NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violator and the Appropriate Public Enforcement Agencies:

I represent Environmental Research Center, Inc. (“ERC”), 3111 Camino Del Rio North, Suite 400, San Diego, CA 92108; Tel. (619) 500-3090. ERC’s Executive Director is Chris Heptinstall. ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violator identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violator and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is an attachment with the copy of this letter served to the alleged Violator identified below.

Alleged Violator. The name of the company covered by this notice that violated Proposition 65 (hereinafter the “Violator”) is:

Sequel Naturals, Inc.

Consumer Products and Listed Chemicals. The products that are the subject of this notice and the chemicals in those products identified as exceeding allowable levels are:

1. **Sequel Naturals LTD. Plant-Based Vega Energizing Smoothie Choc-A-Lot Dietary Supplement 28.1g - Cadmium**
2. **Vega Maca Organic Chocolate Bar – Cadmium, Lead**
3. **Sequel Naturals Ltd. Vega One (3rd Gen) Vanilla Chai Powder 874g – Cadmium, Mercury**
4. **Sequel Vega Oil Blend 250ml. - Cadmium**
5. **Sequel Naturals LTD. Vega One All-In-One Nutrition Bar Chocolate Almond 63 g – Cadmium, Mercury**
6. **Vega Snack Bar Chocolate Peanut Butter Cup - Cadmium**
7. **Sequel Naturals LTD. Vega Sport Protein Bar Chocolate Coconut 60 g- Cadmium, Mercury**
8. **Vega Vibrancy Bar Berry Bliss- Cadmium, Mercury**
9. **Sequel Naturals LTD Vega Complete Whole Food Health Optimizer Chocolate Flavor (501 g)- Arsenic, Cadmium, Mercury**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer. Mercury and Mercury Compounds were officially listed as chemicals known to cause developmental toxicity on July 1, 1990. Cadmium was officially listed as a chemical known to cause developmental toxicity and male reproductive toxicity on May 1, 1997 while Cadmium and Cadmium Compounds were listed as chemicals known to the State of California to cause cancer on October 1, 1987.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the purchase, acquisition, handling and recommended use of these products. Consequently, the primary route of exposure to these chemicals has been and continues to be through ingestion, but may have also occurred and may continue to occur through inhalation and/or dermal contact.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least October 17, 2011, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. The Violator violated Proposition 65 because it failed to provide persons handling and/or using these products with appropriate warnings that they are being exposed to these chemicals.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violator to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as an expensive and time consuming litigation.

ERC has retained me as legal counsel in connection with this matter. **Please direct all communications regarding this Notice of Violations to my attention at the law office address and telephone number indicated on the letterhead.**

Sincerely,

David A. Rosen
