60 Day Notice of Intent to Sue S-101 Management Company Under Health & Safety Code Section 25249.6

Consumer Defense Group Action, a California corporation (hereinafter "CDG" or the "Noticing Party") hereby gives Notice of Intent to Sue Under Health & Safety Code Section 25249.5 (the "Notice") to Samuel Engel, President of S-101 Management Corporation, a California corporation (hereinafter, the "Violator"), as well as the governmental entities on the attached proof of service. The Noticing Party must be contacted through its attorneys: Law Offices of Graham & Martin, LLP, 3 Park Plaza, Suite 2030, Irvine, California 92614.

This Notice is intended to inform the Violator that it has violated Proposition 65, the Safe Drinking Water and Toxic Enforcement Act (commencing with Health & Safety Code Section 25249.5) (hereinafter "Proposition 65") by failing and refusing to post clear and reasonable warnings at facilities listed on Exhibit A hereto (which are owned/managed by the Violator) (hereinafter "the Facilities") that the Violator (1) permits the smoking of tobacco products at the Facilities, which exposes customers, visitors and employees to tobacco smoke in the areas where smoking is permitted; and, (2) permits the operation of motor vehicles at the Facilities, which exposes customers, visitors and employees to diesel and gasoline exhaust fumes, and the chemicals contained in those fumes, in the areas where such vehicles are allowed to be operated.

Summary of Violation:

Proposition 65 provides that when a party, such as the Violator, has been and is knowingly and intentionally exposing its customers, visitors, employees and the general public to chemicals designated by the State of California to cause cancer and reproductive toxicity (the Designated Chemicals") it has violated the statute unless, prior to such exposure, it provides clear and reasonable warning of that potential exposure to the potentially exposed persons (Health & Safety Code Section 24249.6). Tobacco smoke, as well as the constituent chemicals contained in tobacco smoke, are Designated Chemicals. Similarly, diesel and gasoline exhaust fumes contain Designated Chemicals.

The Violator, in the ordinary course of business, controls much of the conduct and actions of its customers, visitors and employees at each of the Facilities. One of the actions the Violator controls is whether or not to allow its customers, visitors and employees at each of the Facilities to smoke tobacco products. Similarly, the Violator controls whether or not to allow its customers, visitors and employees at each of the Facilities to operate motor vehicles and the location of such operation at the Facilities.

Persons representing CDG have personally visited each of the Facilities in the period between January and March 2004 (hereinafter referred to as the "Investigation Period"). During those investigations CDG discovered that the Facilities are owned and/or managed by the Violator, and that the Violator has more than nine employees. Those investigations showed that the Violator has chosen to allow its customers, visitors and employees at each of the Facilities to smoke tobacco products, and has specifically chosen to allow smoking in certain areas. Those areas are the apartments, the lobbies, corridors and hallways of floors where apartments where smoking is allowed are located, areas adjacent to pools, entrances and common

floors where apartments where smoking is allowed are located, areas adjacent to pools, entrances and common areas where smoking is permitted, public walkways and parking areas where smoking is permitted. The areas at the Facilities where customers, visitors and employees are being exposed to diesel and gasoline exhaust fumes the apartments and public walkways near to driveways and parking areas, and those driveways and parking areas.

Occupational Exposures:

While in the course of doing business at the Facilities, during the Investigation Period, and for up to four years prior to that time, the Violator has been and is knowingly and intentionally exposing its employees to tobacco and tobacco smoke, diesel and gasoline exhaust fumes and other chemicals listed below and designated by the State of California to cause cancer and reproductive toxicity without first giving clear and reasonable warning of that fact to the exposed person (Health & Safety Code Section 25249.6). The source of exposure is (1) tobacco smoke caused by the smoking of tobacco products by persons who the Violator permits to smoke tobacco products at the Facilities, and (2) diesel and gasoline exhaust fumes produced by the operation of motor vehicles which the Violator permits at the Facilities. The source of exposure includes tobacco and tobacco smoke at the locations in Exhibit A. Employees include and are not limited to security personnel, maintenance workers, service personnel and administrative personnel. The areas at the Facilities where employees are being exposed to tobacco smoke are the apartments, the lobbies, corridors and hallways of floors where apartments where smoking is allowed are located, areas adjacent to pools, entrances and common areas where smoking is permitted, public walkways and parking areas where smoking is permitted. The areas at the Facilities where employees are being exposed to diesel and gasoline exhaust fumes are the apartments and public walkways near to driveways and parking areas, and those driveways and parking areas.

The route of exposure for Occupational Exposures and Environmental Exposures to the chemicals listed below has been inhalation and dermal contact with (1) tobacco smoke and (2) diesel and gasoline exhaust fumes at the Facilities. In other words, via breathing and contact with the skin of (1) tobacco smoke and (2) diesel and gasoline exhaust fumes.

For each such type and means of exposure, the Violator has exposed and is exposing the above referenced persons to the chemicals listed on the document attached hereto entitled "LIST OF CARCINOGENS/TOXINS."

Proposition 65 requires that notice and intent to sue be given to the Violator sixty days before a suit is filed. With this letter, CDG gives notice of the alleged violations to the Violator and the appropriate governmental authorities. This notice covers all violations of Proposition 65 that are currently known to CDG from information now available to them. CDG reserves the right to amend this Notice to inform the Violator of other violations and/or exposures as it gathers further information. With the copy of this amended notice submitted to the Violator, a copy is provided of "The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary".

CERTIFICATE OF MERIT
Health and Safety Code Section 25249.7(d)

I, Anthony G. Graham, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.

2. I am member of the State Bar of California, a partner of the law firm of Graham & Martin, LLP, and attorney for noticing parties Consumer Defense Group and The McKenzie Group.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposures to the listed chemicals that are the subject of the action.

4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct. Executed at Irvine, California on April 24, 2004.

CERTIFICATE OF SERVICE

I am over the age of 18 and not a party to this case. I am a resident of or employed in the county where the mailing occurred. My business address is 3 Park Plaza, Suite 2030, Irvine, California 92614.

I SERVED THE FOLLOWING:

- 1.) 60-Day Notice of Intent to Sue under Health & Safety Code Section 24249.6;
- 2.) The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary (*only sent to violators*); and
- 3.) Certificate of Merit and supporting documents (*only sent to Office of Attorney General*)

by enclosing a true copy of the same in a sealed envelope addressed to each person whose name and address is shown below and depositing the envelope in the United States mail with the postage fully prepaid:

Date of Mailing: April 28, 2004
Place of Mailing: Irvine, California

NAME AND ADDRESS OF EACH PERSON TO WHOM DOCUMENTS WERE MAILED:
