of the laboratory's detection limit, except that in instances  
14 where individual congeners have been coeluted with non-detectable results, then all of the  
15 congeners so coeluted shall be deemed collectively to have the value of 50% of the  
16 detection limit of only one such coeluted congener. Also for purposes of this  
17 measurement, laboratory results that indicate levels of individual PCB congeners above  
18 the laboratory's detection limit but below the laboratory's quantitation limit shall be  
19 assumed to be valued at the level reported by the laboratory.

20 (c) "Combined TEQ" shall mean the arithmetic sum of the TEQ per gram of Covered  
21 Product, measured using U.S. EPA Methods 1668 (for dioxin-like PCBs) and 1613B (for  
22 dioxins and furans combined), of each congener identified in Exhibit C. With respect to  
23 PCBs, if the laboratory analysis indicates that a dioxin-like PCB has coeluted with any  
24 other PCB congener, and if the coelution cannot be resolved, then all of the congeners so  
25 coeluted shall be deemed collectively to have the TEQ that would result had all of the  
26 congeners so coeluted been the coeluted congener with the highest TEF. For purposes of  
27 this measurement, laboratory results that indicate that levels of dioxin-like PCBs, dioxins  
28

1 and furans are "non-detectable" or below the laboratory's detection limit shall be assumed  
2 to be valued at 50% of the laboratory's detection limit. Also for purposes of this  
3 measurement, laboratory results that indicate levels of individual PCB congeners above  
4 the laboratory's detection limit but below the laboratory's quantitation limit shall be  
5 assumed to be valued at the level reported by the laboratory.

6 **7.2** Except as provided in Section 7.5 below, Covered Products shall be deemed to  
7 comply with all current requirements of Proposition 65 for the Listed Chemicals and to be  
8 exempt from any Proposition 65 warning requirements for PCBs and/or Dioxins/Furans, if the  
9 Covered Product meets the following standards based on the date of manufacture of the Covered  
10 Product in question, as specified below:

<b>Dates Applicable:</b>	<b>PCBs</b>	<b>Dioxin-Like PCBs, Dioxins, and Furans Combined</b>
Prior to December 30, 2012	90 ng/g Total PCBs	4 pg/g Combined TEQ
December 31, 2012 and beyond	90 ng/g Total PCBs	3 pg/g Combined TEQ

15 **7.3** In the event Plaintiff enters into an agreement or consent judgment with any other  
16 person manufacturing products made of, or from, fish oils, fish liver oils, shark or squid oils,  
17 shark liver oils, and other oils containing EPA and DHA Omega-3s addressing alleged violations  
18 of Proposition 65 with respect to exposures to the Listed Chemicals that provides for less  
19 stringent standards than the standards set forth in Paragraph 7.2 above, or if a judgment is entered  
20 in San Francisco Superior Court Case No. CGC-10-497334 or pursuant to a resolution of the  
21 claims alleged in the 60-day Notice letter issued on behalf of Chris Manthey and Benson Chiles  
22 on August 5, 2011 that provides for such less stringent standards, then this Consent to Judgment  
23 and any resulting judgment entered by the Court shall be subject to modification without the  
24 objection of the Plaintiff to provide a Settling Defendant with the option of complying with such  
25 less stringent standards rather than those set forth in Paragraph 7.2 above.

26 **7.4** Obtaining test results from a laboratory accredited by or under the auspices of  
27 ILAC for conducting analyses pursuant to the methods specified in subsections 7.1(b) and (c)  
28

1 above (including but not limited to Columbia Analytical Services, Nutrasource Diagnostics,  
2 Wellington Laboratories, Inserco, and NILU) showing that the preceding standards have been  
3 met for a specific Covered Product or Subsidiary Product and making such test results available  
4 to the Plaintiff upon request for good cause shown shall be deemed to establish that the standards  
5 have been met in good faith *provided that* the Plaintiff or the Settling Defendant do not  
6 subsequently obtain conflicting test results from another ILAC accredited lab concerning the  
7 same Covered Product or Subsidiary Product. If such conflicting test results are obtained by  
8 either the Plaintiff or the Settling Defendant, and the Settling Defendant fails to obtain and  
9 disclose results of re-testing showing compliance with the standards in Paragraph 7.2 within a  
10 timely period, then the provisions of this Paragraph 7.4 shall not apply. For purposes of this  
11 Paragraph 7.4, "disclose" shall mean deliver to the Plaintiff and/or announce and make available  
12 to the general public; "re-testing" shall mean additional testing of the same product or products  
13 that meets the requirements of Paragraph 7.1, by a laboratory that meets the requirements of this  
14 Paragraph 7.4; and "timely period" shall mean 120 days from the day such conflicting test results  
15 are received by the Settling Defendant.

16           7.5 Covered Products that do not meet the standards set forth in the table in Paragraph  
17 7.2 above on the dates of manufacture set forth in Paragraph 7.2 above shall be accompanied by  
18 a clear and reasonable Proposition 65 warning as described in Paragraph 7.6 below. In addition,  
19 Covered Products and Subsidiary Products that are dietary supplements or supplemented foods or  
20 beverages offered for retail sale to consumers in California with labeling containing  
21 recommended daily dosages in excess of one gram per day shall be accompanied by a clear and  
22 reasonable Proposition 65 warning *even if* they meet the standard for Total PCBs set forth in the  
23 table in Paragraph 7.2 above *unless* the Total PCBs concentration is sufficiently less than 90ng/g  
24 to assure that projected daily exposure to Total PCBs from the Product based on the  
25 recommended daily dosage is less than 90 ng/day. (For example, a Product with a recommended  
26 daily dosage of two grams per day would require a warning if its Total PCBs concentration were  
27 more than 45 ng/g; a Product with a recommended daily dosage of three grams per day would

28

1 require a warning if its Total PCBs concentration were more than 30 ng/g; a Product with a  
2 recommended daily dosage of four grams per day would require a warning if its Total PCBs  
3 concentration were more than 22.5 ng/g; and a Product with a recommended daily dosage of five  
4 grams per day would require a warning if its Total PCBs concentration were more than 18 ng/g).  
5 The warning requirements set forth in Paragraph 7.6 shall apply only to Covered Products and  
6 Subsidiary Products shipped for distribution for sale or use inside the State of California that are  
7 manufactured beginning one hundred and twenty (120) days following entry of a judgment based  
8 on this Consent to Judgment.

9         **7.6** When required pursuant to this Consent to Judgment, a Settling Defendant shall  
10 provide Proposition 65 warnings as follows:

- 11                 (a) The Settling Defendant shall use, or cause its direct or indirect customer to  
12 use, the following warning statement in legible font size with the word  
13 “WARNING” in bold with all letters capitalized:

14   **WARNING:** This product contains dioxin, PCBs and/or other  
15 chemicals known to the State of California to cause cancer and  
16 birth defects or other reproductive harm.

- 17                 (b) The Settling Defendant shall provide, or cause its direct or indirect  
18 customer to provide, the above warning statement with the unit package of the  
19 Covered Products or Subsidiary Products such that it can be read and understood  
20 by an ordinary consumer prior to purchase. Such warning shall be prominently  
21 affixed to or printed on each Covered Product’s or Subsidiary Product’s exterior  
22 label or package. The warning shall be at least the same size as the largest of any  
23 other safety warnings, if any, on the label or package. If printed on the label  
24 itself, the warning shall be contained in the same section that states other safety  
25 warnings, if any.

- 26                 (c) The requirements for product labeling, set forth in subparagraphs (a) and  
27 (b) above are imposed pursuant to the terms of this Consent to Judgment. The  
28 parties recognize that product labeling is not the exclusive method of providing a

1 warning under Proposition 65 and its implementing regulations.

2 (d) Covered Products or Subsidiary Products which *are* dietary supplements or  
3 supplemented food or beverages offered for retail sale to consumers in California  
4 and that: (i) meet the standards set forth in the table in Paragraph 7.2 above as  
5 applicable on the dates of manufacture set forth in Paragraph 7.2 above, and (ii)  
6 meet the requirements set forth in the second sentence of Paragraph 7.5 above,  
7 may be accompanied by a statement or symbol on their label, labeling, and/or  
8 packaging affirmatively representing that the Covered Product or Subsidiary  
9 Product in question meets the regulatory level set out in California's Proposition  
10 65 with respect to PCBs. (Where employed pursuant to the authorization provided  
11 by this subparagraph 7.6(d), such statements or symbols shall make no reference to  
12 dioxins and/or furans.)

