ATTORNEY GENERAL COPY: CONTAINS
OFFICIAL INFORMATION PER EVIDENCE
CODE SECTION 1040

October 29, 2003

**NOTICE OF VIOLATION OF
CALIFORNIA HEALTH & SAFETY CODE §25249.5 ET SEQ.**

Dear Public Enforcement Agencies:

Richard F. Sowinski is an individual residing in the State of California who has documented violations of California's Safe Drinking Water & Toxic Enforcement Act of 1986 ("Proposition 65"), codified at Health & Safety Code §25249.5 et seq. This letter serves to provide Richard F. Sowinski's notification of these violations to the public enforcement agencies and to the violator. Pursuant to §25249.7(d) of the statute, Richard F. Sowinski intends to bring an enforcement action sixty (60) days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

A summary of the statute and its implementing regulations, which was prepared by the lead agency designated under the statute, is enclosed with the copy of this notice served upon the violator. The specific details of the violations that are the subject of this notice are provided below.

The name of the violator covered by this notice is PG&E Corporation.

These violations involve exposures to benzene from the product(s) listed below. On February 27, 1987, the State of California officially listed benzene as a chemical known to cause cancer. On December 26, 1997, the State of California officially listed benzene as a chemical known to cause reproductive toxicity. This notice covers the following product(s):

Natural Gas

The consumer exposures that are the subject of this notice result from the exposure to benzene fumes. Benzene is present in natural gas delivered by PG&E Corporation in its un-combusted state and is present at levels posing significant risk as a byproduct of combustion. The consumer exposures will occur in homes and businesses where there are appliances, heaters, or other equipment operating on natural gas. Consumers will include people residing in the homes, working in the businesses, or individuals working on the equipment operating on the natural gas, or working on the natural gas line in the home or business. Accordingly, the consumer exposures have occurred and continue to occur primarily through the inhalation exposure route. Each of these ongoing violations has occurred on every day since October 29, 1999, and will continue every day until clear and reasonable warnings are provided or until these deleterious chemicals are removed from the product. Pursuant to Title 11, C.C.R. § 3100, a Certificate of Merit is attached hereto.

The occupational exposures that are the subject of this notice result from the exposure to benzene fumes. Benzene is present in natural gas delivered by PG&E Corporation in its un-combusted state and is present at levels posing significant risk as a byproduct of combustion. The occupational exposures will occur anywhere that employees of PG&E Corporation are working on lines containing natural gas, or in areas where equipment is being operated on the natural gas. Accordingly, the occupational exposures have occurred and continue to occur primarily through the inhalation exposure route. Each of these ongoing violations has occurred on every day since October 29, 1999, and will continue every day until clear and reasonable warnings are provided or until these deleterious chemicals are removed from the product. Pursuant to Title 11, C.C.R. § 3100, a Certificate of Merit is attached hereto.

In keeping with his public interest mission and to expeditiously rectify these ongoing violations of California law, Richard F. Sowinski is interested in seeking a constructive resolution of this matter without engaging in costly and protracted litigation. Please direct all communications regarding this notice to Richard F. Sowinski's counsel in this matter:
