## 1.INTRODUCTION

1.1. On or about June 28, 2018, plaintiff MATEEL ENVIRONMENTAL JUSTICE FOUNDATION ("Mateel"), provided a 60-day notice of violation ("Notice") to the California Attorney General. A substantively identical letter was sent to the District Attorney of Los Angeles County as well as to district attorneys for each of California's 58 counties and the city attorneys for every California city with a population greater than 750,000, and to Alfred, Inc., and Melrose Place Coffee Company ("Defendants"), alleging that Defendants, through sales in California of draft kombucha, were violating the California Safe Drinking Water and Toxic Enforcement Act, also known as "Proposition 65," codified at Health and Safety Code § 25249.5 *et seq.*

1.2. On May 16, 2019, plaintiff Mateel, acting on behalf of the public interest pursuant to Health and Safety Code § 25249.7(d), filed a Complaint for Civil Penalties and Injunctive Relief in Los Angeles County Superior Court, Case No. 19STCV17117 ("Alfred Complaint") against Defendant Alfred Inc., based on the allegations contained in the Notice. On November 19, 2019, plaintiff Mateel, acting on behalf of the public interest pursuant to Health and Safety Code § 25249.7(d), filed a Complaint for Civil Penalties and Injunctive Relief in Los Angeles County Superior Court, Case No. 19STCV41660 ("Melrose Complaint") against Defendant Melrose Place Coffee Company, based on the allegations contained in the Notice. The Alfred Complaint and the Melrose Complaint are referred to collectively as Complaints. Mateel and Defendants (collectively, the "Parties") agree and the court hereby orders that for purposes of this settlement and entry of this Consent Judgment, these two actions are hereby consolidated.

1.3. This case involves claims of exposures to lead and lead compounds (hereafter "Pb") that Mateel alleges are caused by draft kombucha (as used herein, "draft kombucha" means kombucha served from Kombucha Dispensing Equipment) sold at stores Defendants own, operate, or promote in California. For purposes of this Consent Judgment, the equipment used to

store and serve draft kombucha, including the casks, taps, valves, lines and fittings, shall be referred to as “Kombucha Dispensing Equipment.” Mateel’s complaints allege that the equipment used to dispense draft kombucha—what are commonly referred to as “taps” of the sort that taverns use to dispense draft beer—have valves and fittings made from leaded brass. Draft kombucha, when served through this equipment, makes contact with this leaded brass and causes Pb to leach into the kombucha. As a remedy, Mateel sought either to have Defendants reformulate the equipment used to dispense draft kombucha or to provide a clear and reasonable warning within the meaning of Health and Safety Code § 25249.6.

1.4. Mateel alleges that Defendants employ more than ten people. Mateel alleges that Defendants sell or otherwise market in the State of California kombucha dispensed from Kombucha Dispensing Equipment. During the time period pertinent to this enforcement action, the Kombucha Dispensing Equipment used certain parts, the surfaces of which were alleged to contain Pb, and these parts regularly contacted the kombucha that flowed through this equipment.

1.5 Pursuant to Health and Safety Code § 25249.8, Pb is a chemical known to the State of California to cause cancer and reproductive toxicity. Under certain circumstances, products containing Pb that are sold or distributed in California are subject to Proposition 65’s warning requirement. Mateel alleges that the draft kombucha Defendants market or sell, when served via Kombucha Dispensing Equipment with food contact surfaces that contain Pb, requires a Proposition 65 warning.

1.6 For purposes of this Consent Judgment only, and without waiving any arguments to the contrary that it might assert in any other matter, Defendants agree not to contest the court’s jurisdiction over the allegations of violations contained in the Notice and the Complaints, and over Defendants, and to enter and enforce the provisions of this Consent Judgment as a full and final settlement and resolution of the allegations made against Defendants contained in the Notice or arising therefrom, to the extent those allegations pertain to lead exposures caused by

1 kombucha. For purposes of this Consent Judgment only, Defendants agree that venue is proper  
2 in the City and County of Los Angeles. All Parties to this agreement stipulate to the court's  
3 jurisdiction to enter and enforce the provisions of this Consent Judgment as a full and final  
4 settlement and resolution of the allegations made against, or that could have been made against,  
5 Defendants and their affiliated stores to the extent those allegations pertain to lead exposures  
6 caused by kombucha.

7 1.7 This Consent Judgment resolves all claims in the Notice and Complaints to the  
8 full extent those claims pertain to alleged lead exposures caused by kombucha served via  
9 Kombucha Dispensing Equipment. Defendants deny and dispute all allegations made in the  
10 Notice and in the Complaints. This Consent Judgment shall not constitute an admission with  
11 respect to any allegation made in the Notice, nor may this Consent Judgment or compliance with  
12 it be used as an admission or evidence of any fact, wrongdoing, misconduct, culpability,  
13 violation of law or liability on the part of Defendants or any person or entity released herein in  
14 any other lawsuit or legal proceeding.

15 2. INJUNCTIVE RELIEF

16 2.1 No later than 90 days after the Effective Date (which shall be the date that the  
17 Court enters this Consent Judgment), and continuing thereafter, as to all of Defendants' affiliated  
18 stores in California, draft kombucha shall: (a) be Reformulated Products pursuant to § 2.2 below;  
19 or (b) be labeled with a clear and reasonable exposure warning pursuant to §§ 2.3 and 2.4 below.  
20 For purposes of this consent judgment and settlement, a "Reformulated Product" is draft  
21 kombucha sold at Defendants' affiliated stores in California that is in compliance with the  
22 standard(s) set forth in § 2.2 below. The warning requirement set forth in §§ 2.3 and 2.4 shall not  
23 apply to any Reformulated Product.

24 2.2 "Reformulated Products" shall contain Pb at a concentration no greater than one  
25 (1) microgram of Pb per liter of kombucha. Defendants meet the requirements of this sub-  
26 paragraph if a commercially-available analysis of draft kombucha performed during the prior  
27

1 twelve (12) month period demonstrates compliance with the one (1) microgram or less of Pb per  
2 liter level, when using a method of analysis that is able to detect and quantify Pb in kombucha at  
3 a concentration of one (1) microgram per liter or less.

4 2.3 A clear and reasonable exposure warning as set forth in this §§ 2.3 and 2.4 must  
5 be provided for all draft kombucha sold at Defendants' affiliated stores in California that is not a  
6 Reformulated Product. The warning shall consist of either the Warning or Alternative Warning  
7 described in §§ 2.3(a) or (b), respectively.

8 (a) **Warning.** The "Warning" shall consist of the statement:

9  
10 "WARNING: Certain foods and beverages sold or served here can expose you to  
11 chemicals including lead in kombucha on tap, which is known to the State of California  
12 to cause cancer and birth defects or other reproductive harm. For more information go to  
13 [www.P65Warnings.ca.gov/restaurant](http://www.P65Warnings.ca.gov/restaurant)."

14 (b) **Alternative Warning:** Defendants may, but are not required to, use the  
15 alternative warning as set forth in this § 2.3(b) ("Alternative Warning") as follows:

16 "WARNING: Certain foods and beverages sold or served here can expose you to  
17 chemicals including lead in kombucha on tap and acrylamide in many fried or baked  
18 foods, which are known to the State of California to cause cancer and birth defects or  
19 other reproductive harm. For more information go to  
20 [www.P65Warnings.ca.gov/restaurant](http://www.P65Warnings.ca.gov/restaurant)."

21 2.4 A Warning or Alternative Warning provided pursuant to § 2.3 must print  
22 the word "**WARNING:**" in all capital letters and in bold font, followed by a colon. The Warning  
23 or Alternative Warning shall be provided by one of the methods described in Cal. Code Regs. tit.  
24 27, § 25607.5. Nothing in this consent judgment shall preclude Defendants from employing  
25 more than one of the warning methods described in Cal. Code Regs. tit. 27, § 25607.5, nor shall  
26 anything in this consent judgment require that Defendants employ more than one such method.

1 3. ENTRY OF CONSENT JUDGMENT

2 3.1 The Parties hereby request that the court promptly enter this Consent Judgment.  
3 Upon entry of this Consent Judgment, the Parties waive their respective rights to a hearing or  
4 trial on the allegation made in the Complaints.

5 4. MATTERS COVERED BY THIS CONSENT JUDGMENT

6 4.1 Mateel's Release on Behalf of the Public Interest. As to all exposures to Pb  
7 alleged in the Notice to be caused by draft kombucha sold at Defendants' affiliated stores in  
8 California, this Consent Judgment provides a full release of liability on behalf of the Public  
9 Interest for all claims that were or could have been brought up through the Effective Date. As to  
10 all exposures to Pb alleged in the Notice to be caused by draft kombucha sold at Defendants'  
11 affiliated stores in California that is in the stream of commerce as of the Effective Date, this  
12 Consent Judgment also provides a full release of liability on behalf of the Public Interest to  
13 Defendants and their past, present and future parents, holding companies, controlling entities,  
14 joint ventures or other investment vehicles, related companies, affiliates (as such term is defined  
15 under Rule 405 of the Securities Act of 1933, as amended, and including without limitation any  
16 and all affiliated companies and subsidiaries), predecessors, successors, and assigns to any of  
17 them, as well as all past, present and future partners, principals, directors, officers, equity  
18 holders, members, managers, agents, attorneys, employees and representatives of any of the  
19 foregoing, for all claims that were or could have been brought up through the Effective  
20 Date. Notwithstanding any other provision of this Consent Judgment, only claims related to  
21 kombucha are released on behalf of the public interest consistent with the Notices.

