(On behalf of Consumer Advocacy Group, Inc.)

October 19, 2004

VIA U.S. MAIL

60-Day Notice of Intent to Sue Under Health & Safety Code Section 25249.6

Consumer Advocacy Group, Inc., who gives this notice, must be contacted through **Reuben Yeroushalmi, Esq., Yeroushalmi & Associates**; 3700 Wilshire Blvd. Ste. 480 Los Angeles, CA 90010; 213-382-3183. This letter constitutes notification that Consumer Advocacy Group, Inc. believes that the following entities (“Violators”) have violated *The Safe Drinking Water and Toxic Enforcement Act* (Health & Saf. Code § 25249.5, et seq. and Cal. Code Regs., tit. 22, § 12601 (“Proposition 65”)) during the period referenced below:

	PERIOD OF VIOLATION	
From: October 19, 2000	Through October 19, 2004	and continuing thereafter.

Environmental Exposures

While in the course of doing business at, but not limited to:

The locations on the section of the attached Certificate of Service entitled the “name and address of each violator to whom documents were mailed”:

during the period referenced above, Violators installed, repaired, removed, and replaced roofs. Violators have been and are knowingly and intentionally exposing foreseeable members of the public, including neighbors and residents, passersby, motorists, and inspectors not employed by Violators and found within a 50 foot radius of where Violators performed **roofing** work, to products containing **Asphalt**, including hot asphalt, and its constituent chemicals as listed below and designated to cause **cancer** and **reproductive toxicity**, pursuant Cal. Code Regs., tit. 22, § 12000, without first giving clear and reasonable warning of such to the exposed persons (Proposition 65). The source of exposures is **Asphalt**, including hot asphalt, and its constituent chemicals. The locations of exposures include areas within a 50-foot radius of Violators’ places of business, as referenced above, where Violators heated and mixed **Asphalt**, and along and within 50 feet of the route Violators traveled between said places of business and where Violators stored **roofing** materials and performed **roofing** work. The locations of exposures also occurred within a 50-foot radius where Violators performed **roofing** work. Because of these activities, members of the public breathed in via the ambient air, and caused contact with their mouths, throats, esophagi, and lungs, **Asphalt**, including hot asphalt, associated fumes, and its constituent chemicals. The route of exposure for Environmental exposures to the chemicals listed below has been the inhalation contact described above. Said exposures took place in the counties whose district attorneys received copies of this notice as listed in the attached certificate of service. Some of the exposures for which a warning is allegedly required occurred beyond the property owned or controlled by Violators.

Occupational Exposures

While in the course of doing business at, but not limited to:

The locations on the section of the attached Certificate of Service entitled the “name and address of each violator to whom documents were mailed”:

during the period referenced above, Violators have been and are knowingly and intentionally exposing Violators’ employees to **Asphalt**, including hot asphalt, “cold” asphalt emulsions and adhesives, asphalt shingles, and inter-ply layers of asphalt or coal tar, and its constituent chemicals as listed below and designated to cause cancer and reproductive toxicity, pursuant Cal. Code Regs., tit. 22, § 12000, without first giving clear and reasonable warning of such to the exposed persons (Proposition 65). The source of exposures is **Asphalt**, including hot asphalt, “cold” asphalt emulsions and adhesives, asphalt shingles, and inter-ply layers of asphalt or coal tar, and its constituent chemicals as listed below.

The employees exposed to said chemicals include roofing contractors, drivers, roofing installers, and workers otherwise involved in the installation, repair, and replacement of roofs. Exposures occurred in storage facilities/garage areas at Violators' places of business, where Violators prepared and heated *Asphalt* and stored "cold" asphalt emulsions and adhesives, asphalt shingles, and inter-ply layers of asphalt or coal tar. Exposures also occurred where Violators performed roofing installations, and along the routes by which Violators transported *Asphalt* from said places of business to where Violators performed *roofing* work. Exposures were created by heated *Asphalt*, including hot asphalt, *Asphalt* smoke, and associated fumes, and particulate matter and other airborne constituents, including gaseous emissions, released from "cold" asphalt emulsions and adhesives, asphalt shingles, and inter-ply layers of asphalt or coal tar by removing these products from packaging and tearing out said products from old roofing in preparation of re-roofing. The exposed persons breathed in these materials via the ambient air (which was a direct result of participating in applying *Asphalt* to roofing surfaces, handling roofing materials for storage, application, and transportation, or being near where hot asphalt was mixed, heated, or transported) causing a route of exposure of inhalation contact with their mouths, throats, esophagi, and lungs.

Consumer Advocacy Group, Inc. alleges that Violators caused a route of exposure of dermal contact due to employees touching *Asphalt*, while mixing, heating, transporting, and then applying *Asphalt*, including hot asphalt, "cold" asphalt emulsions and adhesives, asphalt shingles, and inter-ply layers of asphalt or coal tar, to surfaces at work locations, and by allowing work gloves, which had touched the asphalt, to touch their skin. Employees also sustained dermal contact when moving asphalt products in and out of the storage facilities/garage areas at Violators' places of business, as referenced above. Exposures took place in the counties whose district attorneys received copies of this notice as listed in the attached certificate of service.

The roofing products used by Violators' employees that contain or result in exposure to asphalt or coal tar, and any equipment used in the storage, installation, repair, removal, and transportation of such products whose use may cause persons to be exposed to asphalt or coal tar, include: binders, felts, base sheets, cap sheets, surfacing materials, membrane systems, insulation materials, substrates, shingles, roll roofing, felt underlayments, flashings, coatings, mastics, cements, adhesives, caulking compounds, roofing kettles, tank trucks, vehicles used to tow roofing kettles to, from, and within job sites, torches, hot-air welders, other heating equipment, spreaders, felt-laying machines, roof removal equipment, including roof cutters, and hand tools.

