

NOTICE OF VIOLATION

California Safe Drinking Water and Toxic Enforcement Act

Lead in Jewelry

October 24, 2011

This Notice of Violation is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d).

- For general information regarding the California Safe Drinking Water and Toxic Enforcement Act, see the attached summary provided by the California EPA (copies not provided to public enforcement agencies).
- This Notice of Violation is provided by the Center for Environmental Health ("CEH"), 2201 Broadway, Suite 302, Oakland, California, (510) 655-3900. CEH is a nonprofit corporation dedicated to protecting the environment, improving human health and supporting environmentally sound practices. Charlie Pizarro is the Associate Director of and a responsible individual within CEH.

Description of Violation:

- Violator: The names and addresses of the violators are listed on the attached Exhibit 1.
- Time Period of Exposure: The violations have been occurring since at least October 24, 2008, and are ongoing.
- Provision of Proposition 65: This Notice of Violation covers the "warning provision" of Proposition 65, which is found at California Health and Safety Code Section 25249.6.
- Chemicals Involved: The names of the listed chemicals involved in these violations are lead and lead compounds ("Lead"). Exposures to Lead occur from use of the products identified in this Notice.
- Type of Product: The specific type of product causing these violations is jewelry. Non-exclusive examples of this specific type of product are listed on the attached Exhibit 1.
- Description of Exposure: Use of the products identified in this Notice result in human exposures to Lead. The jewelry is made of materials and components that contain Lead. For example, the non-metallic cords of bracelets and necklaces contain Lead, as do the metallic components such as beads, pendants, clasps, posts and other parts of the jewelry. The routes of exposure for the violations are ingestion via hand-to-mouth contact after consumers touch or handle the products; direct ingestion when consumers place the products in their mouths; and dermal absorption directly through the skin when consumers touch, handle or wear the products. These exposures occur in homes, workplaces and everywhere else throughout California where these products are worn, handled or used. No clear and reasonable warning is provided with these products regarding the carcinogenic or reproductive hazards of Lead. CEH has issued over thirty other Notices of Violation regarding Lead in Jewelry, and those Notices, which may be found on the California Attorney General's web site at <http://proposition65.doj.ca.gov/default.asp>, are incorporated herein by reference.

Resolution of Noticed Claims:

- Based on the allegations set forth in this Notice, CEH intends to file a citizen enforcement lawsuit against the violator named herein unless such alleged violator enters into a binding written agreement to remedy the violations alleged herein by: (1) recalling products already sold; (2) reformulating such products to eliminate the Lead exposure; and (3) paying an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If the alleged violator is interested in resolving this dispute without resort to litigation, please feel free to contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received CEH's 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such agreement may not satisfy the public prosecutors.

Please direct any inquiries regarding this Notice to CEH through its counsel Eric S. Somers (esomers at lexlawgroup.com) or Howard Hirsch (hhirsch at lexlawgroup.com) at Lexington Law Group, 503 Divisadero Street, San Francisco, CA 94117, (415) 913-7800.

CERTIFICATE OF MERIT
Health & Safety Code §25249.7(d)

I, Eric S. Somers, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged that the parties identified in the notice have violated Health & Safety Code §25249.6 by failing to provide clear and reasonable warnings.

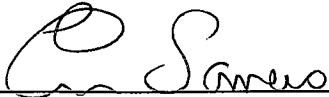

2. I am an attorney with the Lexington Law Group, and I represent the noticing party, the Center for Environmental Health.

3. Members of my firm and I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies or other data regarding the exposures to the listed chemical that is the subject of the action.

4. Based on the information obtained through those consultations, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and the information did not prove that the alleged violators will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of the Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code §25249.7(h)(2), i.e. (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies or other data reviewed by those persons.
