**60-DAY NOTICE OF INTENT TO SUE
FOR VIOLATIONS OF PROPOSITION 65**

Dear Messrs. and Madames:

This letter constitutes notice that the following companies have violated and continue to violate California's Safe Drinking Water and Toxic Enforcement Act of 1986 (Health & Safety Code § 25249.5 *et seq.*, commonly known as Proposition 65).

(1) General Information.

For general information regarding Proposition 65, please see the attached Appendix A, entitled, "The California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary," which was prepared by the Office of Environmental Health Hazard Assessment of the California Environmental Protection Agency. (A copy is not provided to the public enforcement agencies which receive copies of this notice.) 22 California Code of Regulations § 12903(b)(1).

(2) Description of Violations.

Alleged Violators: Amana Corporation, American Range Corporation, Blodgett Holdings, Inc., Brown Stove Works, Inc., BSH Home Appliances Corporation, Dacor, Dynamic Cooking Systems, Inc., Garland Commercial Industries LLC, Imperial Commercial Cooking Equipment, Jade Products Company, Jenn-Air, Magic Chef, Magikitch'n Equipment Corporation, Maytag Corporation, The Montague Company, Rankin-Delux, Inc., Royal Range Of California, Inc., Middleby Corporation, Thermador Corporation, Toastmaster Corporation, US Range, Whirlpool Corporation, and The Wolf Range Company.

Consumer Product: Propane gas cooking appliances. (See Appendix B for list of model numbers.)

Listed Chemical Involved in Alleged Violations: Benzene.

Time Period of Violations: From at least October 22, 2003 to the present day.

Route of Exposure: Inhalation.

Nature of Alleged Violations: The alleged violators respectively manufacture propane gas cooking appliances. These appliances are sold to California consumers, who (by their reasonably foreseeable use of the consumer product) burn propane as fuel for the purpose of cooking. The act of burning propane gas produces benzene which is then inhaled by consumers. Benzene is on the Governor's list, as expressed at 22 C.C.R. 12000, and is known to the State of California to cause cancer and reproductive toxicity. The alleged violators do not provide California consumers with clear and reasonable warnings regarding exposure to benzene as a consequence of the product's reasonably foreseeable use. Without first receiving clear and reasonable warnings (as required by Proposition 65), California consumers purchase propane gas cooking appliances, burn propane fuel, and thereby unwittingly inhale and are exposed to benzene.

Noticing Individual: This Notice is provided by Dr. Richard F. Sowinski, who is a California citizen and who has an interest in protecting the public from health hazards posed by toxic chemicals. Dr. Sowinski's address and telephone number are: 1457 Ramsay Circle, Walnut Creek, California 94597, (925) 938-2693. However, Dr. Sowinski requests that all inquiries about this Notice be directed to him at the following address and telephone number:

Pursuant to Health and Safety Code § 25249.7(d), the Noticing Individual intends to bring suit in the public interest against the Alleged Violator sixty (60) days hereafter to correct the violations occasioned by the failure to warn of exposures to listed chemicals.

Very truly yours,

Thomas G. Martin

CERTIFICATE OF MERIT

Health and Safety Code Section 25249.7(d)

I, Thomas G. Martin, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action.
4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