This notice alleges the violation of Proposition 65 with respect to occupational exposures governed by the California State Plan for Occupational Safety and Health. The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997.

This approval specifically placed certain conditions with regard to occupational exposures on Proposition 65, including that it does not apply to (a.) the conduct of manufacturers occurring outside the State of California; and (b.) employers with less than 10 employees. The approval also provides that an employer may use any means of compliance in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement be subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the California Attorney General.

For each such type and means of exposure, Violators have exposed and are exposing the exposed persons to:

CARCINOGENS

Benz[a]anthracene	Chrysene	Toluene diisocyanate	Formaldehyde (gas)
5-Methylchrysene	Nickel and Nickel Compounds	Dichloromethane (Methylene Chloride)	Benzene
Lead and lead compounds	Benzo[b]flouranthene	Benzo[k]flouranthene	Benzo[a]pyrene
Indeno[1,2,3-cd]pyrene	Acetaldehyde	Beryllium and Beryllium compounds	Arsenic (inorganic arsenic compounds)
Cadmium and Cadmium	Chromium (hexavalent	Tetrachloroethylene	Trichloroethylene

compounds	compounds)	(Perchloroethylene)	
Formaldehyde (gas)	Chrysene	Dibenz[a,h]anthracene	1, 3-butadiene
Carbazole	dibenz[a,j]acridine	Dibenz[a,h]anthracene	dibenzo[a,e]pyrene
dibenzo[a,h]pyrene	dibenzo[a,i]pyrene	dibenzo[a,l]pyrene	Silica, Crystalline (airborne particles of respirable size)

REPRODUCTIVE TOXINS

∇

Toluene	Carbon Disulfide	Benzene	Lead
Mercury and Mercury compounds	Arsenic (inorganic oxides)	Cadmium	

Proposition 65 (Health & Safety Code Section 25249.7) requires that notice and intent to sue be given to the violator(s) 60 days before the suit is filed. With this letter, **Consumer Advocacy Group, Inc.** gives notice of the alleged violations to Violators and appropriate governmental authorities. In absence of any action by the appropriate governmental authorities within 60 days of the sending of this notice, **Consumer Advocacy Group, Inc.** may file suit. This notice covers all violations of Proposition 65 that **Consumer Advocacy Group, Inc.** currently knows of from information now available to it. With the copy of this notice submitted to the violators, a copy of the following is attached: *The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary.*

Note: Consumer Advocacy Group, Inc., in the interest of the public, is determined to resolve this matter in the least costly manner and one that would benefit all parties involved. In order to encourage the expeditious and proper resolution of this matter, Consumer Advocacy Group, Inc. is prepared to forgo all monetary recovery including attorney fees and costs, penalties, and restitution in exchange for a complete elimination of the exposures listed above through the possible reformulation of your products and/or modification of your business practices.

CERTIFICATE OF SERVICE

I am over the age of 18 and not a party to this case. I am a resident of or employed in the county where the mailing occurred. My business address is 3700 Wilshire Boulevard, Suite 480, Los Angeles, CA 90010.

I SERVED THE FOLLOWING:

- 1) 60-Day Notice of Intent to Sue Under Health & Safety Code Section 25249.6
 - 2) Certificate of Merit: Health and Safety Code Section 25249.7(d)
 - 3) Certificate of Merit: Health and Safety Code Section 25249.7(d) *Attorney General Copy (only sent to Attorney General)*
 - 4) The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary
- by enclosing a true copy of the same in a sealed envelope addressed to each person shown below and depositing the envelope in the United States mail with the postage fully prepaid. Place of Mailing: Los Angeles, CA

Name And Address Of Each Violator To Whom Documents Were Mailed:

First	Last	Company	Address	City	State	
Francis	Giangrossi	Coast Valley Roofing dba Coast Roofing	3110 Patton Way	Bakersfield	CA	93308
Sean	Conley	Valley Roofing	10 Reiff Pl.	Woodland	CA	95776
Gary	Heaston	Olander & Williams Roofing Co., Inc.	2711 Nathan Ave.	Modesto	CA	95354
Arnette	Reed	Tom Reed General Contractor dba Reed Roofing	1721 Yale Street	Chula Vista	CA	91913
Mike	Barnes	MLB Services, Inc. dba Royal Royal Roof Co.	1144 North Armando	Anaheim	CA	92806
Phil	Haache	PG & H Contracting, Inc. dba Royal Roofing Co.	1144 North Armando	Anaheim	CA	92806
Wes	Warden	Service Roofing Co.	440 E. Walnut, PO Box 133	Fullerton	CA	92836

Name And Address Of Each Public Prosecutor To Whom Documents Were Mailed:

Office of the Attorney General P.O. Box 70550 Oakland, CA 94612-0550	Kern County District Attorney 1215 Truxtun Ave. Bakersfield, CA 93301	Yolo County District Attorney 310 Second St Woodland, CA 95695
Stanislaus County District Attorney PO Box 442 Modesto, CA 95353	San Diego City Attorney City Center Plaza 1200 3rd Ave # 1100 San Diego, CA 92101	San Diego County District Attorney 330 W. Broadway, Ste 1300 San Diego, CA 92101-3803
Orange County District Attorney PO Box 808 Santa Ana, CA 92702		

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.
