

## NOTICE OF VIOLATION

### California Safe Drinking Water and Toxic Enforcement Act

#### Lead in Inflatable Structures Made With Vinyl

February 19, 2010

This Notice of Violation is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d).

- For general information regarding the California Safe Drinking Water and Toxic Enforcement Act, see the attached summary provided by the California EPA (copies not provided to public enforcement agencies).
- This Notice of Violation is provided by the Center for Environmental Health ("CEH"), 2201 Broadway, Suite 302, Oakland, CA 94612, (510) 655-3900. CEH is a nonprofit corporation dedicated to protecting the environment, improving human health and supporting environmentally sound practices. Michael Green is the Executive Director of and a responsible individual within CEH.

#### **Description of Violation:**

- Violators: The names and addresses of the violators are listed on the attached Exhibit 1.
- Time Period of Exposure: The violations have been occurring since at least February 19, 2007, and are continuing to this day.
- Provision of Proposition 65: This Notice of Violation covers the "warning provision" of Proposition 65, which is found at California Health and Safety Code Section 25249.6.
- Chemical(s) Involved: The names of the listed chemicals involved in these violations are lead and lead compounds ("Lead"). Exposures to Lead occur from use of the products identified in this Notice.
- Type of Product: The specific type of product causing these violations is inflatable structures made with vinyl such as bounce houses, combos, obstacle courses and interactives. Non-exclusive examples of this specific type of product are listed on the attached Exhibit 1.
- Description of Exposure: This Notice addresses consumer and occupational exposures to Lead. Use of the products identified in this Notice results in human exposures to Lead. Lead is found in the products as a stabilizer in the vinyl and as a chemical ingredient in some of the dyes, paints and other coloring agents used in the products. The route of exposure for the violations is ingestion via hand to mouth contact and dermal absorption directly through the skin. Consumer exposures to Lead from the products occur when consumers play in, or otherwise touch or handle the products. Occupational exposures to Lead from the products occur throughout the State of California when workers manufacture, assemble, set up, move or otherwise touch or handle the products. Persons exposed include workers in factories, warehouses, and distribution centers and those at rental companies responsible for transport and assembly of

the products. This Notice only applies to occupational exposures that occur in the State of California. No clear and reasonable warning is provided with these products regarding the carcinogenic or reproductive hazards of Lead.

- Statement Re: Occupational Exposures: As set forth above, this Notice alleges violations of both consumer and occupational exposures to Lead. The following statement concerns procedures and requirements that are specific to occupational exposures. "This notice alleges the violation of Proposition 65 with respect to occupational exposures governed by the California State Plan for Occupational Safety and Health. The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions with regard to occupational exposures on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliance in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General." 8 Cal. Code Regs. § 338(b).

#### **Resolution of Noticed Claims:**

- Based on the allegations set forth in this Notice, CEH intends to file a citizen enforcement lawsuit against each of the alleged violators unless such violator agrees in a binding written instrument to: (1) recall products already sold; (2) provide clear and reasonable warnings for products sold in the future or reformulate such products to eliminate the Lead exposures; and (3) pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If any of the alleged violators is interested in resolving this dispute without resort to expensive and time-consuming litigation, please feel free to contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received CEH's 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such agreement may not satisfy the public prosecutors.

Please direct any inquiries regarding this Notice to CEH through its counsel Mark Todzo (mtodzo at lexlawgroup.com) at Lexington Law Group, 1627 Irving Street, San Francisco, CA 94122, (415) 759-4111.

**CERTIFICATE OF MERIT**  
**Health & Safety Code § 25249.7(d)**

I, Mark Todzo, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged that the parties identified in the notice have violated Health & Safety Code § 25249.6 by failing to provide clear and reasonable warnings.

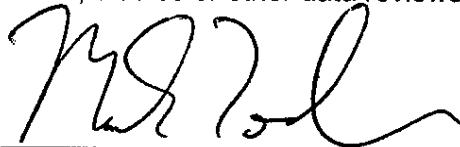

2. I am an attorney with the Lexington Law Group, and I represent the noticing party, the Center for Environmental Health.

3. Members of my firm and I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies or other data regarding the exposures to the listed chemical that is the subject of the action.

4. Based on the information obtained through those consultations, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and the information did not prove that the alleged violators will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of the Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code § 25249.7(h)(2), i.e. (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies or other data reviewed by those persons.

Attorney for CENTER FOR  
ENVIRONMENTAL HEALTH

**PROOF OF SERVICE BY MAIL**

I declare that:

I am employed in San Francisco County, California; my business address is 1627 Irving Street, San Francisco, California 94122. I am over the age of 18 years and not a party to the within cause.

On February 19, 2010, I served true copies of the following documents:

**NOTICE OF VIOLATION OF CALIFORNIA SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT;**

**CERTIFICATE OF MERIT;** and

**THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY** (only sent to those on service list marked with an asterisks).

On this date, I deposited fully prepaid and sealed envelopes containing the above-mentioned documents with the United States Postal Service, addressed to the following individuals:

***Please see attached service list.***

I declare under penalty of perjury that the foregoing is true and correct, and that this declaration was executed on February 19, 2010, at San Francisco, California.

Signed: \_\_\_\_\_  
Jade Nicholson
