Re: Notice of Violation Against The Procter and Gamble Distributing LLC for Violation of California Health & Safety Code Section 25249.6

Dear Prosecutors:

I represent David Steinman, a committed environmentalist, journalist, consumer health advocate, publisher and author. His major books include *Diet for a Poisoned Planet* (1990, 2007); *The Safe Shopper's Bible* (1995); *Living Healthy in a Toxic World* (1996); and *Safe Trip to Eden: Ten Steps to Save the Planet Earth from Global Warming Meltdown* (2007). Through this Notice of Violation, Mr. Steinman seeks to reduce exposure to 1,4-dioxane.

This letter constitutes notification that The Procter and Gamble Distributing LLC has violated the warning requirement of Proposition 65, the Safe Drinking Water and Toxic Enforcement Act (commencing with section 25249.5 of the Health and Safety Code).

In particular, this company has manufactured and distributed products which have exposed and continue to expose numerous individuals within California to 1,4-dioxane. This chemical was listed pursuant to Proposition 65 as a chemical known to the State of California to cause cancer on January 1, 1988. The time period of these violations commenced one year after the listed dates above. The primary route of exposure has been through dermal contact with the products. Additional exposures may occur through oral and inhalation exposure.

Procter and Gamble Distributing LLC is exposing people to 1,4-dioxane from the following product: Pantene Pro V Nature Fusion Shampoo.

Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to certain listed chemicals. Procter and Gamble Distributing LLC is in violation of Proposition 65 because the company failed to provide a warning to persons using their products that they are being exposed to 1,4-dioxane. (22 C.C.R. section 12601.) While in the course of doing business, the company is knowingly and intentionally exposing people to this chemical without first providing clear and reasonable warning. (Health and Safety Code section 25249.6.) The method of warning should be a warning that appears on the product's label. 22 C.C.R. section 12601 (b)(1) (A).

Proposition 65 requires that notice and intent to sue be given to a violator 60-days before the suit is filed. With this letter, David Steinman gives notice of the alleged violation to the noticed party and the appropriate governmental authorities. This notice covers all violations of Proposition 65 that are currently known to Mr. Steinman from information now available to us. Mr. Steinman is continuing his investigation that may reveal further violations. A summary of

Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, and referenced as Appendix A, has been provided to the noticed party.

If you have any questions, please contact my office at your earliest convenience.

Sincerely,

A handwritten signature in black ink, consisting of the letters 'M' and 'F' in a stylized, cursive font.

Michael Freund

cc: David Steinman

CERTIFICATE OF MERIT

Health and Safety Code Section 25249.7 (d)

I, Michael Freund hereby declare:

1. This Certificate of Merit accompanies the attached Amended Notice of Violation in which it is alleged that the party identified in the Notice has violated Health and Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am the attorney for the noticing party David Steinman. Mr. Steinman is a committed environmentalist, journalist, consumer health advocate, publisher and author. The Notice of Violation alleges that the party identified has exposed persons in California to 1,4-dioxane from the specified consumer product. Please refer to the Notice of Violation for additional details regarding the alleged violations.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action. In particular, I have consulted with the primary chemist who conducted the laboratory testing for 1,4-dioxane of this product and I have relied on the testing results. The testing was conducted by a reputable testing laboratory by experienced scientists. These facts, studies or other data derived through this investigation overwhelmingly demonstrate that the party identified in the Notice of Violation exposes persons to 1,4-dioxane through dermal contact. There may be additional exposures through inhalation and oral exposure.
4. Based on my consultation with an experienced scientist in this field, the results of laboratory testing, as well as the published studies on 1,4-dioxane, it is clear that there is sufficient evidence that human exposures exist from exposure to the product from the noticed party. Furthermore, as

a result of the above, I have concluded that there is a reasonable and meritorious case for the private action. I understand that “reasonable and meritorious case for the private action” means that the information provides a credible basis that all elements of the plaintiff’s case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of this Certificate of Merit served on the California Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code Section 25249.7 (h) (2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies or other data reviewed by those persons.

Dated: August 31, 2010

Michael Freund
Attorney for David Steinman

CERTIFICATE OF SERVICE

I am a citizen of the United States and a resident of the County of Alameda. I am over the age of eighteen years and not a party to the within entitled action; my business address is 1915 Addison Street, Berkeley, California 94704. On August 31, 2010 I served the within:
