**NOTICE OF VIOLATION OF
CALIFORNIA HEALTH & SAFETY CODE §25249.5 ET SEQ.**

Dear Public Enforcement Agencies, Jones Valley Resort, Shasta Lakes Resort, Mr. Michael Han, and Mr. Rich Howe:

This office represents the California Sportfishing Protection Alliance ("CSPA"), a California non-profit public benefit corporation with over 2,000 members. CSPA is dedicated to the preservation, protection, and defense of the environment, wildlife and natural resources of California's waters, including the Feather River, the Sacramento River, the Sacramento-San Joaquin Delta and their tributaries.

CSPA has documented violations of California's Safe Drinking Water & Toxic Enforcement Act of 1986, codified at Health & Safety Code §25249.5 *et seq.* (also referred to as "Proposition 65"). This letter serves to provide you and the Violator with CSPA's notification of these violations. Pursuant to §25249.7(d) of the statute, CSPA intends to bring an enforcement action sixty (60) days after effective service of this notice unless the public enforcement agencies commence and diligently prosecute an action against these violations. A summary of the statute and its implementing regulations, which was prepared by the lead agency designated under the statute, is enclosed with the copy of this notice served upon the violator. The specific details of the violations that are the subject of this notice are provided below.

The name of the violator covered by this notice is JONES VALLEY RESORT. (hereinafter referred to as "JVR"). These violations involve the discharge of lead and lead compounds. These Proposition 65-listed toxins have been discharged, and are likely to continue to be discharged, by JVR from the facility located at 22300 Jones Valley Marina, in Redding, California ("the Facility") to Lake Shasta, which ultimately flows to the Sacramento River. The Sacramento River is designated as a source of drinking water in the "Water Quality Control Plan for the Sacramento River and San Joaquin River Basins," generally referred to as the "Basin Plan."

Information available to CSPA indicates that these ongoing unlawful discharges have been occurring since at approximately 2006. As part of its public interest mission, and to rectify these ongoing violations of California law, CSPA is interested in resolving these violations expeditiously, without the necessity of costly and protracted litigation.

Notice of Violation, Health & Safety Code §25249.5 *et seq.*
