### 60 Day Notice of Intent to Sue COMPUSA, INC. and All of Its Operating Affiliates Under Health & Safety Code Sections 25249.6

Consumer Defense Group Action, a California corporation (hereinafter "CDG" or the "Noticing Party") hereby gives Notice of Intent to Sue Under Health & Safety Code Section 25249.5, *et seq* (the "Notice") to Lawrence N. Mondry, the CEO of COMPUSA, INC. and all of its operating affiliates (hereinafter referred to collectively as "COMPUSA"), as well as the governmental entities on the attached proof of service. The Noticing Party must be contacted through Anthony G. Graham at the above address and phone number.

This Notice is intended to inform COMPUSA that it is in violation of Proposition 65, the Safe Drinking Water and Toxic Enforcement Act (commencing with California Health & Safety Code Section 25249.5) (hereinafter "Proposition 65"), specifically Section 25249.6. Proposition 65 states that when a party, such as COMPUSA, an entity with more than ten employees, has been or is knowingly and intentionally exposing its customers and users of products it sells to a detectable level of any chemical designated by the State of California to cause cancer or reproductive toxicity (the "Designated Chemicals"), it has violated the statute unless, prior to such exposure, it provides clear and reasonable warning of the exposure to the potentially exposed persons (Health & Safety Code § 25249.6).

In the ordinary course of business, COMPUSA, through its COMPUSA branded stores in California listed on Exhibit A hereto and through its internet website ([www.compusa.com](http://www.compusa.com)), offers for sale laser copiers, printers and multifunction printer/copiers, as well as the fusers and re-fill toners and cartridges for these laser copiers, printers and multifunction printer/copiers listed on Exhibit B hereto (hereinafter "the Consumer Products"). It has been doing so for at least one year prior to the date of this Notice. These Consumer Products, when used to print or create copies of documents, emit vapors, gases and particles containing the following Designated Chemicals: benzene, a chemical known to the State of California to cause cancer and reproductive toxicity; styrene oxide, a chemical known to the State of California to cause cancer; carbon black (airborne, unbound particles of respirable size), a chemical known to the State of California to cause cancer; ethylbenzene, a chemical known to the State of California to cause cancer; naphthalene, a chemical known to the State of California to cause cancer; toluene, a chemical known to the State of California to cause reproductive toxicity; and, 1,1,2,2, tetrachlorethane, a chemical known to the State of California to cause cancer. Persons using the Consumer Products will be exposed to these Designated Chemicals, primarily by inhalation. COMPUSA however has not placed in its stores, in the areas where the Consumer Products are offered for sale, nor on any of the Consumer Products themselves, nor anywhere on its internet website, a clear and reasonable warning that use of any such Consumer Products will expose the user to Designated Chemicals. COMPUSA is therefore violating Health & Safety Code Section 25249.6.

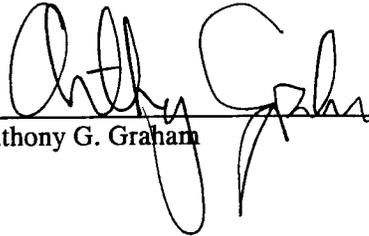

Proposition 65 requires that notice and intent to sue be given to COMPUSA sixty days before a suit is filed. With this letter, CDG gives notice of the alleged violations to COMPUSA and the appropriate governmental authorities. This notice covers all violations of Proposition 65 that are currently known to CDG from information now available to it. CDG reserves the right to amend this Notice to inform

COMPUSA of other violations and/or exposures as it gathers further information. With the copy of this amended notice submitted to COMPUSA, a copy is provided of "The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary."

If you have any questions, please do not hesitate to contact us at the above address or telephone number.