13 **8. AUTHORITY TO STIPULATE**

14 Each signatory to this Consent to Judgment certifies that he or she is fully  
15 authorized by the party he or she represents to enter into this Consent to Judgment and to execute  
16 it on behalf of the party represented and legally to bind that party.

17 **9. RETENTION OF JURISDICTION**

18 Pursuant to Code of Civil Procedure 664.6, this Court shall retain jurisdiction of  
19 this matter to implement and oversee the terms of this Consent to Judgment and resulting  
20 judgment of the Court.

21 **10. ENTIRE AGREEMENT**

22 This Consent to Judgment contains the sole agreement and understanding of the  
23 parties with respect to the entire subject matter hereof, and any and all prior discussions,  
24 negotiations, commitments and understandings related hereto.

25 **11. GOVERNING LAW**

26 The validity, construction and performance of this Consent to Judgment shall be  
27 governed by the laws of the State of California, without reference to any conflicts of law  
28

1 provisions of California law.

2 **12. NOTICES**

3 Unless specified herein, all correspondence and notices required to be provided  
4 pursuant to this Consent to Judgment shall be in writing and personally delivered or sent by: (i)  
5 first-class, (registered or certified mail) return receipt requested; or (ii) overnight courier on any  
6 party by the other party at the following addresses:

**EXHIBIT B**

**(60-Day Notice and Complaint)**

# Klamath

ENVIRONMENTAL  
LAW CENTER

April 15, 2011

To All of Those Listed on Attachments A and B:

Corrected Notice of Violation of Cal. Health & Safety Code § 25249.6 (concerning exposures to PCBs, Dioxins, and Furans from EPA and DHA containing oils)

*Please note that this is a follow-up letter that is a corrected version of a letter we mailed to you yesterday which contained several inadvertent errors regarding our notice of violation of California Health and Safety Code section 25249.6 ("Proposition 65") concerning fish, fish liver, shark, shark liver and other EPA and DHA-containing oils. This corrected letter incorporates by reference the Proposition 65 Certificate of Merit attached to our letter yesterday, another copy of which is attached.*

The Mateel Environmental Justice Foundation ("Mateel"), Chris Manthey and Benson Chiles (collectively, the "Noticing Parties") give you and the public prosecutors identified on Attachment B notice that your company has been, is, will be and threatens to be in violation of Cal. Health & Safety Code §25249.6. The Noticing Parties are private enforcers of Proposition 65; all may be contacted at the below listed address and telephone number: I am a responsible individual at Mateel. The Noticing Parties are also represented by David Roe. Mr. Roe may be reached at: Law Offices of David Roe, 1061 Walker Ave, Oakland, CA 94610, (510) 465-5860.

The above-referenced violations occur and have occurred when people ingest fish (including, but not limited to, cod and salmon) oils, fish (including, but not limited to, cod) liver oils, shark or squid oils, and/or shark liver oils, as well as other oils containing eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA) (collectively, the "Products") which your company manufactures or directly or indirectly distributes, markets for sale, or sells to consumers in California. These Products expose the people who use or ingest them to polychlorinated biphenyls ("PCBs"), polychlorinated dibenzo-p-dioxins, polychlorinated dibenzofurans and 2,3,7, 8 tetrachlorodibenzo-para-dioxin via the ingestion, dermal absorption and, absorption through mucous membrane routes of exposure.

Your company did not and does not provide California consumers with clear and reasonable warnings as required by Proposition 65 before you expose them to the aforementioned chemicals via your Products. The above referenced violations have occurred every day since at least April 14, 2008 and will continue every day until these chemicals are reduced in, or eliminated from, your Products or until clear and reasonable warnings are given to California consumers for them as required by Proposition 65.

Cordially,  
  
William Verick

**CERTIFICATE OF MERIT**

I, William Verick, hereby declare: This Certificate of Merit accompanies the attached notice(s) of violation in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings. I am the attorney for the noticing party. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the action. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the person(s) consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: April 14, 2011

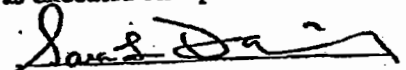

William Verick

This notice alleges the violation of Proposition 65 with respect to occupational exposures governed by the California State Plan for Occupational Safety and Health. The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliances in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General.

