

60-DAY NOTICE OF VIOLATION

SENT IN COMPLIANCE WITH CALIFORNIA HEALTH & SAFETY CODE §25249.7(d)

JULY 10, 2008

TO: Ron Meyer, President – Universal Studios, Inc.
Ron Meyer, President – Universal Studios Hollywood
California Attorney General’s Office;
District Attorney’s Office for 58 Counties;
City Attorneys for San Francisco, San Diego, San Jose, Sacramento and Los Angeles;

FROM: Dr. Whitney R. Leeman

I. INTRODUCTION

My name is Whitney R. Leeman. I hold a Doctor of Philosophy degree in Environmental Engineering. I am a citizen of the State of California acting in the interest of the general public. I seek to promote awareness of exposures to toxic chemicals in products sold in California and, if possible, to improve human health by reducing hazardous substances contained in such items. This Notice is provided to the parties listed above pursuant to California Health & Safety Code §25249.6 *et seq.* (“Proposition 65”). As noted above, notice is being provided to the violators, Universal Studios, Inc. and Universal Studios Hollywood (the “Violators”). The violations covered by this Notice consist of the product exposures, routes of exposures, and types of harm potentially resulting from exposure(s) to the following toxic chemicals (“listed chemicals”):

<i>Listed Chemicals</i>	<i>Routes of Exposure</i>	<i>Types of Harm</i>	<i>Product Exposures</i>
Benz[a]anthracene	Ingestion	Cancer	See Section VI. Exhibit A
Benzo[a]pyrene	Ingestion	Cancer	See Section VI. Exhibit A
Benz[b]fluoranthene	Ingestion	Cancer	See Section VI. Exhibit A
Benzo[k]fluoranthene	Ingestion	Cancer	See Section VI. Exhibit A
Indeno [1,2,3-cd]pyrene	Ingestion	Cancer	See Section VI. Exhibit A

II. NATURE OF ALLEGED VIOLATION

The specific type of product containing the listed chemicals that is causing consumer and occupational exposures in violation of Proposition 65, and that is covered by this Notice, is listed under "Product Category/Type" in Exhibit A in Section VI below. All flame cooked ground beef products within the type covered by this Notice shall hereafter be referred to as "products." The Violators' sales of these products dating as far back as July 10, 2007 are subject to this notice. As a result of the sales of these products, exposures to the listed chemicals have been occurring without clear and reasonable warnings as required by Proposition 65. Without proper warnings regarding the toxic effects of exposures to the listed chemicals in the products, California citizens lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the toxic chemicals from the reasonably foreseeable consumption of the products.

A. Consumer Product Exposures

California consumers, through the act of buying and consuming the products, are exposed to the listed chemicals. By way of example but not limitation, exposures occur when California citizens eat, sample or otherwise ingest the products. These acts cause consumers to be exposed through the routine consumption of the parts or portions of the products containing the listed chemicals. Additionally, exposures can occur through the routine consumption of other food products (e.g., burger buns) that become contaminated with the listed chemicals through contact with the products and are routinely consumed with the products. People likely to be exposed include both children and adults.

B. Occupational Exposures

Similarly, California employees of the Violators, through the act of consuming the products, are exposed to the listed chemicals and are, therefore, subject to occupational exposures to the listed chemicals. By way of example but not limitation, exposures occur when employees eat, sample or otherwise ingest the products. These acts cause employees to be exposed through the routine consumption of the parts or portions of the products containing the listed chemicals. Additionally, exposure can occur through the routine consumption of other food products (e.g., burger buns) that become contaminated with the listed chemicals through contact with the products and are routinely consumed with the products. People likely to be exposed include California employees of the Violators.

This notice alleges the violation of Proposition 65 with respect to occupational exposures governed by the California State Plan for Occupational Safety and Health. The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions with regard to occupational exposures on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliance in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General.

Based on publicly available information, the retailers, distributors and/or manufacturers of the example within the category or type of product are also provided below. I believe and allege that the sale and consumption of the offending products has occurred without the requisite Proposition 65 "clear and reasonable warning" at one or more locations throughout the State of California including transactions made over-the-counter by the Violators.

It is important to note that this example is not meant to be an exhaustive or comprehensive identification of each specific offending product of the type listed under "Product Category/Type" in Exhibit A.
