Re: Notice of Violations of California Health & Safety Code §25249.5 *et seq.*

Dear Sir,

This firm represents the Environmental Research Center (hereafter, "ERC"), a non-profit corporation organized under California's Non-Profit Public Benefit Corporation Law in connection with this notice of violations of California's Safe Drinking Water & Toxic Enforcement Act of 1986, codified at Health & Safety Code §25249.5 *et seq.* (also referred to as "Proposition 65").

ERC is dedicated to, among other causes, reducing the use and misuse of hazardous and toxic substances, consumer protection, worker safety and corporate responsibility. ERC has documented the violations of Proposition 65 described herein, and this letter serves to provide notification of these violations to you and to the public enforcement agencies. Pursuant to §25249.7(d) of the statute, ERC intends to bring an enforcement action sixty (60) days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations. A summary of the statute and its implementing regulations, which was prepared by the lead agency designated under the statute, is enclosed with the copy of this notice served upon the violator(s).

The name of the violator covered by this notice is Jus International (hereafter, the "Violator"). The Violator manufactures, markets, distributes and/or sells in California the following products causing exposures to lead and lead compounds: *Jus* and *Jus Jel*.

On February 27, 1987, the State of California officially listed lead as a substance known to cause reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as substances known to cause cancer.

Route of exposure. The consumer exposures that are the subject of this notice result from the purchase, acquisition, handling and recommended use of these products by consumers. Accordingly, consumer exposures have occurred and continue to occur primarily

through the ingestion route of exposure, but also may occur through the inhalation and/or and dermal contact routes of exposure.

Duration of violations. Each of these ongoing violations has occurred on every day since at least May 24, 2007, as well as every day since the products were introduced in the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users.

Based on the allegations set forth in this Notice, ERC intends to file a citizen enforcement action against the Violator unless the Violator agrees in an enforceable written instrument to: (1) recall products already sold; (2) take effective measures to prevent unwarned lead exposures from being caused by products sold in the future; and (3) pay an appropriate civil penalty. In keeping with the public interest goals of the statute and my client's objectives in issuing this notice, ERC is interested in seeking a constructive resolution of this matter. Such resolution will avoid both further unwarned consumer exposures to lead and expensive and time-consuming litigation. ERC's Executive Director is Chris Heptinstall and the organization's mailing address is: 5694 Mission Center Road, #199, San Diego, CA 92108. Tel. (619) 309-4194. However, ERC has retained this firm in connection with this matter; therefore, all communications regarding this Notice of Violation may be directed to my attention at the above-listed firm address and telephone number.

Very Truly Yours,

Andrew L. Packard

OEHHA Summary

Certificate of Merit (w/o AG attachments)

Certificate of Service

CERTIFICATE OF MERIT

Re: the Environmental Research Center's Notice of Proposition 65 Violations Issued to Jus International

I, Andrew L. Packard, declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the party in the notice has violated Health & Safety Code §25249.6 by failing to provide clear and reasonable warnings.

2. I am an attorney for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposure to the listed chemicals that are the subject of the action.

4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: May 24, 2010

Andrew L. Packard