**CERTIFICATE OF SERVICE**

I, Sara Davis, declare:

If called, I could and would testify as follows: I am over eighteen. My business address is 425 Market Street, San Francisco, California 94115. On April 15, 2011, I caused the attached Corrected NOTICE OF VIOLATION letter, or a letter identical in substance, and Certificate of Merit to be served by U.S. Mail on those public enforcement agencies listed on ATTACHMENT B SERVICE LIST. I deposited copies of these documents in envelopes, postage prepaid, with the U.S. Postal Service on the day on which the mail is collected. In addition, on the same date, I caused the attached Corrected NOTICE OF VIOLATION letter, Certificate of Merit and PROPOSITION 65: A SUMMARY to be sent to the private business entities listed on ATTACHMENT A by personally serving them on their agent authorized for service of this notice, Robert Falk, Morrison & Foerster LLP, 425 Market Street, San Francisco, CA 94105-2482. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration was executed on April 15, 2011 at San Francisco, California.

Sara Davis

NOTE: Authority cited: Section 25249.12, Health and Safety Code. Reference: Section 25249.7, Health and Safety Code.

APPENDIX A  
OFFICE OF ENVIRONMENTAL HEALTH HAZARD  
ASSESSMENT  
CALIFORNIA ENVIRONMENTAL PROTECTION  
AGENCY  
THE SAFE DRINKING WATER AND TOXIC  
ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A  
SUMMARY

The following summary has been prepared by the Office of Environmental Health Hazard Assessment, the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as "Proposition 65"). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and its implementing regulations (see citations below) for further information. Proposition 65 appears in California law as Health and Safety Code Sections 25249.5 through 25249.13. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 22 of the California Code of Regulations, Sections 25000 through 27001.

**WHAT DOES PROPOSITION 65 REQUIRE?**

**The "Governor's List."** Proposition 65 requires the Governor to publish a list of chemicals that are known to the State of California to cause cancer, or birth defects or other reproductive harm. This list must be updated at least once a year. Over 735 chemical listings have been included as of November 16, 2001. Only those chemicals that are on the list are regulated under this law. Businesses that produce, use, release or otherwise engage in activities involving those chemicals must comply with the following:

**Clear and reasonable warnings.** A business is required to warn a person before "knowingly and intentionally" exposing that person to a listed chemical. The warning given must be "clear and reasonable." This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed. Exposures are exempt from the warning requirement if they occur less than twelve months after the date of listing of the chemical.

June 2008

**Prohibition from discharges into drinking water.** A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Discharges are exempt from this requirement if they occur less than twenty months after the date of listing of the chemical.

**DOES PROPOSITION 65 PROVIDE ANY**

**EXEMPTIONS?**

Yes. The law exempts:

**Governmental agencies and public water utilities.** All agencies of the federal, State or local government, as well as entities operating public water systems, are exempt.

**Businesses with nine or fewer employees.** Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees.

**Exposures that pose no significant risk of cancer.** For chemicals that are listed as known to the State to cause cancer ("carcinogens"), a warning is not required if the business can demonstrate that the exposure occurs at a level that poses "no significant risk." This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific "no significant risk" levels for more than 250 listed carcinogens.

**Exposures that will produce no observable reproductive effect at 1,000 times the level in question.** For chemicals known to the State to cause birth defects or other reproductive harm ("reproductive toxicants"), a warning is not required if the business can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the "no observable effect level (NOEL)," divided by a 1,000-fold safety or uncertainty factor. The "no observable effect level" is the highest dose level which has not been associated with an observable adverse reproductive or developmental effect.

**Discharges that do not result in a "significant amount" of the listed chemical entering into any source of drinking water.** The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a "significant amount" of the listed chemical has not, does not, or will not enter any drinking water source, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A "significant amount" means any detectable amount, except an amount that would meet the "no significant risk" or "no observable effect" test if an individual were exposed to such an amount in drinking water.

**HOW IS PROPOSITION 65 ENFORCED?**

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys (those in cities with a June 2008 population exceeding 750,000). Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. A notice must comply with the information and procedural requirements specified in regulations (Title 27, California Code of Regulations, Section 25903). A private party may not pursue an enforcement action directly under Proposition 65 if one of the governmental officials noted above initiates an action within sixty days of the notice. A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court of law to stop committing the violation.

**FOR FURTHER INFORMATION...**

Contact the Office of Environmental Health Hazard Assessment's Proposition 65 Implementation Office at (916) 445-6900.

