PROPOSITION 65 ENFORCEMENT REPORTING  
ATTENTION: PROP 65 COORDINATOR  
1515 CLAY STREET, SUITE 2000  
P.O. BOX 70550  
OAKLAND CA 94612-0550

Greetings:

This office and the Mateel Environmental Justice Foundation ("Mateel") give you notice that Walt Disney Parks & Resorts U.S., Inc. ("Disney") has been, is, will be and threatens to be in violation of Cal. Health & Safety Code § 25249.6. Both this office and Mateel are private enforcers of Proposition 65, both may be contacted at the below listed address and telephone number, and I am a responsible individual at both Mateel and this office. The above referenced violations occur at Disneyland in Anaheim, California and at Disney's California Adventure also in Anaheim (collectively hereinafter "Disneyland") and are caused by leaded brass or other lead-containing metal alloys and leaded stained glass, at those rides/exhibits/spectacles within Disneyland that are listed on the accompanying attachments. The exact address and location of Disneyland is also provided in those same attachments. Specifically, people are exposed to lead and lead compounds when they use, touch, or otherwise come into contact with the following objects: brass stanchion heads, brass hand rails, the sword and anvil at the Sword in the Stone exhibit, and the radio button at Mickey Mouse's house in Toon Town (hereinafter collectively "lead containing items"). Patrons of Disneyland are exposed to lead and lead compounds when they touch the above-referenced lead-containing materials while gathered near or while waiting in line, at the rides/exhibits/locations described in the attached sheet, or while otherwise using or visiting those attractions. Those features at Disneyland Resort that cause the exposure are the rides/exhibits/spectacles that are listed in the attached sheet. There is lead and leaded compounds in the brass or other metal alloy used to make the above-described lead-containing items. When people touch these lead-containing items, lead and lead compounds from the metal alloy comes off on their hands and is then absorbed through the skin, enters the body through cuts and abrasions, is ingested orally by being transferred from hands to food which is then eaten, or by hand-to-mouth (or other mucous membranes) behavior such as nail biting, or lead or lead compounds are transferred from hands to cigarettes and then inhaled when the cigarette is smoked. These lead exposures thus occur via the dermal absorption, subcutaneous, mucous membrane, ingestion and inhalation routes. Disney did not and does not provide people with clear and reasonable warnings before it exposes them to lead and lead compounds. These violations have occurred every day since January 24, 2010, and will continue every day until the lead is removed from the alloys used to make the lead-containing materials or until Disney provides its patrons with Proposition 65-compliant warnings. The above-referenced violations are alleged for occupational exposures as well as for consumer and environmental service exposures. The actions that Disney employees take that expose them to lead and lead compounds are the same as the actions taken by Disney patrons—they touch the brass alloy from which the lead containing items are made. This Notice of Violation pertains only to Proposition 65 violations that occur in the County of Orange. None of the violations alleged in this Notice occur beyond the property owned or controlled by Disney.

Cordially,

William Verick

Plaza Inn Restaurant, Disneyland - Brass Hand Rails  
River belle Terrace Restaurant, Disneyland - Brass Hand Rails  
Sword in the Stone, Disneyland - Brass Sword and Anvil Exhibit

CERTIFICATE OF MERIT

I, William Verick, hereby declare: This Certificate of Merit accompanies the attached notice(s) of violation in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings. I am the attorney for the noticing party. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the action. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the person(s) consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: January 24, 2013

  
William Verick

---

This notice alleges the violation of Proposition 65 with respect to occupational exposures governed by the California State Plan for Occupational Safety and Health. The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliances in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General.

---

CERTIFICATE OF SERVICE

I, Nicole Frank, declare:

If called, I could and would testify as follows: I am over eighteen. My business address is 424 First Street, Eureka, California, 95501. On January 24, 2013, I caused the attached NOTICE OF VIOLATION LETTER, or a letter identical in substance, to be served by U.S. Mail on those public enforcement agencies listed on the attached SERVICE LIST; in addition on the same date and by U.S. Mail I caused the attached NOTICE OF VIOLATION and PROPOSITION 65: A SUMMARY to be sent by Certified U.S. Mail to the private business entities also listed on the attached SERVICE LIST. I deposited copies of these documents in envelopes, postage pre-paid, with the U.S. Postal Service on the day on which the mail is collected. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration was executed on On January 24, 2013, at Eureka, California.

  
Nicole Frank
