17 **SUPERIOR COURT OF THE STATE OF CALIFORNIA**  
18 **COUNTY OF ALAMEDA**

19 **ENVIRONMENTAL RESEARCH**  
20 **CENTER, INC., a California non-profit**  
21 **corporation**

22 **Plaintiff,**

23 **vs.**

24 **BIO-REIGNS, INC and DOES 1-100**

25 **Defendants.**

**CASE NO. 23CV029942**

**STIPULATED CONSENT**  
**JUDGMENT**

Health & Safety Code § 25249.5 *et seq.*

Action Filed: March 24, 2023

Trial Date: None set

26 **1. INTRODUCTION**

27 **1.1** On March 24, 2023, Plaintiff Environmental Research Center, Inc. (“ERC”), a  
28 non-profit corporation, as a private enforcer and in the public interest, initiated this action by  
filing a Complaint for Injunctive and Declaratory Relief and Civil Penalties (the “Complaint”)  
pursuant to the provisions of California Health and Safety Code section 25249.5 *et seq.*

1 (“Proposition 65”), against Bio-Reigns, Inc (“Bio-Reigns”) and Does 1-100. In this action,  
2 ERC alleges that a number of products manufactured, distributed, or sold by Bio-Reigns  
3 contain lead and/or mercury, chemicals listed under Proposition 65 as carcinogens and/or  
4 reproductive toxins, and expose consumers to these chemicals at a level requiring a Proposition  
5 65 warning. These products (referred to hereinafter individually as a “Covered Product” or  
6 collectively as “Covered Products”) are: (1) biōReigns Hydrate Raspberry Lemonade (lead),  
7 (2) biō. gh protein Chocolate with Super Greens (mercury), (3) biō. gh Almond Protein  
8 Chocolate with Super Greens (lead, mercury), and (4) biō. gh Almond Protein Vanilla Berry  
9 with Super Greens (lead).

10 **1.2** ERC and Bio-Reigns are hereinafter referred to individually as a “Party” or  
11 collectively as the “Parties.”

12 **1.3** ERC is a 501 (c)(3) California non-profit corporation dedicated to, among other  
13 causes, helping safeguard the public from health hazards by reducing the use and misuse of  
14 hazardous and toxic chemicals, facilitating a safe environment for consumers and employees,  
15 and encouraging corporate responsibility.

16 **1.4** For purposes of this Consent Judgment, the Parties agree that Bio-Reigns is a  
17 business entity that has employed ten or more persons at all times relevant to this action, and  
18 qualifies as a “person in the course of doing business” within the meaning of Proposition 65. Bio-  
19 Reigns manufactures, distributes, and/or sells the Covered Products.

20 **1.5** The Complaint is based on allegations contained in ERC’s Notices of Violation  
21 dated December 29, 2022 and January 12, 2023 that were served on the California Attorney  
22 General, other public enforcers, and Bio-Reigns (“Notices”). True and correct copies of the 60-  
23 Day Notices dated December 29, 2022 and January 12, 2023 are attached hereto as **Exhibits A**  
24 **and B** and each is incorporated herein by reference. More than 60 days have passed since the  
25 Notices were served on the Attorney General, public enforcers, and Bio-Reigns and no  
26 designated governmental entity has filed a Complaint against Bio-Reigns with regard to the  
27 Covered Products or the alleged violations.

28 **1.6** ERC’s Notices and Complaint allege that use of the Covered Products by

1 California consumers exposes them to lead and/or mercury without first receiving clear and  
2 reasonable warnings from Bio-Reigns, which is in violation of California Health and Safety  
3 Code section 25249.6. Bio-Reigns denies all material allegations contained in the Notices and  
4 Complaint.

5 **1.7** The Parties have entered into this Consent Judgment in order to settle,  
6 compromise, and resolve disputed claims and thus avoid prolonged and costly litigation.  
7 Nothing in this Consent Judgment nor compliance with this Consent Judgment shall constitute  
8 or be construed as an admission by any of the Parties or by any of their respective officers,  
9 directors, shareholders, employees, agents, parent companies, subsidiaries, divisions,  
10 franchisees, licensees, customers, suppliers, distributors, wholesalers, or retailers of any fact,  
11 issue of law, or violation of law.

12 **1.8** Except as expressly set forth herein, nothing in this Consent Judgment shall  
13 prejudice, waive, or impair any right, remedy, argument, or defense the Parties may have in  
14 any current or future legal proceeding unrelated to these proceedings.

15 **1.9** The Effective Date of this Consent Judgment is the date on which it is entered  
16 as a Judgment by this Court.

## 17 **2. JURISDICTION AND VENUE**

18 For purposes of this Consent Judgment and any further court action that may become  
19 necessary to enforce this Consent Judgment, the Parties stipulate that this Court has subject matter  
20 jurisdiction over the allegations of violations contained in the Complaint and personal jurisdiction  
21 over Bio-Reigns as to the acts alleged in the Complaint, that venue is proper in Alameda County,  
22 and that this Court has jurisdiction to enter this Consent Judgment as a full and final resolution of  
23 all claims up through and including the Effective Date that were or could have been asserted in  
24 this action based on the facts alleged in the Notices and Complaint.

## 25 **3. INJUNCTIVE RELIEF, REFORMULATION, TESTING AND WARNINGS**

26 **3.1** Beginning on the Effective Date, Bio-Reigns shall be permanently enjoined  
27 from manufacturing for sale in the State of California, "Distributing into the State of  
28 California," or directly selling in the State of California, any Covered Product that exposes a

1 person to a “Daily Lead Exposure Level” of more than 0.5 micrograms of lead per day and/or  
2 “Daily Mercury Exposure Level” of more than 0.3 micrograms of mercury per day unless it  
3 meets the warning requirements under Section 3.2.

4           **3.1.1** As used in this Consent Judgment, the term “Distributing into the State  
5 of California” shall mean to directly ship a Covered Product into California for sale in  
6 California or to sell a Covered Product to a distributor that Bio-Reigns knows or has reason to  
7 know will sell the Covered Product in California.

8           **3.1.2** For purposes of this Consent Judgment, the “Daily Lead Exposure  
9 Level” shall be measured in micrograms, and shall be calculated using the following formula:  
10 micrograms of lead per gram of product, multiplied by grams of product per serving of the  
11 product (using the largest serving size appearing on the product label), multiplied by servings  
12 of the product per day (using the largest number of recommended daily servings appearing on  
13 the label), which equals micrograms of lead exposure per day. If the label contains no  
14 recommended daily servings, then the number of recommended daily servings shall be one.

15           **3.1.3** For purposes of this Consent Judgment, the “Daily Mercury Exposure  
16 Level” shall be measured in micrograms, and shall be calculated using the following formula:  
17 micrograms of mercury per gram of product, multiplied by grams of product per serving of the  
18 product (using the largest serving size appearing on the product label), multiplied by servings  
19 of the product per day (using the largest number of recommended daily servings appearing on  
20 the label), which equals micrograms of mercury exposure per day. If the label contains no  
21 recommended daily servings, then the number of recommended daily servings shall be one.

## 22           **3.2 Clear and Reasonable Warnings**

23           If Bio-Reigns is required to provide a warning pursuant to Section 3.1, the following  
24 warning must be utilized (“Warning”):

25           **WARNING:** Consuming this product can expose you to chemicals including [lead] [and]  
26 [mercury] which is [are] known to the State of California to cause [cancer and] birth defects  
27 or other reproductive harm. For more information go to [www.P65Warnings.ca.gov/food](http://www.P65Warnings.ca.gov/food).

28           Bio-Reigns shall use the phrase “cancer and” in the Warning if Bio-Reigns has reason to

1 believe that the “Daily Lead Exposure Level” is greater than 15 micrograms of lead as determined  
2 pursuant to the quality control methodology set forth in Section 3.4 or if Bio-Reigns has reason to  
3 believe that another Proposition 65 chemical is present which may require a cancer warning. As  
4 identified in the brackets, the warning shall appropriately reflect whether there is lead, mercury, or  
5 both chemicals present in each of the Covered Products, but if there is a chemical present at a  
6 level that requires a cancer warning, the chemical requiring use of the phrase “cancer and” in the  
7 Warning shall always be identified.

8         The Warning shall be securely affixed to or printed upon the label of each Covered  
9 Product and it must be set off from other surrounding information and enclosed in a box. In  
10 addition, for any Covered Product sold over the internet, the Warning shall appear on the  
11 checkout page when a California delivery address is indicated for any purchase of any Covered  
12 Product. An asterisk or other identifying method must be utilized to identify which products on  
13 the checkout page are subject to the Warning. In no event shall any internet or website  
14 Warning be contained in or made through a link.

15         The Warning shall be at least the same size as the largest of any other health or safety  
16 warnings also appearing on the website or on the label and the word “**WARNING**” shall be in all  
17 capital letters and in bold print. No statements intended to or likely to have the effect of  
18 diminishing the impact of the Warning on the average lay person shall accompany the Warning.  
19 Further no statements may accompany the Warning that state or imply that the source of the listed  
20 chemical has an impact on or results in a less harmful effect of the listed chemical.

21         Bio-Reigns must display the above Warning with such conspicuousness, as compared with  
22 other words, statements or designs on the label, or on its website, if applicable, to render the  
23 Warning likely to be read and understood by an ordinary individual under customary conditions  
24 of purchase or use of the product.

25         For purposes of this Consent Judgment, the term “label” means a display of written,  
26 printed or graphic material that is printed on or affixed to a Covered Product or its immediate  
27 container or wrapper.

28 ///

1           **3.3     Conforming Covered Products**

2           A Conforming Covered Product is a Covered Product for which the “Daily Lead Exposure  
3 Level” is no greater than 0.5 micrograms of lead per day and/or the “Daily Mercury Exposure  
4 Level” is no greater than 0.3 micrograms of mercury per day as determined by the exposure  
5 methodology set forth in Section 3.1.2 and the quality control methodology described in Section  
6 3.4, and that is not known by Bio-Reigns to contain other chemicals that violate Proposition 65’s  
7 safe harbor thresholds.

8           **3.4     Testing and Quality Control Methodology**

9           **3.4.1** Beginning within one year of the Effective Date, Bio-Reigns shall  
10 arrange for lead and mercury testing of the Covered Products at least once a year for a  
11 minimum of five consecutive years by arranging for testing of three (3) randomly selected  
12 samples of each of the Covered Products, in the form intended for sale to the end-user, which  
13 Bio-Reigns intends to sell or is manufacturing for sale in California, directly selling to a  
14 consumer in California or “Distributing into the State of California.” If tests conducted  
15 pursuant to this Section demonstrate that no Warning is required for a Covered Product during  
16 each of five consecutive years, then the testing requirements of this Section will no longer be  
17 required as to that Covered Product. However, if during or after the five-year testing period,  
18 Bio-Reigns changes ingredient suppliers for any of the Covered Products and/or reformulates  
19 any of the Covered Products, Bio-Reigns shall test that Covered Product annually for at least  
20 four (4) consecutive years after such change is made.

21           **3.4.2** For purposes of measuring the “Daily Lead Exposure Level” and/or the  
22 “Daily Mercury Exposure Level,” the highest lead and/or mercury detection result of the three  
23 (3) randomly selected samples of the Covered Products will be controlling.

24           **3.4.3** All testing pursuant to this Consent Judgment shall be performed using a  
25 laboratory method that complies with the performance and quality control factors appropriate  
26 for the method used, including limit of detection and limit of quantification, sensitivity,  
27 accuracy and precision that meets the following criteria: Inductively Coupled Plasma-Mass  
28 Spectrometry (“ICP-MS”) achieving a limit of quantification of less than or equal to 0.005

1 mg/kg.

2           **3.4.4** All testing pursuant to this Consent Judgment shall be performed by an  
3 independent third party laboratory certified by the California Environmental Laboratory  
4 Accreditation Program or an independent third-party laboratory that is registered with the  
5 United States Food & Drug Administration.

6           **3.4.5** Nothing in this Consent Judgment shall limit Bio-Reigns' ability to  
7 conduct, or require that others conduct, additional testing of the Covered Products, including  
8 the raw materials used in their manufacture.

9           **3.4.6** Within thirty (30) days of ERC's written request, Bio-Reigns shall  
10 deliver lab reports obtained pursuant to Section 3.4 to ERC. Bio-Reigns shall retain all test  
11 results and documentation for a period of five years from the date of each test.

12   **4. SETTLEMENT PAYMENT**

13           **4.1** In full satisfaction of all potential civil penalties, additional settlement payments,  
14 attorney's fees, and costs, Bio-Reigns shall make a total payment of \$40,000.00 ("Total  
15 Settlement Amount") to ERC in two periodic payments (the "Periodic Payments") according to  
16 the following payment schedule ("Due Dates"):

- 17           • Payment 1 -- \$20,000.00 within 5 days of the Effective Date
- 18           • Payment 2 -- \$20,000.00 within 35 days of the Effective Date

19           Bio-Reigns shall make these payments by wire transfer to ERC's account, for which  
20 ERC will give Bio-Reigns the necessary account information. The Total Settlement Amount  
21 shall be apportioned as follows:

22           **4.2** \$4,000.00 shall be considered a civil penalty pursuant to California Health and  
23 Safety Code section 25249.7(b)(1). ERC shall remit 75% (\$3,000.00) of the civil penalty to the  
24 Office of Environmental Health Hazard Assessment ("OEHHA") for deposit in the Safe  
25 Drinking Water and Toxic Enforcement Fund in accordance with California Health and Safety  
26 Code section 25249.12(c). ERC will retain the remaining 25% (\$1,000.00) of the civil penalty.

27           **4.3** \$3,394.34 shall be distributed to ERC as reimbursement to ERC for reasonable  
28 costs incurred in bringing this action.

1           **4.4**     \$32,605.66 shall be distributed to ERC for its in-house legal fees. Except as  
2 explicitly provided herein, each Party shall bear its own fees and costs.

3           **4.5**     In the event that Bio-Reigns fails to remit, in full, any of the Periodic Payments  
4 owed pursuant to Section 4.1 of this Consent Judgment on or before the applicable Due Date,  
5 Bio-Reigns shall be deemed to be in material breach of its obligations under this Consent  
6 Judgment. ERC shall provide written notice of the delinquency to Bio-Reigns via electronic  
7 mail. If Bio-Reigns fails to deliver the delinquent payment within five (5) business days from  
8 the written notice, the Total Settlement Amount, less any amounts previously paid pursuant to  
9 Section 4.1, shall be immediately due and owing and shall accrue interest at the statutory  
10 judgment interest rate provided in the California Code of Civil Procedure section 685.010.  
11 Additionally, Bio-Reigns agrees to pay ERC's reasonable attorney's fees and costs for any  
12 efforts to collect the payment due under this Consent Judgment.

13       **5.    MODIFICATION OF CONSENT JUDGMENT**

14           **5.1**     This Consent Judgment may be modified only as to injunctive terms (i) by  
15 written stipulation of the Parties and upon entry by the Court of a modified consent judgment  
16 or (ii) by motion of either Party pursuant to Section 5.3 and upon entry by the Court of a  
17 modified consent judgment.

18           **5.2**     If Bio-Reigns seeks to modify this Consent Judgment under Section 5.1, then  
19 Bio-Reigns must provide written notice to ERC of its intent ("Notice of Intent"). If ERC seeks  
20 to meet and confer regarding the proposed modification in the Notice of Intent, then ERC must  
21 provide written notice to Bio-Reigns within thirty (30) days of receiving the Notice of Intent.  
22 If ERC notifies Bio-Reigns in a timely manner of ERC's intent to meet and confer, then the  
23 Parties shall meet and confer in good faith as required in this Section. The Parties shall meet in  
24 person or via telephone within thirty (30) days of ERC's notification of its intent to meet and  
25 confer. Within thirty (30) days of such meeting, if ERC disputes the proposed modification,  
26 ERC shall provide to Bio-Reigns a written basis for its position. The Parties shall continue to  
27 meet and confer for an additional thirty (30) days in an effort to resolve any remaining  
28 disputes. Should it become necessary, the Parties may agree in writing to different deadlines

1 for the meet-and-confer period.

2       **5.3** In the event that Bio-Reigns initiates or otherwise requests a modification under  
3 Section 5.1, and the meet and confer process leads to a joint motion or application for a  
4 modification of the Consent Judgment, Bio-Reigns shall reimburse ERC its costs and  
5 reasonable attorney's fees for the time spent in the meet-and-confer process and filing and  
6 arguing the motion or application.

7       **6. RETENTION OF JURISDICTION, ENFORCEMENT OF CONSENT**  
8       **JUDGMENT**

9       **6.1** This Court shall retain jurisdiction of this matter to enforce, modify, or  
10 terminate this Consent Judgment.

