

60-DAY NOTICE OF VIOLATION

SENT IN COMPLIANCE WITH CALIFORNIA HEALTH & SAFETY CODE §25249.7(d)

DATE: August 5, 2010

TO: Robert J. Keller, Chief Executive Officer – ACCO Brands Corporation
Steve Odland, Chief Executive Officer – Office Depot, Inc.
California Attorney General's Office;
District Attorney's Office for 58 Counties; and
City Attorneys for San Francisco, San Diego, San Jose, Sacramento and Los Angeles

FROM: Russell Brimer

I. INTRODUCTION

My name is Russell Brimer. I am a citizen of the State of California acting in the interest of the general public. I seek to promote awareness of exposures to toxic chemicals in products sold in California and, if possible, to improve human health by reducing hazardous substances contained in such items. This Notice is provided to the public agencies listed above pursuant to California Health & Safety Code §25249.6 *et seq.* ("Proposition 65"). As noted above, notice is also being provided to the violators, ACCO Brands Corporation and Office Depot, Inc. (the "Violators"). The violations covered by this Notice consist of the product exposures, routes of exposure, and types of harm potentially resulting from exposure to the toxic chemical ("listed chemical") identified below, as follows:

Product Exposure: See Section VII. Exhibit A
Listed Chemical: Lead
Routes of Exposure: Ingestion, Dermal
Types of Harm: Birth Defects and Other Reproductive Harm

II. NATURE OF ALLEGED VIOLATION (PRODUCT EXPOSURE)

The specific type of product that is causing consumer and occupational exposures in violation of Proposition 65, and that is covered by this Notice, is listed under "Product Category/Type" in Exhibit A in Section VII below. All products within the type covered by this Notice shall be referred to hereinafter as the "products." The sales of these products in California dating as far back as August 5, 2007 are subject to this Notice. As a result of the sales of these products, exposures to the listed chemical have been occurring without clear and reasonable warnings as required by Proposition 65. Without proper warnings regarding the toxic effects of exposure to the listed chemical, resulting from contact with the products, California citizens lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the toxic chemical from the reasonably foreseeable use of the products.

A. CONSUMER PRODUCT EXPOSURE

California consumers, through the act of buying, acquiring or utilizing the products, are exposed to the listed chemical. By way of example but not limitation, exposures occur when California citizens use, display, clean, repair, pack, unpack, arrange, store or otherwise handle the products. These tasks cause consumers to be exposed directly or indirectly through the routine touching of the parts or portions of the products containing readily available surface amounts of the listed chemical. Additionally, exposure can occur through the routine touching and ingesting of other materials that are contaminated with the listed chemical from the products as a result of these tasks. People likely to be exposed include both children and adults.

B. OCCUPATIONAL EXPOSURE

Similarly, men and women in California use or otherwise handle the products as a part of their jobs and are, therefore, subject to occupational exposures to the listed chemical. Employees are exposed at any California business locations of the apparent manufacturer, distributor and retailer (and their agents, assigns and divisions) as well as all other California locations where the products, or the component parts thereof that include the listed chemical are, by way of example but not limitation, used, packed, unpacked, labeled, arranged, displayed, cleaned, stocked, stored, repaired or otherwise handled. These tasks cause employee exposure directly and/or indirectly to the listed chemical through the routine touching of the parts or portions of the products containing readily available amounts of the listed chemical on the surface.

Additionally, exposure can occur through the routine touching and ingesting of other materials that are contaminated with the listed chemical from the products as a result of these tasks. These products are also used by sole proprietors and other persons in settings not covered by the Occupational Safety Health Act ("OSHA"). This Notice alleges the violation of Proposition 65 with respect to occupational exposure governed by the California State Plan for Occupational Safety and Health (the "State Plan"). The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions with regard to occupational exposures on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliance contained in the general hazard communication requirement to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the California Attorney General.

Please direct all questions concerning this notice to me through my counsel's office at the following address:

IV. PROPOSITION 65 INFORMATION

For general information concerning the provisions of Proposition 65, please feel free to contact the Office of Environmental Health Hazard Assessment's ("OEHHA") Proposition 65 Implementation Office at (916) 445-6900. For the Violators' reference, I have attached a copy of "Proposition 65: A Summary" which has been prepared by OEHHA.

V. RESOLUTION OF NOTICED CLAIMS

Based on the allegations set forth in this Notice, I intend to file a citizen enforcement lawsuit against the alleged Violators unless such Violators enter into a binding written agreement to: (1) recall products already sold or undertake best efforts to ensure that the requisite health hazard warnings are provided to those who have received such products; (2) provide clear and reasonable warnings for products sold in the future or reformulate such products to eliminate the lead exposures; and (3) pay an appropriate civil penalty based on the factors enumerated in California Health & Safety Code §25249.7(b). If the alleged Violators are interested in resolving this dispute without resorting to time-consuming and expensive litigation, please feel free to contact my counsel identified in Section III above. It should be noted that neither my counsel nor I can: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received this Notice. Therefore, while reaching an agreement with me will resolve my claims, such agreement may not satisfy the public prosecutors.

VI. ADDITIONAL NOTICE INFORMATION

THIS INFORMATION IS NOT REQUIRED TO BE PROVIDED UNDER TITLE 27 CAL. CODE REGS., §25903(b)(2)(A).

Identified below is a specific example of a product recently purchased and witnessed as being available for purchase or use in California that is within the category or type of offending product covered by this Notice. Based on publicly available information, the retailers, distributors and/or manufacturers of the example within the category or type of product are also provided below. I believe and allege that the sale of the offending products also has occurred without the requisite Proposition 65 "clear and reasonable warnings" at one or more locations and/or via other means including, but not limited to, transactions made over-the-counter, business-to-business, through the internet and/or via a catalog by the Violators and other distributors and retailers of the manufacturer.

*The specifically identified example of the type of product that is subject to this Notice is for the recipients' benefit to assist in their investigation of, among other things, the magnitude of potential exposure to the listed chemical from other items within the product category/type listed in Exhibit A. It is important to note that this example is not meant to be an exhaustive or comprehensive identification of each specific offending product of the type listed under "Product Category/Type" in Exhibit A. Further, it is this citizen's position that the alleged Violators are obligated to continue to conduct in good faith an investigation into other specific products within the type or category described above that may have been manufactured, distributed, sold, shipped, stored (or otherwise within the notice recipients' custody or control) during the relevant period so as to ensure that the requisite toxic warnings are provided to California citizens prior to purchase.

CERTIFICATE OF MERIT

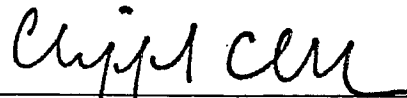

Health and Safety Code Section 25249.7(d)

I, Clifford A. Chanler, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the parties identified in the notice have violated Health and Safety Code §25249.6 by failing to provide clear and reasonable warnings;
2. I am the attorney for the noticing party;