8  
9  
10 MATEEL ENVIRONMENTAL JUSTICE FOUNDATION allege as follows:

11 INTRODUCTION

12 1. This Complaint seeks civil penalties and an injunction to remedy the continuing  
13 failure of defendants AKER BIOMARINE; AURORA ALGAE, INC.; AUSTRAL GROUP  
14 S.A.A.; AZANTIS, INC.; BARLEAN'S ORGANIC OILS, LLC; BASF CORPORATION;  
15 BIODROGA, INC.; BIORIGINAL FOOD AND SCIENCE CORP.; BIZEN CHEMICAL CO.,  
16 LTD; BORREGAARD WD LTD; COPEINCA S.A.C.; CRODA INTERNATIONAL; DSM  
17 NUTRITIONAL PRODUCTS; EPAX AS; GC RIEBER OILS AS GOLDEN OMEGA S.A.; JR  
18 CARLSON LABORATORIES; K.D. PHARMA BEXBACH GMBH; MARINE  
19 NUTRICEUTICAL CORP; MARUHA NICHIRO FOODS, INC.; NORDIC NATURALS, INC.;  
20 OCEAN NUTRITION CANADA LIMITED; OMEGA NATURAL SCIENCE, INC.  
21 (ORIGINATES, INC.); PHARMA MARINE AS; PHARMLINE, INC.; SOLUCIONES  
22 EXTRACTIVAS ALIMENTARIAS, SL; TECHNOLOGICA de ALIMENTOS S.A.; and  
23 TISHCON CORP. (WILEY ORGANICS), (hereinafter "Defendants"), to give clear and  
24 reasonable warnings to those residents of California who are exposed to polychlorinated  
25 biphenyls, polychlorinated dibenzo-p-dioxins, polychlorinated dibenzofurans and 2,3,7,8  
26 tetrachlorinated dibenzo-p-dioxin (hereinafter, collectively, "PCBs and dioxins"), when they  
27 handle, ingest and use dietary supplements or supplemented foods or beverages containing  
28 containing eicosapentanoic acid (EPA) and docosahexaenoic acid (DHA) including those that  
are, or that are made from, fish oils, fish liver oils, shark or squid oils, and/or shark liver oils  
(collectively, hereinafter, "fish oil supplements"). PCBs and dioxins are known to the State of  
California to cause cancer and birth defects. Defendants manufacture, distribute, and/or market  
fish oil

1 6. Each Defendant is a person doing business within the meaning of Health & Safety  
2 Code Section 25249.11(a). Each defendant is a business that manufactures, distributes, and/or  
3 markets fish oil supplements in California. Marketing of these products in Humboldt County,  
4 and/or to people who live in Humboldt County, causes people to be intentionally exposed to  
5 PCBs while they are physically present in Humboldt County.

6 7. Mateel brings this enforcement action against Defendants pursuant to Health &  
7 Safety Code Section 25249.7(d). Attached hereto and incorporated by reference is a copy of the  
8 Notice of Violation letter dated April 15, 2011, which Mateel sent to California's Attorney  
9 General. Notice of Violation letters identical in substance were sent to every District Attorney in  
10 the state, and to the City Attorneys of every California city with a population greater than  
11 750,000. On the same date, Mateel sent the same Notice of Violation letter to Defendants.  
12 Attached to the 60-Day Notice Letter sent to the Defendants was a summary of Proposition 65  
13 that was prepared by California's Office of Environmental Health Hazard Assessment. In  
14 addition, the 60-Day Notice Letter Plaintiffs sent was accompanied by a Certificate of Service  
15 attesting to the service of the 60-Day Notice Letter on each entity which received it. Pursuant to  
16 California Health & Safety Code Section 25249.7(d), a Certificate of Merit attesting to the  
17 reasonable and meritorious basis for the action was also sent with the 60-Day Notice Letter.  
18 Factual information sufficient to establish the basis of the Certificate of Merit was enclosed with  
19 the 60-Day Notice letter Plaintiffs sent to the Attorney General.

20 8. Each Defendant is a business that employs more than ten people.

#### 21 JURISDICTION

22 9. The Court has jurisdiction over this action pursuant to California Health & Safety  
23 Code Section 25249.7. California Constitution Article VI, Section 10 grants the Superior Court  
24 "original jurisdiction in all causes except those given by statute to other trial courts." Chapter 6.6  
25 of the Health & Safety Code, which contains the statutes under which this action is brought, does  
26 not grant jurisdiction to any other trial court.

27 10. This Court also has jurisdiction over Defendants because they are businesses that  
28 have sufficient minimum contacts in California and within the Humboldt County. Defendants  
intentionally availed themselves of the California and Humboldt County markets for fish oil

1 supplements. It is thus consistent with traditional notions of fair play and substantial justice for  
2 the Humboldt Superior Court to exercise jurisdiction over them.

3 11. Venue is proper in this Court because Defendants market their products in and  
4 around Humboldt County and thus intentionally cause people to ingest PCBs while those people  
5 are physically present in Humboldt County. Liability for Plaintiffs' causes of action, or some  
6 parts thereof, has accordingly arisen in Humboldt County during the times relevant to this  
7 Complaint and Plaintiffs accordingly seek civil penalties and forfeitures imposed by statutes.

8 FIRST CAUSE OF ACTION  
9 (Claim for Injunctive Relief)

10 12. Plaintiff's reallege and incorporate by reference into this First Cause of Action, as  
11 if specifically set forth herein, paragraphs 1 through 11, inclusive.

12 13. The People of the State of California have declared by referendum under  
13 Proposition 65 (California Health & Safety Code § 25249.5 et seq.) their right "[t]o be informed  
14 about exposures to chemicals that cause cancer, birth defects, and reproductive harm."

15 14. To effectuate this goal, Section 25249.6 of the Health and Safety Code mandates  
16 that persons who, in the course of doing business, knowingly and intentionally expose any  
17 individual to a chemical known to the State of California to cause cancer or birth defects, must  
18 first provide a clear and reasonable warning to such individual prior to the exposure.

19 15. Since at least April 15, 2008, Defendants have engaged in conduct that violates  
20 Health and Safety Code Section 25249.6 et seq. This conduct includes knowingly and  
21 intentionally exposing those California residents who ingest fish oil supplements to PCBs and  
22 dioxins. The normally intended use of fish oil supplements causes people to ingest PCBs and  
23 dioxins, which are chemicals known to the State of California to cause cancer, birth defects and  
24 other reproductive harm. Defendants have not provided clear and reasonable warnings within the  
25 meaning of Health & Safety Code Sections 25249.6 and 25249.11.

26 16. At all times relevant to this action, Defendants knew that the fish oil supplements  
27 they marketed were causing exposures to PCBs and dioxins. Defendants intended that residents  
28 of California ingest fish oil supplements thereby causing significant exposures to these  
chemicals.

1 17. By the above described acts, Defendants have violated Cal. Health & Safety Code  
2 § 25249.6 and are therefore subject to an injunction ordering them to stop violating Proposition  
3 65, to provide warnings to all present and future customers, and to provide warnings to their past  
4 customers who purchased Defendants' products without receiving a clear and reasonable  
5 warning.

6 SECOND CAUSE OF ACTION  
7 (Claim for Civil Penalties)

8 18. Plaintiff realleges and incorporates by reference into this Second Cause of Action,  
9 as if specifically set forth herein, paragraphs 1 through 17, inclusive.

10 19. By the above described acts, Defendants and each of them are liable, pursuant to  
11 Health & Safety Code § 25249.7(b), for a civil penalty of up to \$2,500.00 per day for each  
12 exposure of an individual to PCBs without proper warning from the use of Defendants' fish oil  
13 supplements.

14 PRAYER FOR RELIEF

15 Wherefore, plaintiff prays for judgment against DEFENDANTS, as follows:

- 16 1. Pursuant to the First Cause of Action, that Defendants be enjoined, restrained, and  
17 ordered to comply with the provisions of Section 25249.6 of the California Health & Safety  
18 Code;
- 19 2. Pursuant to the Second Cause of Action, that Defendants be assessed a civil  
20 penalty in an amount equal to \$2,500.00 per individual knowingly and intentionally exposed per  
21 day, in violation of Section 25249.6 of the California Health & Safety Code, to PCBs and dioxins  
22 as the result of Defendants' manufacturing, distributing or marketing of fish oil supplements;
- 23 3. That, pursuant to Civil Procedure Code § 1021.5, Defendants be ordered to pay to  
24 Plaintiffs the attorneys fees and costs it incurred in bringing this enforcement action.
- 25 4. For such other relief as this court deems just and proper.

26 Dated: November 16, 2011
