Re: Notice of Violation against Great American Products, Inc. for Violation of California Health & Safety Code Section 25249.6

Dear Prosecutors:

The Environmental Research Center ("ERC"), the noticing entity is a California corporation whose mission is to safeguard the public from health hazards that impact families, workers and the environment. ERC is dedicated to reducing the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees and encouraging corporate responsibility. ERC is located at 5694 Mission Center Road, # 199, San Diego, CA 92108. Tel. (619) 309-4194, Executive Director: Chris Heptinstall. Through this Notice of Violation, ERC seeks to reduce exposure to the public from lead that is contained in the named products manufactured and distributed by Great American Products, Inc.

This letter constitutes notification that Great American Products, Inc. located at 101 Mattie M Kelly Blvd, Destin, FL 32541 has violated the warning requirement of Proposition 65, the Safe Drinking Water and Toxic Enforcement Act (commencing with section 25249.5 of the Health and Safety Code).

In particular, this Company has manufactured and distributed products that have exposed and continue to expose numerous individuals within California to lead. Lead was listed pursuant to Proposition 65 as a chemical known to cause developmental toxicity, and male and female reproductive toxicity on February 27, 1987. Lead was listed pursuant to Proposition 65 as a carcinogen on October 1, 1992. The time period of these violations commenced one year after the listed dates above, at least since October 22, 2007, as well as every day since the products were introduced in the California marketplace, and will continue every day until clear and reasonable warnings are provided to purchasers and users.

October 22, 2010

The consumer exposures that are the subject of this notice result from the purchase, acquisition, handling and recommended use of these products by consumers. Accordingly, the primary route of exposure for consumers has been oral through ingestion, but may also occur through the inhalation and/or dermal contact route of exposure.

Great American Products, Inc. is exposing people to lead from the following products:

**Great American Products Green Spectrum Powder**  
**Great American Products - Joint Absorb-Lemon Lime Flavor**  
**Great American Products - Master Protein & Fiber**  
**Great American Products - Red Spectrum**

Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to certain listed chemicals. Great American Products, Inc. is in violation of Proposition 65 because the Company failed to provide a warning to persons using their products that they are being exposed to lead. (22 C.C.R. section 12601.) While in the course of doing business, the company is knowingly and intentionally exposing people to lead without first providing clear and reasonable warning. (Health and Safety Code section 25249.6.) The method of warning should be a warning that appears on the product's label. 22 C.C.R. section 12601 (b)(1) (A).

Proposition 65 requires that notice and intent to sue be given to a violator 60-days before the suit is filed. With this letter, ERC gives notice of the alleged violation to the noticed party and the appropriate governmental authorities. This notice covers all violations of Proposition 65 that are currently known to ERC from information now available. ERC may continue to investigate other products that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, and referenced as Appendix A, has been provided to the noticed party.

Based on the allegations set forth in this Notice, ERC intends to file a citizen enforcement action against Great American Products, Inc. unless they agree in an enforceable written instrument to: instrument to: (1) recall or reformulate the listed products so as to eliminate further unwarned exposures to the identified chemicals; and (2) pay an appropriate civil penalty. Consistent with the public interest goals of Proposition 65, ERC is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemicals and expensive and time consuming litigation.

Please direct all questions concerning this notice to ERC's attorney, Gideon Kracov, 801 S. Grand Ave., 11<sup>th</sup> Fl., Los Angeles, CA 90017, 213-629-2071, gk@gideonlaw.net.

Sincerely,

Chris Heptinstall  
Executive Director, Environmental Research Center