11       **6.2** If ERC alleges that any Covered Product fails to qualify as a Conforming  
12 Covered Product (for which ERC alleges that no Warning has been provided), then ERC shall  
13 inform Bio-Reigns in a reasonably prompt manner of its test results, including information  
14 sufficient to permit Bio-Reigns to identify the Covered Products at issue. Bio-Reigns shall,  
15 within thirty (30) days following such notice, provide ERC with testing information, from an  
16 independent third-party laboratory meeting the requirements of Sections 3.4.3 and 3.4.4,  
17 demonstrating Bio-Reigns' compliance with the Consent Judgment. The Parties shall first  
18 attempt to resolve the matter prior to ERC taking any further legal action.

19       **7. APPLICATION OF CONSENT JUDGMENT**

20       This Consent Judgment may apply to, be binding upon, and benefit the Parties and their  
21 respective officers, directors, shareholders, employees, agents, parent companies, subsidiaries,  
22 divisions, franchisees, licensees, customers (excluding private labelers), distributors, wholesalers,  
23 retailers, predecessors, successors, and assigns. This Consent Judgment shall have no application  
24 to any Covered Product that is distributed or sold exclusively outside the State of California and  
25 that is not used by California consumers.

26       **8. BINDING EFFECT, CLAIMS COVERED AND RELEASED**

27       **8.1** This Consent Judgment is a full, final, and binding resolution between ERC, on  
28 behalf of itself and in the public interest, and Bio-Reigns and its respective officers, directors,

1 shareholders, employees, agents, parent companies, subsidiaries, divisions, suppliers,  
2 franchisees, licensees, customers (not including private label customers of Bio-Reigns),  
3 distributors, wholesalers, retailers, and all other upstream and downstream entities in the  
4 distribution chain of any Covered Product, and the predecessors, successors, and assigns of any  
5 of them (collectively, "Released Parties").

6 **8.2** ERC, acting in the public interest, releases the Released Parties from any and all  
7 claims for violations of Proposition 65 up through the Effective Date based on exposure to lead  
8 and/or mercury from the Covered Products as set forth in the Notices of Violation. ERC, on  
9 behalf of itself only, hereby fully releases and discharges the Released Parties from any and all  
10 claims, actions, causes of action, suits, demands, liabilities, damages, penalties, fees, costs, and  
11 expenses asserted, or that could have been asserted from the handling, use, or consumption of  
12 the Covered Products, as to any alleged violation of Proposition 65 or its implementing  
13 regulations arising from the failure to provide Proposition 65 warnings on the Covered  
14 Products regarding lead and/or mercury up to and including the Effective Date.

15 **8.3** ERC on its own behalf only, and Bio-Reigns on its own behalf only, further  
16 waive and release any and all claims they may have against each other for all actions or  
17 statements made or undertaken in the course of seeking or opposing enforcement of  
18 Proposition 65 in connection with the Notices and Complaint up through and including the  
19 Effective Date, provided, however, that nothing in Section 8 shall affect or limit any Party's  
20 right to seek to enforce the terms of this Consent Judgment.

21 **8.4** It is possible that other claims not known to the Parties, arising out of the facts  
22 alleged in the Notices and Complaint, and relating to the Covered Products, will develop or be  
23 discovered. ERC on behalf of itself only, and Bio-Reigns on behalf of itself only, acknowledge  
24 that this Consent Judgment is expressly intended to cover and include all such claims up  
25 through and including the Effective Date, including all rights of action therefore. ERC and Bio-  
26 Reigns acknowledge that the claims released in Sections 8.2 and 8.3 above may include  
27 unknown claims, and nevertheless waive California Civil Code section 1542 as to any such  
28 unknown claims. California Civil Code section 1542 reads as follows:

1 A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE  
2 CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO  
3 EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE  
4 AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY  
AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED  
PARTY.

5 ERC on behalf of itself only, and Bio-Reigns on behalf of itself only, acknowledge and  
6 understand the significance and consequences of this specific waiver of California Civil Code  
7 section 1542.

8 **8.5** Compliance with the terms of this Consent Judgment shall be deemed to  
9 constitute compliance with Proposition 65 by any of the Released Parties regarding alleged  
10 exposures to lead and/or mercury in the Covered Products as set forth in the Notices and  
11 Complaint.

12 **8.6** Nothing in this Consent Judgment is intended to apply to any occupational or  
13 environmental exposures arising under Proposition 65, nor shall it apply to any of Bio-Reigns'  
14 products other than the Covered Products.

15 **9. SEVERABILITY OF UNENFORCEABLE PROVISIONS**

16 In the event that any of the provisions of this Consent Judgment are held by a court to be  
17 unenforceable, the validity of the remaining enforceable provisions shall not be adversely  
18 affected.

19 **10. GOVERNING LAW**

20 The terms and conditions of this Consent Judgment shall be governed by and construed in  
21 accordance with the laws of the State of California.

22 **11. PROVISION OF NOTICE**

23 All notices required to be given to either Party to this Consent Judgment by the other shall  
24 be in writing and sent to the following agents listed below via first-class mail or via electronic  
25 mail where required. Courtesy copies via email may also be sent.

28 **12. COURT APPROVAL**

**12.1** Upon execution of this Consent Judgment by the Parties, ERC shall notice a Motion for Court Approval. The Parties shall use their best efforts to support entry of this Consent Judgment.

**12.2** If the California Attorney General objects to any term in this Consent Judgment, the Parties shall use their best efforts to resolve the concern in a timely manner, and if possible prior to the hearing on the motion.

**12.3** If this Stipulated Consent Judgment is not approved by the Court, it shall be

1 void and have no force or effect.

2 **13. EXECUTION AND COUNTERPARTS**

3 This Consent Judgment may be executed in counterparts, which taken together shall be  
4 deemed to constitute one document. A facsimile or .pdf signature shall be construed to be as valid  
5 as the original signature.

6 **14. DRAFTING**

7 The terms of this Consent Judgment have been reviewed by the respective counsel for  
8 each Party prior to its signing, and each Party has had an opportunity to fully discuss the terms  
9 and conditions with legal counsel. The Parties agree that, in any subsequent interpretation and  
10 construction of this Consent Judgment, no inference, assumption, or presumption shall be drawn,  
11 and no provision of this Consent Judgment shall be construed against any Party, based on the fact  
12 that one of the Parties and/or one of the Parties' legal counsel prepared and/or drafted all or any  
13 portion of the Consent Judgment. It is conclusively presumed that all of the Parties participated  
14 equally in the preparation and drafting of this Consent Judgment.

15 **15. GOOD FAITH ATTEMPT TO RESOLVE DISPUTES**

16 If a dispute arises with respect to either Party's compliance with the terms of this Consent  
17 Judgment entered by the Court, the Parties shall meet and confer in person, by telephone, and/or  
18 in writing and endeavor to resolve the dispute in an amicable manner. No action or motion may  
19 be filed in the absence of such a good faith attempt to resolve the dispute beforehand.

20 **16. ENFORCEMENT**

21 ERC may, by motion or order to show cause before the Superior Court of Alameda  
22 County, enforce the terms and conditions contained in this Consent Judgment. In any action  
23 brought by ERC to enforce this Consent Judgment, ERC may seek whatever fines, costs,  
24 penalties, or remedies as are provided by law for failure to comply with the Consent Judgment.  
25 To the extent the failure to comply with the Consent Judgment constitutes a violation of  
26 Proposition 65 or other laws, ERC shall not be limited to enforcement of this Consent  
27 Judgment, but may seek in another action whatever fines, costs, penalties, or remedies as are  
28 provided by law for failure to comply with Proposition 65 or other laws.

1 **17. ENTIRE AGREEMENT, AUTHORIZATION**

2 17.1 This Consent Judgment contains the sole and entire agreement and  
3 understanding of the Parties with respect to the entire subject matter herein, including any and  
4 all prior discussions, negotiations, commitments, and understandings related thereto. No  
5 representations, oral or otherwise, express or implied, other than those contained herein have  
6 been made by any Party. No other agreements, oral or otherwise, unless specifically referred to  
7 herein, shall be deemed to exist or to bind any Party.

8 17.2 Each signatory to this Consent Judgment certifies that he or she is fully  
9 authorized by the Party he or she represents to stipulate to this Consent Judgment.

10 **18. REQUEST FOR FINDINGS, APPROVAL OF SETTLEMENT AND ENTRY OF**  
11 **CONSENT JUDGMENT**

12 This Consent Judgment has come before the Court upon the request of the Parties. The  
13 Parties request the Court to fully review this Consent Judgment and, being fully informed  
14 regarding the matters which are the subject of this action, to:

15 (1) Find that the terms and provisions of this Consent Judgment represent a fair and  
16 equitable settlement of all matters raised by the allegations of the Complaint that the matter has  
17 been diligently prosecuted, and that the public interest is served by such settlement; and

18 (2) Make the findings pursuant to California Health and Safety Code section  
19 25249.7(f)(4), approve the Settlement, and approve this Consent Judgment.

20 (3) Retain jurisdiction, pursuant to Section 664.6 of the Code of Civil Procedure, after  
21 the Consent Judgment is entered in order to enforce, modify, or terminate this Consent Judgment.

22 **IT IS SO STIPULATED:**

December 29, 2022

### NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violator and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. (“ERC”). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violator identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violator and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

**General Information about Proposition 65.** A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violator identified below.

**Alleged Violator.** The name of the company covered by this notice that violated Proposition 65 (hereinafter the “Violator”) is:

**Bio-Reigns, Inc**

**Consumer Products and Listed Chemicals.** The products that are the subject of this notice and the chemicals in those products identified as exceeding allowable levels are:

1. biōReigns Hydrate Raspberry Lemonade - Lead
2. biō. gh protein Chocolate with Super Greens - Mercury

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

December 29, 2022

Page 2

On July 1, 1990, the State of California officially listed mercury and mercury compounds as chemicals known to cause developmental toxicity and male and female reproductive toxicity.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

**Route of Exposure.** The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to these chemicals has been and continues to be through ingestion.

**Approximate Time Period of Violations.** Ongoing violations have occurred every day since at least December 29, 2019, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. The Violator violated Proposition 65 because it failed to provide persons ingesting these products with appropriate warnings that they are being exposed to these chemicals.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violator to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as an expensive and time-consuming litigation.

Please direct all questions concerning this notice to ERC at the above listed address and telephone number.

Sincerely,

---

Chris Heptinstall  
Executive Director  
Environmental Research Center

- OEHHA Summary (to Bio-Reigns, Inc and its Registered Agent for Service of Process only)
- Additional Supporting Information for Certificate of Merit (to AG only)

**CERTIFICATE OF MERIT**

**Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by Bio-Reigns, Inc**

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the party identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemicals that are the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violator will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: December 29, 2022

## APPENDIX A

### OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

#### THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as "Proposition 65"). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.<sup>1</sup> These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

#### *WHAT DOES PROPOSITION 65 REQUIRE?*

***The "Proposition 65 List."*** Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to

---

<sup>1</sup> All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: [http://www.oehha.ca.gov/prop65/prop65\\_list/Newlist.html](http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html).

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

***Clear and reasonable warnings.*** A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

***Prohibition from discharges into drinking water.*** A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

#### *DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?*

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

***Grace Period.*** Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

***Governmental agencies and public water utilities.*** All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

***Businesses with nine or fewer employees.*** Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

**Exposures that pose no significant risk of cancer.** For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

**Exposures that will produce no observable reproductive effect at 1,000 times the level in question.** For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

**Exposures to Naturally Occurring Chemicals in Food.** Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant<sup>2</sup> it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

**Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water.** The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

---

<sup>2</sup> See Section 25501(a)(4).

## *HOW IS PROPOSITION 65 ENFORCED?*

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off-premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;
- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A copy of the notice of special compliance procedure and proof of compliance form is included in Appendix B and can be downloaded from OEHHA's website at: <http://oehha.ca.gov/prop65/law/p65law72003.html>.

January 12, 2023

### NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violator and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. (“ERC”). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violator identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violator and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

**General Information about Proposition 65.** A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violator identified below.

**Alleged Violator.** The name of the company covered by this notice that violated Proposition 65 (hereinafter the “Violator”) is:

**Bio-Reigns, Inc**

**Consumer Products and Listed Chemicals.** The products that are the subject of this notice and the chemicals in those products identified as exceeding allowable levels are:

**1. biō. gh Almond Protein Chocolate with Super Greens – Lead, Mercury**

**2. biō. gh Almond Protein Vanilla Berry with Super Greens – Lead**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

On July 1, 1990, the State of California officially listed mercury and mercury compounds as chemicals known to cause developmental toxicity and male and female reproductive toxicity.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

**Route of Exposure.** The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to these chemicals has been and continues to be through ingestion.

**Approximate Time Period of Violations.** Ongoing violations have occurred every day since at least January 12, 2020, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. The Violator violated Proposition 65 because it failed to provide persons ingesting these products with appropriate warnings that they are being exposed to these chemicals.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violator to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as an expensive and time-consuming litigation.

Please direct all questions concerning this notice to ERC at the above listed address and telephone number.

Sincerely,

---

Chris Heptinstall  
Executive Director  
Environmental Research Center

Certificate of Merit  
Certificate of Service  
OEHHA Summary (to Bio-Reigns, Inc and its Registered Agent for Service of Process only)  
Additional Supporting Information for Certificate of Merit (to AG only)

**CERTIFICATE OF MERIT**

**Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by Bio-Reigns, Inc**

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the party identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemicals that are the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violator will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: January 12, 2023

---

Chris Heptinstall

**CERTIFICATE OF SERVICE PURSUANT TO 27 CCR § 25903**

I, the undersigned, declare under penalty of perjury under the laws of the State of California that the following is true and correct:

I am a citizen of the United States and over the age of 18 years of age. My business address is 306 Joy Street, Fort Oglethorpe, Georgia 30742. I am a resident or employed in the county where the mailing occurred. The envelope or package was placed in the mail at Fort Oglethorpe, Georgia.

On January 12, 2023, between 8:00 a.m. and 5:00 p.m. Eastern Time, I served the following documents: **NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE §25249.5 ET SEQ.; CERTIFICATE OF MERIT; “THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY”** on the following parties by placing a true and correct copy thereof in a sealed envelope, addressed to each of the parties listed below and depositing it in a U.S. Postal Service Office with the postage fully prepaid for delivery by Certified Mail:

Current President or CEO  
Bio-Reigns, Inc  
1057 E Imperial Hwy #254  
Placentia, CA 92870

Bryan Reed  
(Registered Agent for Bio-Reigns, Inc)  
1057 E Imperial Hwy #254  
Placentia, CA 92870

Current President or CEO  
Bio-Reigns, Inc  
1451 Edinger Ave, Ste D  
Tustin, CA 92780

On January 12, 2023, between 8:00 a.m. and 5:00 p.m. Eastern Time, I verified the following documents **NOTICE OF VIOLATIONS, CALIFORNIA HEALTH & SAFETY CODE §25249.5 ET SEQ.; CERTIFICATE OF MERIT; ADDITIONAL SUPPORTING INFORMATION FOR CERTIFICATE OF MERIT AS REQUIRED BY CALIFORNIA HEALTH & SAFETY CODE §25249.7(d)(1)** were served on the following party when a true and correct copy thereof was uploaded on the California Attorney General’s website, which can be accessed at <https://oag.ca.gov/prop65/add-60-day-notice> :

Office of the California Attorney General  
Prop 65 Enforcement Reporting

## APPENDIX A

### OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

#### THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as "Proposition 65"). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.<sup>1</sup> These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

#### *WHAT DOES PROPOSITION 65 REQUIRE?*

***The "Proposition 65 List."*** Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to

---

<sup>1</sup> All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: [http://www.oehha.ca.gov/prop65/prop65\\_list/Newlist.html](http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html).

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

**Clear and reasonable warnings.** A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

**Prohibition from discharges into drinking water.** A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

#### *DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?*

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

**Grace Period.** Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

**Governmental agencies and public water utilities.** All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

**Businesses with nine or fewer employees.** Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

**Exposures that pose no significant risk of cancer.** For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

**Exposures that will produce no observable reproductive effect at 1,000 times the level in question.** For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

**Exposures to Naturally Occurring Chemicals in Food.** Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant<sup>2</sup> it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

**Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water.** The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

---

<sup>2</sup> See Section 25501(a)(4).

## *HOW IS PROPOSITION 65 ENFORCED?*

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off-premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;
- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A copy of the notice of special compliance procedure and proof of compliance form is included in Appendix B and can be downloaded from OEHHA's website at:  
<http://oehha.ca.gov/prop65/law/p65law72003.html>.
