Office of the California Attorney General  
Proposition 65 Enforcement Reporting  
1515 Clay Street, Suite 2000  
P.O. Box 70550  
Oakland, CA 94612-0550

**Re: Notice of Violation Against Chicken of the Sea International for Violation of California Health & Safety Code Section 25249.5 et seq.**

Dear Alleged Violator and the Appropriate Public Enforcement Agencies:

I represent The Chemical Toxin Working Group, Inc., ("CTWG") a California non-profit corporation dedicated to reducing the amount of chemical toxins in consumer products. CTWG was created by David Steinman, a committed environmentalist, journalist, consumer health advocate, publisher and author. His major books include Diet for a Poisoned Planet (1990, 2007); The Safe Shopper's Bible (1995); Living Healthy in a Toxic World (1996); and Safe Trip to Eden: Ten Steps to Save the Planet Earth from Global Warming Meltdown (2007). Through this Notice of Violation, CTWG seeks to reduce exposures to lead in products ingested by consumers.

This letter constitutes notification that Tri-Union Seafoods, LLC, dba Chicken of the Sea ("Chicken of the Sea") has violated the warning requirement of Proposition 65, the Safe Drinking Water and Toxic enforcement Act (commencing with section 25249.5 of the Health and Safety Code). The products subject to this Notice of Violation and the chemical in the products identified as exceeding allowable levels are:

**Chicken of the Sea Minced Clams – Lead**  
**Chicken of the Sea Whole Baby Clams - Lead**

Chicken of the Sea has manufactured, marketed, distributed and/or sold the above products which have exposed and continue to expose numerous individuals within California to lead. This chemical was listed pursuant to Proposition 65 as a chemical known to the State of California to

cause cancer on October 1, 1992 and as a chemical known to cause developmental toxicity, and male and female reproductive toxicity on February 27, 1987. These violations have occurred every day since at least July 9, 2010, and will continue every day until the lead is removed from the noticed products or until clear and reasonable warnings are provided. The primary route of exposure has been through ingestion.

Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to certain listed chemicals. Chicken of the Sea is in violation of Proposition 65 because the company failed to provide a warning to consumers that they are being exposed to lead. (22 C.C.R. section 12601.) While in the course of doing business, the company is knowingly and intentionally exposing consumers to this chemical without first providing a clear and reasonable warning. (Health and Safety Code section 25249.6.) The method of warning should be a warning that appears on the product's label. 22 C.C.R. section 12601 (b)(1) (A). There are no warnings currently present on the company's label for these products.

Proposition 65 requires that notice and intent to sue be given to a violator 60-days before the suit is filed. With this letter, CTWG gives notice of the alleged violations to the noticed party and the appropriate governmental authorities. This Notice of Violation covers all violations of Proposition 65 that are currently known to the noticing party from information now available. CTWG is continuing its investigation that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, and referenced as Appendix A, has been provided to the noticed party.

If you have any questions, please contact my office at your earliest convenience.

Sincerely,

Michael Freund

cc: The Chemical Toxin Working Group, David Steinman

Certificate of Merit

Certificate of Service

OEHHA Summary to Chicken of the Sea, International

Additional Supporting Information for Certificate of Merit (to Attorney General only)

**CERTIFICATE OF MERIT**

**Health and Safety Code Section 25249.7 (d)**

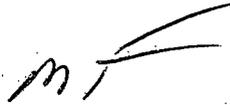

I, Michael Freund hereby declare:

1. This Certificate of Merit accompanies the attached Notice of Violation in which it is alleged that the party identified in the Notice has violated Health and Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am the attorney for the noticing party The Chemical Toxin Working Group. The Notice of Violation alleges that the party identified has exposed persons in California to lead from specified consumer products without providing a Proposition 65 warning. Please refer to the Notice of Violation for additional details regarding the product names and alleged violations.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action. In particular, I have consulted with the laboratory who conducted the testing for lead regarding these products and I have relied on the testing results. The testing was conducted by a reputable testing laboratory by experienced scientists. These facts, studies or other data derived through this investigation overwhelmingly demonstrate that the party identified in the Notice of Violation exposes persons to lead through ingestion.
4. Based on the information obtained through the testing laboratory and on other information in my possession, I believe there is sufficient evidence that human exposures exist from exposure to the listed products from the noticed party. Furthermore, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the

plaintiff's case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of this Certificate of Merit served on the California Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code Section 25249.7 (h) (2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies or other data reviewed by those persons.

Dated: July 3, 2013
