

AMENDED NOTICE OF VIOLATION

California Safe Drinking Water
and Toxic Enforcement Act

Lead from Leaded Aviation Gasoline

August 16, 2011

This Amended Notice of Violation is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d). This Amended Notice supercedes the Notice of Violation previously issued on May 9, 2011 (Attorney General No. 2011-00446).

- For general information regarding the California Safe Drinking Water and Toxic Enforcement Act, see the attached summary provided by the California EPA (copies not provided to public enforcement agencies).
- This Amended Notice of Violation is provided by the Center for Environmental Health ("CEH"), 2201 Broadway, Suite 302, Oakland, CA 94612, (510) 655-3900. CEH is a nonprofit corporation dedicated to protecting the environment, improving human health and supporting environmentally sound practices. Charlie Pizarro is the Associate Director of and a responsible individual within CEH.

Description of Violation:

- Violators: The names and addresses of the violators are attached hereto as Exhibit 1.
- Time Period of Violation: The violations have been occurring since at least May 9, 2008 and are continuing to this day.
- Provisions of Proposition 65: This Amended Notice of Violation covers the "warning provision" of Proposition 65, which is found at Health and Safety Code Section 25249.6.
- Chemical(s) Involved: The names of the listed chemicals involved in these violations are lead and lead compounds ("Lead"). Exposures to Lead occur from use of the Leaded aviation gasoline supplied by the violators listed on Exhibit 1.
- Description of Exposure: This Amended Notice addresses environmental exposures to Lead as to all of the alleged violators listed on the attached Exhibit 1. Use of the leaded aviation gasoline supplied by the violators listed on Exhibit 1 results in human exposures to Lead. Lead is contained in the aviation gasoline that is supplied by the alleged violators and is emitted as airplanes fueled by the alleged violators take off and land at the airports identified in Exhibit 1.
 - Route of Exposure: The route of exposure for the violations is primarily inhalation, when individuals breath the Lead emitted by the airplanes fueled by the alleged violators, but also includes ingestion via hand to mouth contact and dermal absorption directly through the skin when individuals within the vicinity of the airports listed on Exhibit 1 touch or handle dust laden with Lead from the aviation fuel.
 - Location of Source of Exposure: The source of the exposures to Lead identified in this Notice are the airports listed on Exhibit 1. The exposures to Lead from the Leaded aviation fuel occur in the vicinity of the airports listed on Exhibit 1. The exposures occur beyond the property owned or

operated by the violators.

Resolution of Noticed Claims:

- Based on the allegations set forth in this Amended Notice, CEH intends to file a citizen enforcement lawsuit against each alleged violator unless the alleged violator agrees in a binding written instrument to remedy the violations alleged herein by either: (a) providing warnings to the individuals who reside or pass through the areas surrounding the airports identified on Exhibit 1; or (b) ceasing use of all leaded aviation fuel in order to cease ongoing and future exposures to Lead alleged herein; and paying an appropriate civil penalty in accordance with the factors set forth in Health and Safety Code Section 25249.7. If any of the alleged violators is interested in resolving this dispute without resorting to expensive and time-consuming litigation, please contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received CEH's 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such agreement may not satisfy the public prosecutors.

Please direct any inquiries regarding this Amended Notice to counsel for CEH: Mark N. Todzo, Lexington Law Group, 503 Divisadero Street, San Francisco, CA 94117, (415) 913-7800.

CERTIFICATE OF MERIT
Health & Safety Code § 25249.7(d)

I, Mark N. Todzo, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged that the parties identified in the notice have violated Health & Safety Code § 25249.6 by failing to provide clear and reasonable warnings.

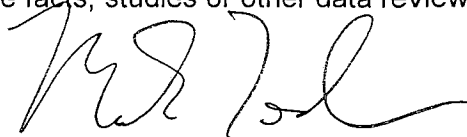

2. I am an attorney with the Lexington Law Group, and I represent the noticing party, the Center for Environmental Health.

3. Members of my firm and I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies or other data regarding the exposures to the listed chemical that is the subject of the action.

4. Based on the information obtained through those consultations, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and the information did not prove that the alleged violators will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of the Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code § 25249.7(h)(2), i.e. (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies or other data reviewed by those persons.
