EDWARD G. WEIL  
DEPUTY ATTORNEY GENERAL  
OFFICE OF THE ATTORNEY GENERAL  
P.O. BOX 70550  
OAKLAND CA 94612-0550

Greetings:

This office and the Mateel Environmental Justice Foundation ("Mateel") give you notice that J&B Importers, Inc. ("J&B") and Optronics Products Company, Inc. ("Optronics") are in violation of Cal. Health & Safety Code § 25249.6. Both this office and Mateel are private enforcers of Proposition 65, both may be contacted at the below listed address and telephone number, and I am a responsible individual for both Mateel and this office. As to J&B, the above referenced violations occur when California residents come into contact with hand tools, the handles of which are coated with thermoplastic. Examples of these hand tools are: bicycle tools, chain tools, bottom bracket tools, tool kits, pliers, screwdrivers, pedal tools, cone wrenches, fork tools, wheel tools, wrenches and frame tools. As to Optronics, the above referenced violations occur when California residents come into contact with the plastic cords on hand-held spotlights that plug into automobile cigarette lighters. The plastic on the handles of J&B's tools, and the plastic on the Optronics spotlight cords, both contain high levels of lead and lead compounds ("lead"), chemicals known to cause cancer, birth defects, and other reproductive harm. J&B markets the above-referenced hand tools, and Optronics markets the above-referenced spotlights. People are exposed to lead at work or elsewhere when they use these tools and spotlights and their skin thus comes into contact with the plastic on the tool handles or the plastic on the spotlight cords. Lead is transferred from the tools or cords to the hands of the people using these products. The lead then enters their bodies when it is absorbed directly through the skin, through mucous membranes, through cuts and/or abrasions, when they touch their hands to their mouths and other mucous membranes, or when they touch cigarettes or food and then smoke the cigarettes or ingest the food. These exposures thus occur via the dermal absorption, mucous membrane, subcutaneous, inhalation and ingestion routes. J&B and Optronics do not and did not provide people with clear and reasonable warnings before they expose them to lead. The above referenced violations have occurred every day since at least January 3, 2003 and will continue every day until the lead is taken out of these products or until warnings are given. These violations are alleged for occupational exposures as well as for consumer and environmental exposures. We do not, however, allege occupational exposure violations as to any of these products J&B or Optronics makes outside of California, except as to workplaces J&B or Optronics themselves maintain in California. Exposures constituting Proposition 65 environmental exposure violations occur both on and off the property of both J&B and Optronics and in each of California's 58 counties.

Cordially,

William Verick

**CERTIFICATE OF MERIT**

I, William Verick, hereby declare: This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings. I am the attorney for the noticing party. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the action. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the person(s) consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: January 3, 2006

  
William Verick

---

This notice alleges the violation of Proposition 65 with respect to occupational exposures governed by the California State Plan for Occupational Safety and Health. The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliances in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General.
