Re: Notice of Violation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65), Section 25249.6 of the California Health and Safety Code, for Exposing Consumers of Reddi-wip whipped topping to Nitrous Oxide

Dear Sir/Madam:

Christine Sturges is a citizen of California who takes a strong interest in ensuring that the provisions of the California Safe Drinking Water and Toxic Enforcement Act are followed by companies that produce products that she purchases.

This letter constitutes notice that the entities identified in Exhibit A have violated and continue to violate provisions of the Safe Drinking Water and Toxic Enforcement Act of 1986, California Health and Safety Code sections 25249.5, et seq. Specifically, these entities have violated and continue to violate the warning requirement at section 25249.6 of the California Health and Safety Code, which provides, "No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual ..."

The entity subject to this Notice is ConAgra Foods, Inc. ("ConAgra"). Consumer food products sold by ConAgra contain Nitrous Oxide, a chemical known to the State to cause reproductive toxicity. On each and every day from June 29, 2009 through the present, ConAgra has exposed and continues to expose consumers of their food products to Nitrous Oxide. Exposure to the consumers has occurred through ingestion of the food products. The categories of food products that are the subject of this Notice are Reddi-wip whipped topping products that use Nitrous Oxide as a propellant. Specific examples of food products that are the subject of this Notice are identified in the document attached as Exhibit A.

Because Nitrous Oxide is a chemical listed in Proposition 65 as a reproductive toxin, pursuant to Health and Safety Code § 25249.6, ConAgra was, and is, required to provide clear and reasonable warnings to all consumers of food products before exposing them to Nitrous Oxide. Pursuant to Health and Safety Code section 25249.7(d), Christine Sturges intends to bring suit in the public interest against the entities in Exhibit A sixty days hereafter to correct the violation occasioned by the failure to warn all consumers of the exposure to Nitrous Oxide.

Pursuant to 27 California Code of Regulations § 25903(b)(1), attached as Exhibit B is a copy of "The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary," a summary of Proposition 65 prepared by the Office of Environmental Health Hazard Assessment of the California Environmental Protection Agency.

Pursuant to Health and Safety Code § 25249.7(d)(1), the undersigned hereby includes with the copy of this notice to the Attorney General a confidential Certificate of Merit.

While violations are occurring throughout the State of California, the noticing parties are unable to know for certain if violations are occurring in all of the 58 counties in California. Therefore, pursuant to 27 California Code of Regulations § 25903(c)(3), the noticing parties are providing this notice to the district attorney for each of the 58 counties in California. Further, the noticing parties provide this notice to the California Attorney General and the city attorneys for the cities of Los Angeles, San Diego, San Francisco and San Jose.

Christine Sturges is represented in this matter by the law firm of Pratt & Associates. All communications concerning this matter should be directed to:
