PROPOSITION 65 ENFORCEMENT REPORTING  
ATTENTION: PROP 65 COORDINATOR  
1515 CLAY STREET, SUITE 2000  
P.O. BOX 70550  
OAKLAND CA 94612-0550

Greetings:

This office and the Mateel Environmental Justice Foundation ("Mateel") hereby give you notice that Barron's Catalog, Inc. (hereinafter "Barron's"), has been, will be and threatens to be in violation of Cal. Health & Safety Code §25249.6. This office and Mateel are both private enforcers of Proposition 65, both organizations may be reached at the below-listed address and telephone number, I may be considered a "responsible individual" at both organizations, and I may be contacted at the same address and telephone number. The above referenced violations occur when Barron's markets leaded crystal vessels such as decanters, tumblers, wine glasses, champagne flutes, and cocktail glasses (as for martinis) (collectively hereinafter "leaded crystal vessels"). Specific examples of these products are: DUBLIN FIVE PIECE CRYSTAL DRINKWARE SET UPC CODE: 028199 259757; RIEDEL VINUM PAIR - BOURDEAUX/CABERNET SAUVIGNON #6416/0 UPC CODE: 632868 416985. Though a specific model or SKU or product number is given as an example, this notice pertains to all models, and all variations, of the specific type of product of which the named model listed here is an example. Handling of, contact with, drinking from, and cleaning up broken glass from leaded crystal vessels exposes people to lead and lead compounds, lead phosphate, lead acetate, and lead subacetate (hereinafter, collectively, "lead"). Lead leaches from the vessel into the food or beverage stored in, or served from, the vessel. The food or beverage is then consumed and the accompanying lead ingested. These exposures (and resulting violations) occur occupationally, and as the result of the sale of consumer products and/or services. In occupational settings, the type of work that is done during which the above-referenced exposures occur is handling the leaded crystal vessels, cleaning up broken glass from them, and drinking from them, such as at wine tastings and office parties. These exposures occur via the dermal absorption, inhalation, ingestion, and subcutaneous routes. These violations have occurred every day since at least February 17, 2008, and will continue every day until reasonable warnings are given to those people exposed or until Barron's stops selling leaded crystal. The above-referenced violations are alleged for occupational exposures as well as for consumer and environmental exposures. We do not, however, allege occupational exposure violations as to any leaded crystal vessels made outside of California, except as to workplaces Barron's itself maintains in California.

Cordially,

William Verick

**CERTIFICATE OF MERIT**

I, William Verick, hereby declare: This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings. I am the attorney for the noticing party. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the action. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the person(s) consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: February 17, 2011

William Verick

This notice alleges the violation of Proposition 65 with respect to occupational exposures governed by the California State Plan for Occupational Safety and Health. The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliances in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General.
