1.7 Nothing in this Consent Judgment is or shall be construed as an admission by the Parties of any fact, conclusion of law, issue of law or violation of law, nor shall compliance with the Consent Judgment constitute or be construed as an admission by the Parties of any fact, conclusion of law, issue of law or violation of law. Nothing in this Consent Judgment shall prejudice, waive or impair any right, remedy, argument or defense the Parties may have in any other pending or future legal proceedings. This Consent Judgment is the product of negotiation and compromise and is accepted by the Parties solely for purposes of settling, compromising and resolving issues disputed in this Action.

2. DEFINITIONS

2.1 The “Effective Date” is the date of entry of this Consent Judgment.

2.2 The “Lead Level” shall mean a concentration level of no more than 35 parts per billion (“ppb”) Lead by weight.

- contains acrylamide in a concentration exceeding the Acrylamide Level; or
- contains Lead in a concentration exceeding the Lead Level,

shall be sold or offered for sale by NAF unless NAF provides a clear and reasonable warning as further specified in this Section 3.

3.2 **Warning Language.** The warning required by Section 3.1 for Covered Products shall state the following:

3.2.1 For Covered Products that contain acrylamide in a concentration exceeding the Acrylamide Level:

WARNING:

The word “**WARNING**” must be in all capital letters and bold print.

3.3 **Placement of Warning Language.** The warning language set forth in Section 3.2 must be displayed with such conspicuousness as compared with other words, statements, designs or devices as to render the warning likely to be read and understood by an ordinary consumer under customary conditions of purchase and use. The warning language shall appear on the Covered Product’s label, set off from other surrounding information or enclosed in a box on the label. If the Covered Product’s label contains other warnings or nutritional information in a language other than English, the warning language set forth in Section 3.2 must also be displayed on the label in that language in addition to English.

3.4 **Alternative Warning Method.** For Covered Products that are not shipped or sold directly by NAF to a person or entity in California, NAF may as an alternative to an on label warning, comply with this Section 3 by sending a letter that is substantially and materially in the same form as the letter attached hereto as Exhibit A with the appropriate warning set forth in Section 3.2 to each customer prior to any shipment of Covered Products. The letter may be sent with confirmation of purchase order, invoice, Certificate of Analysis or other documentation provided that it is received by the customer prior to the shipment of Covered Product and clearly references the Covered Product shipment and specific Covered Products to which it applies. The letter may be sent via email in pdf format provided that it is sent to the primary customer contact ordering the Covered Product.

3.5 **Internet Sales.** With respect to internet sales of Covered Products, the warning language set forth in Section 3.2 must be prominently displayed in such a manner that it is likely to be read and understood as being applicable to the Covered Product being sold prior to the authorization of or actual payment by the purchaser. For purposes of this Section 3.4, the warning language is not prominently displayed if the customer must search for the warning language in the general content of NAF's website or if a reasonable consumer cannot determine the specific Covered Product to which the warning applies. If the product display page contains other warnings or nutritional information in a language other than English, the warning language set forth in Section 3.2 must also be displayed in that language in addition to English.