22 4.2 Mateel's Release on Behalf of Itself. As to kombucha, Mateel, acting in its  
23 individual capacity only and not in its representative capacity, waives all rights to institute any  
24 form of legal action and releases all claims which were or could have been brought up through  
25 the Effective Date. As to kombucha that is in the stream of commerce as of the Effective Date,  
26 on behalf of Mateel in its individual capacity, this Consent Judgment also provides a full release

1 of liability to Defendants and their past, present and future parents, holding companies,  
2 controlling entities, joint ventures or other investment vehicles, related companies, affiliates (as  
3 such term is defined under Rule 405 of the Securities Act of 1933, as amended, and including  
4 without limitation any and all affiliated companies and subsidiaries), predecessors, successors,  
5 and assigns to any of them, as well as all past, present and future partners, principals, directors,  
6 officers, equity holders, members, managers, agents, attorneys, employees and representatives of  
7 any of the foregoing, for all claims that were or could have been brought up through the  
8 Effective Date. In furtherance of the foregoing, Mateel, acting on behalf of itself, hereby waives  
9 any and all rights and benefits which it now has, or in the future may have, conferred upon it  
10 with respect to Pb exposures alleged to be caused by kombucha by virtue of the provisions of  
11 Section 1542 of the California Civil Code, which provides as follows:

12 **A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE**  
13 **CREDITOR OR RELEASING PARTY DOES NOT KNOW OR**  
14 **SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF**  
15 **EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR**  
16 **HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER**  
17 **SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.**

18 Mateel understands and acknowledges that the significance and consequence of this waiver of  
19 California Civil Code § 1542 is that even if Mateel has future claims arising out of or resulting  
20 from, or related directly or indirectly to, in whole or in part, kombucha, it will not be able to  
21 pursue that claim against Defendants or the released stores, nor may it pursue such a claim  
22 against any and all entities related to Defendants including, but not limited to, their past, present  
23 and future parents, holding companies, controlling entities, joint ventures or other investment  
24 vehicles, related companies, affiliates (as such term is defined under Rule 405 of the Securities  
25 Act of 1933, as amended, and including without limitation any and all affiliated companies and  
26 subsidiaries), predecessors, successors, and assigns to any of them, as well as all past, present  
27 and future partners, principals, directors, officers, equity holders, members, managers, agents,  
28 attorneys, employees and representatives of any of the foregoing. Furthermore, Mateel

acknowledges that it intends these consequences for any such claims which may exist as of the date of this release but which Mateel does not know exist, and which, if known, would materially affect its decision to enter into this Consent Judgment, regardless of whether its lack of knowledge is the result of ignorance, oversight, error, negligence or any other cause.

4.3 Notwithstanding any other provision of this Consent Judgment, Mateel (on behalf of the public interest and itself) does not release any entity that supplies Defendants with kombucha intended to be served from Kombucha Dispensing Equipment for sale in California, nor does Mateel (on behalf of itself or the public interest) release any entity that supplies Defendants with Kombucha Dispensing Equipment.

## 5. SETTLEMENT PAYMENT

5.1 In settlement of all the claims pertaining to Pb exposures alleged to have been caused by draft kombucha, Defendants shall pay a total amount of \$45,000, which shall be allocated as follows: \$2,000 shall be paid as a civil penalty; \$43,000 shall be paid to the Klamath Environmental Law Center ("KELC") to cover a portion of Mateel's attorneys fees and litigation costs. The above-referenced \$2,000 civil penalty shall be further allocated as follows: \$1,500 shall be made payable to California's Office of Environmental Health Hazard Assessment ("OEHHA"), and \$500 shall be made payable to the Mateel Environmental Justice Foundation as Mateel's statutorily authorized share of the above-referenced civil penalty amount. In the event the Court approves the settlement in this case and enters this [Proposed] Consent Judgment, the above-referenced payments shall be delivered no later than fourteen days after the court enters this [Proposed] Consent Judgment. The above-referenced payments shall be delivered via overnight mail or delivery service to Klamath Environmental Law Center, 1125 Sixteenth Street, Suite 204, Arcata, California 95521. If this Consent Judgment is not entered by the court within 120 days, the provisions of this Consent Judgment shall be null and void.
