Re: Consumer Vitamin Supplement Products

Dear Sir or Madam:

Vicky Hamilton (the “Noticing Party”) serves this Notice of Violation (“Notice”) upon **Twenty-First Century HealthCare, Inc.** (“**21st Century**” or “Noticed Company”) pursuant to and in compliance with California Health and Safety Code (“H&S Code”) § 25249.7(d) and Title 27 California Code of Regulations (“CCR”) § 25903. This Notice satisfies a prerequisite for the Noticing Party to commence an action against **21st Century** to enforce the Safe Drinking Water and Toxic Enforcement Act of 1986 (California H&S Code § 25249.5 *et seq.* On information and belief, the violations addressed by this Notice occur in every county and city in California. This Notice is being served upon **21st Century**, the California Attorney General, the district attorney of every California county, and the city attorney of every California city with a population (according to the most recent decennial census) of over 750,000. If **21st Century** has a current registration with the California Secretary of State that identifies a Chief Executive Officer, President, or General Counsel, this Notice is being addressed to, and served upon, one of those persons.

Attached as Exhibit A to this Notice is a copy of “The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary.” The attached Summary was prepared by the California Environmental Protection Agency and provides general information about the Safe Drinking Water and Toxic Enforcement Act of 1986. Copies of the Summary are not required to be, and are not being, provided to the public enforcement agencies.

A description of the Noticing Party, the Alleged Violator, and the Alleged Violations Addressed by this Notice follows:

- ◆ This Notice is provided by Vicky Hamilton. Ms. Hamilton is an individual who resides in Los Angeles County in California. TOXIC ENFORCEMENT ACT OF 1986

(California Health and Safety Code § 25249.5 et seq.)

October 22, 2008

Page 2

- ◆ The Noticed Company's name and address is:

Twenty-First Century HealthCare, Inc.
2119 S. Wilson Street
Tempe, AZ 85282

- ◆ The violations addressed by this Notice began on or after February 27, 1988, have occurred on numerous occasions each and every day since February 27, 1988, and are ongoing and continuing.
- ◆ This Notice of Violation covers the "warning provision" of Proposition 65, which is found at H&S Code § 25249.6.
- ◆ The name of each chemical that is listed pursuant to the Safe Drinking Water and Toxic Enforcement Act of 1986 involved in the violations addressed by this Notice is Lead (reproductive toxin); and Lead and lead compounds (cancer); (the "Listed Chemicals"). The Listed Chemicals are listed (and have been so listed for more than twelve months) by the Governor of the State of California as being a chemical known to the State of California to cause cancer or reproductive toxicity, or both cancer and reproductive toxicity. See Exhibit B attached hereto.
- ◆ The routes of exposure for the violations addressed by this Notice are ingestion during the normal and recommended use of the Product(s).
- ◆ The type of consumer products causing the exposures addressed by this Notice are vitamin supplement products ("Products"), including but not limited to the following illustrative product(s):

21st Century® Mega Multi For Women (Tablet/Capsule)

- ◆ There are numerous sources of the exposures addressed in this Notice. On information and belief, these exposures occur in homes, the workplace and everywhere else in California where these products are used. These exposures occur principally off the property of the Noticed Company.
- ◆ In the course of doing business, **21st Century** knowingly and intentionally has exposed, and continues to expose, individuals to the Listed Chemical in the Products. No clear and reasonable warning is or has been provided by **21st Century** to individuals regarding exposure to the Listed Chemical or regarding the fact that the Listed Chemical is known to the State of California to be a carcinogen.
- ◆ These exposures are ongoing and continuing, with some continuing from 1989. The Noticing Party believes and so alleges that **21st Century** tolled any applicable statute of limitations by failing at any time in the past to disclose the presence of the Listed Chemical in their Product(s) to those individuals to whom the Noticing Party owed a warning when those individuals purchased the Product(s) in retail stores or over the Internet where the Company(ies)' Products are sold for consumer use in California. The labels on these Product(s) do not include any warning that would meet the definition of a warning, or otherwise comply with, Title 27 CCR §§ 25601 to 25603.3, inclusive.

TOXIC ENFORCEMENT ACT OF 1986

(California Health and Safety Code § 25249.5 et seq.)

- ◆ The carcinogen and/or reproductive toxin contained in the ingredients of the Products, and subject to the warning requirements of H&S Code §25249.6 and more specifically at Title 27 CCR §§ 25601 to 25603.3., is listed below:
 1. Lead (reproductive)
 2. Lead and lead compounds (cancer)
- ◆ The aforementioned carcinogen and/or reproductive toxin is on the Governor's list (Proposition 65 Chemical List) as published at Title 27 CCR § 27001. These carcinogen and/or reproductive toxins are known to the State of California to cause carcinogenic and/or reproductive or development harm to humans requiring special warning labels and care in handling and use. Specifically, the concentration of these toxins in the subject Product exceeds the Maximum Allowable Daily Level ("MADL") threshold of 0.5 microgram per day set by the State of California for these chemicals as reproductive toxins, and requires a warning to purchasers and/or users of the existence of this chemical danger in the Product by **21st Century**.
- ◆ The principal route of exposure is through a "consumer products exposure" via ingestion during the normal and recommended use of the Product(s). These exposures have gone on since February 27, 1988, and are ongoing and continuing at every place in California that the Products listed above are offered for sale and use. All references to "exposure" in this notice shall be understood to be exposures to the Products, including but not limited to the specific Products listed above and the ingredients of those Products. The sale of these Products constitutes a transfer of a known reproductive and/or carcinogenic chemical via the normal and recommended use of the Products by the purchaser or others, and will cause the chemical exposure without a clear and reasonable warning.
- ◆ The location of these alleged exposures are many and varied, and on information and belief occur within the 58 counties of the state of California, as evidenced by the District Attorneys addressed in the enclosed distribution list. The Noticing Party believes and so alleges that at least one of **21st Century's** Product(s) were sold within each county by **21st Century** wholesale or retail distributor in a retail store or over the Internet, and that sale caused the utilization of the Product(s) and consumption and subsequent exposure. This purchase and consumption caused exposures in that jurisdiction to the Listed Chemical in the Product(s) as identified herein, and those exposures by **21st Century** were allowed to take place without the prerequisite warnings as delineated by the applicable statutes specified in this notice.
