1. INTRODUCTION

1.1. This Consent Judgment is entered into by Plaintiff Center for Environmental Health, a non-profit corporation (“CEH”), and Defendant Teikuro Corporation (“Settling Defendant”) to settle claims asserted by CEH against Settling Defendant as set forth in the operative Complaint in the matter *Center for Environmental Health v. Electro-Coatings of California, Inc., et al.*, Alameda Superior Court Case No. 23CV039004 (the “Action”). CEH and Settling Defendant are referred to collectively as the “Parties.”

1 **1.2.** Settling Defendant is a corporation that employed ten (10) or more persons and
2 operated the Facility.

3 **1.3.** On October 11, 2019, the California State Water Resources Control Board
4 (“SWRCB”) issued a letter to hundreds of facilities that conducted chrome plating activities,
5 including Settling Defendant, to submit site-specific work plans to determine the presence of per-
6 and polyfluoroalkyl Substances at California facilities. For purposes of this Consent Judgment,
7 “PFAS” shall mean perfluorooctane sulfonic acid, perfluorooctanoic acid, and perfluorononanoic
8 acid.

9 **1.4.** On January 10, 2022, Settling Defendant submitted its first PFAS Investigation
10 Report prepared by GEI Environment Inc. (“PFAS Report I”), dated December 23, 2021, to the
11 San Francisco Bay Area Regional Water Quality Control Board (SFBARWCB”) in accordance
12 with Order WQ 2019-0045-DWQ.

13 **1.5.** The PFAS Report I indicate that a host of PFAS chemicals, including PFOA and
14 PFOS, were found in elevated levels in the soil and dirt, dust, groundwater and stormwater at the
15 Facility above SWRCB reporting limits, without attributing such levels to any source.

16 **1.6.** On January 23, 2023, Settling Defendant submitted its Phase II Additional PFAS
17 Investigation Report (“PFAS Report II”) prepared by CREtelligent to the SFBARWCB.

18 **1.7.** The PFAS Report II indicated that PFAS chemicals, including PFOA and PFOS,
19 were found in elevated levels in the soil and in the groundwater above SWRCB reporting limits
20 without attributing such levels to any source.

21 **1.8.** On May 8, 2023, CEH served a 60-Day Notice of Violation (the “Notice”) relating
22 to the California Safe Drinking Water and Toxic Enforcement Act of 1986, California Health &
23 Safety Code § 25249.5, *et seq.* (“Proposition 65”) on Settling Defendant, the California Attorney
24 General, the District Attorney for the County of Alameda and City Attorney for the City of
25 Alameda. The Notice alleged that there were or had been releases and discharges of certain
26 Proposition 65-listed PFAS chemicals allegedly emanating from Settling Defendant’s facility
27 located 31499 Hayman Street, Hayward, California 94544 (the “Facility”) into sources of
28

1 drinking water, and that such alleged releases and discharges constituted violations of Proposition
2 65. Settling Defendant denies these allegations, including that it has violated Proposition 65.

3 **1.9.** On July 20, 2023, CEH filed the Action naming Settling Defendant as a defendant.
4 As in the Notice, CEH's complaint alleges that through its operation of the Facility, Settling
5 Defendant discharges and releases Proposition 65-listed PFAS into the groundwater and other
6 sources of drinking water. These allegations rest, in part, on CEH's contention that the Facility
7 has been significantly contaminated with PFAS by Settling Defendant's use of Proposition 65-
8 listed PFAS-containing chemicals such that the exterior portions of the Facility and soil
9 surrounding it are also contaminated. CEH contends that as a result of this contamination,
10 significant amounts of Proposition 65-listed PFAS are present in the stormwater and wastewater
11 emanating from the Facility, which in turn contaminates the soil and leaches into the
12 groundwater. CEH contends that this process is evidenced by significant amounts of
13 Proposition 65-listed PFAS measured in the stormwater, wastewater, soil and dirt, dust, and
14 groundwater at the Facility. Settling Defendant denies all material allegations in CEH's
15 complaint.

16 **1.10.** On April 7, 2025, the Water Board confirmed that Teikuro had satisfied its
17 obligations under the 2019 Order, but stated that it is supervising an additional investigation
18 regarding whether and to what extent Teikuro is responsible for the discharge of PFAS into the
19 environment and, if so, what, if any steps the Water Board will require to remediate such
20 discharge.

21 **1.11.** For purposes of this Consent Judgment only, the Parties stipulate that: (i) this
22 Court has jurisdiction over the allegations of violations contained in the Notice and Complaint
23 and personal jurisdiction over Settling Defendant as to the acts alleged in the Complaint; (ii)
24 venue is proper in the County of Alameda; and (iii) this Court has jurisdiction to enter this
25 Consent Judgment as a full and final resolution of all claims which were or could have been
26 raised in the Complaint based on the facts alleged in the Notice and Complaint with respect to
27 discharges and/or releases of PFAS from the Facility.

1 **1.12.** The Parties enter into this Consent Judgment as a full and final settlement of all
2 claims which were or could have been raised in the Complaint arising out of the facts or conduct
3 related to Settling Defendant alleged therein. By execution of this Consent Judgment and
4 agreeing to comply with its terms, the Parties do not admit any fact, conclusion of law, or
5 violation of law, nor shall compliance with the Consent Judgment constitute or be construed as an
6 admission by the Parties of any fact, conclusion of law, or violation of law. Settling Defendant
7 denies the material, factual, and legal allegations in the Notice and Complaint and expressly
8 denies any wrongdoing whatsoever. Except as specifically provided herein, nothing in this
9 Consent Judgment shall prejudice, waive, or impair any right, remedy, argument, or defense any
10 of the Parties may have in this or any other pending or future legal proceedings. This Consent
11 Judgment is the product of negotiation and compromise and is accepted by the Parties solely for
12 purposes of settling, compromising, and resolving issues disputed in this Action.

15 PFAS from the Facility and any areas surrounding the Facility, such as the soil and groundwater.
16 Any directives, orders or requirements issued by the Water Board to Teikuro after the Effective
17 Date shall become enforceable pursuant to Section 5.1 of this Consent Judgment.
18 Notwithstanding the foregoing, Settling Defendant may, pursuant to Section 5.1, contest any
19 order, directive or requirement imposed by the Water Board with the exception of arguing that the
20 order, directive or requirement is beyond the scope of the Water Board’s authority due either to:
21 (1) the Water Board’s failure to promulgate standards for certain PFAS; or (2) that the order is
22 beyond the scope of the 2019 Order.

23 **4. PAYMENTS**

24 **4.1.** Settling Defendant shall pay to CEH the total sum of \$85,000 and no cents, which

21 reasonable attorneys' fees and costs incurred as a result of such motion or application. Should
22 Settling Defendant prevail on any motion, application for an order to show cause, or other
23 proceeding, that Settling Defendant may be awarded its reasonable attorneys' fees and costs
24 against Plaintiff as a result of such motion or application upon a finding by the Court that CEH's

26 a requirement pursuant to Section 3.3 above, Settling Defendant will have an opportunity to
27 contest any order, directive or requirement imposed by the Water Board with the exception of
28

1 arguing that the order, directive or requirement is beyond the scope of the Water Board's
2 authority due either to: (1) the Water Board's failure to promulgate standards for certain PFAS; or

26 under Section 4 hereof, compliance with the terms of this Consent Judgment by Settling
27 Defendant and the Defendant Releasees shall constitute compliance with Proposition 65 by
28
