

NOTICE OF VIOLATION

California Safe Drinking Water and Toxic Enforcement Act

Nicotine-Containing Liquid For Use With Electronic Cigarette Devices

February 27, 2015

This Notice of Violation is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d).

- For general information regarding the California Safe Drinking Water and Toxic Enforcement Act, see the attached summary provided by the California EPA (copies not provided to public enforcement agencies).
- This Notice of Violation is provided by the Center for Environmental Health ("CEH"), 2201 Broadway, Suite 302, Oakland, CA 94612, (510) 655-3900. CEH is a nonprofit corporation dedicated to protecting the environment, improving human health and supporting environmentally sound practices. Charlie Pizarro is the Associate Director of and a responsible individual within CEH.

Description of Violation:

- Violators: The names and addresses of the violators are identified in the attached Exhibit 1.
- Time Period of Exposure: The violations have been occurring since at least February 27, 2012, and are continuing to this day.
- Provision of Proposition 65: This Notice of Violation covers the "warning provision" of Proposition 65, which is found at California Health and Safety Code Section 25249.6.
- Chemical(s) Involved: The name of the listed chemical involved in these violations is nicotine. Exposures to nicotine occur from use of the products identified in this Notice.
- Type of Product: The specific type of product causing this violation is the nicotine-containing liquid for use with electronic cigarette devices. Non-exclusive examples of this specific type of product are identified in the attached Exhibit 1.
- Description of Exposure: This Notice addresses consumer exposures to nicotine. Use of the products identified in this Notice results in human exposures to nicotine. Nicotine is intentionally added as an ingredient to the liquid products, and the products are specifically marketed as containing nicotine. The primary routes of exposure for the violations are inhalation and direct ingestion when consumers inhale the aerosol emitted from electronic cigarette devices utilizing the nicotine-containing liquids. In addition, the products cause dermal and secondary ingestion exposures when the nicotine from the products is deposited in indoor environments where the products are used. These exposures occur in homes, workplaces and everywhere else throughout California where the products are used. No clear and reasonable warning is provided with these products regarding the reproductive hazards of nicotine.

Resolution of Noticed Claims:

Based on the allegations set forth in this Notice, CEH intends to file a citizen enforcement lawsuit against each alleged violator unless such violator agrees in a binding written instrument to: (1) recall products already sold; (2) provide clear and reasonable warnings for products sold in the future; and (3) pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If any alleged violator is interested in resolving this dispute without resort to expensive and time-consuming litigation, please feel free to contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received CEH's 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such agreement may not satisfy the public prosecutors.

Please direct any inquiries regarding this Notice to CEH's counsel Mark N. Todzo at Lexington Law Group, 503 Divisadero Street, San Francisco, CA 94117, (415) 913-7800, mtodzo at lexlawgroup.com.
