**NOTICE OF VIOLATION OF
CALIFORNIA HEALTH & SAFETY CODE § 25249.5 ET SEQ.**

Dear Public Enforcement Agencies and Redding Auto Center, Inc., dba LKQ Corp.:

This office represents the California Sportfishing Protection Alliance (“CSPA”), a California non-profit public benefit corporation with over 2,000 members. CSPA is dedicated to the preservation, protection, and defense of the environment, wildlife and natural resources of California’s waters, including Churn Creek, Clover Creek, the Sacramento River, and the Sacramento-San Joaquin Delta and their tributaries.

CSPA has documented violations of California's Safe Drinking Water & Toxic Enforcement Act of 1986, codified at Health & Safety Code § 25249.5 *et seq.* (also referred to as “Proposition 65”). This letter serves to provide you and the Violator with CSPA's notification of these violations. Pursuant to § 25249.7(d) of the statute, CSPA intends to bring an enforcement action sixty (60) days after effective service of this notice unless the public enforcement agencies commence and diligently prosecute an action against these violations. A summary of the statute and its implementing regulations, which was prepared by the lead agency designated under the statute, is enclosed with the copy of this notice served upon the violator. The specific details of the violations that are the subject of this notice are provided below.

The name of the violator covered by this notice is **REDDING AUTO CENTER, INC.**, doing business as LKQ Corp. (hereinafter referred to as “the Violator”). These violations involve the discharge of lead and lead compounds to sources of drinking water. These Proposition 65-listed toxins have been discharged, and are likely to continue to be discharged, by the Violator from its facility located at the following address: 2850 Viking Way in Redding, California (“the Violator’s Facility”).

The Violator is discharging lead and lead compounds from the Violator’s Facility to designated sources of drinking water in violation of Proposition 65. The Violator is allowing storm water contaminated with lead and lead compounds to discharge from the Violators’ Facility into Churn Creek and/or Clover Creek, thence to the Sacramento River.

Clover Creek, Churn Creek and the Sacramento River are designated as sources of drinking water in the “Water Quality Control Plan for the Sacramento River and San Joaquin River Basins,” generally referred to as the “Basin Plan.”

Notice of Violation, Health & Safety Code § 25249.5 *et seq.*

Page 2

Information available to CSPA indicates that these ongoing unlawful discharges have been occurring since at least approximately 2007. As part of its public interest mission and to rectify these ongoing violations of California law, CSPA is interested in resolving these violations expeditiously, without the necessity of costly and protracted litigation. CSPA's address is 3536 Rainier Avenue, Stockton, CA 95204. The name and telephone number of the noticing individual within CSPA is Bill Jennings, Executive Director, (209) 464-5067. CSPA has retained legal counsel to represent it in this matter. Therefore, please direct all communications regarding this notice to CSPA's outside counsel in this matter:
