

NOTICE OF VIOLATION

California Safe Drinking Water and Toxic Enforcement Act

Lead in Cookies That Contain Molasses or Ginger

April 10, 2015

This Notice of Violation is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d).

- For general information regarding the California Safe Drinking Water and Toxic Enforcement Act, see the attached summary provided by the California EPA (copies not provided to public enforcement agencies).
- This Notice of Violation is provided by the Center for Environmental Health ("CEH"), 2201 Broadway, Suite 302, Oakland, CA 94612, (510) 655-3900. CEH is a nonprofit corporation dedicated to protecting the environment, improving human health and supporting environmentally sound practices. Charlie Pizarro is the Associate Director of and a responsible individual within CEH.

Description of Violation:

- Violators: The names and addresses of the violators are identified on the attached Exhibit 1.
- Time Period of Exposure: The violations have been occurring since at least April 10, 2012, and are continuing to this day.
- Provision of Proposition 65: This Notice of Violation covers the "warning provision" of Proposition 65, which is found at California Health and Safety Code Section 25249.6.
- Chemical(s) Involved: The names of the listed chemicals involved in these violations are lead and lead compounds ("Lead"). Exposures to Lead occur from consumption of the products identified in this Notice.
- Type of Product: The specific type of product causing this violation is cookies that contain molasses or ginger. Non-exclusive examples of this specific type of product are identified on the attached Exhibit 1.
- Description of Exposure: This Notice addresses consumer exposures to Lead. Consumption of the products identified in this Notice results in human exposures to Lead. The products contain Lead. The Lead is found in various ingredients used to make the products, including molasses. In addition, some of the products are made with ginger which also contributes to the Lead content of the products. Other ingredients used in the products are also known to contain Lead including some sugars and salt. The primary route of exposure for the violations is direct ingestion when consumers eat the cookies. These exposures occur in homes, workplaces and everywhere else throughout California where the products are consumed. No clear and reasonable warning is provided with these products regarding the carcinogenic or reproductive hazards of Lead.

Resolution of Noticed Claims:

Based on the allegations set forth in this Notice, CEH intends to file a citizen enforcement lawsuit against each alleged violator unless such violator agrees in a binding written instrument to: (1) recall products already sold; (2) provide clear and reasonable warnings for products sold in the future or reformulate such products to eliminate the Lead exposures; and (3) pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If any alleged violator is interested in resolving this dispute without resort to expensive and time-consuming litigation, please feel free to contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received CEH's 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such agreement may not satisfy the public prosecutors.

Please direct any inquiries regarding this Notice to CEH's counsel Eric S. Somers at Lexington Law Group, 503 Divisadero Street, San Francisco, CA 94117, (415) 913-7800, esomers at lexlawgroup.com.

CERTIFICATE OF MERIT
Health & Safety Code §25249.7(d)

I, Eric S. Somers, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged that the parties identified in the notice have violated Health & Safety Code §25249.6 by failing to provide clear and reasonable warnings.

2. I am an attorney with the Lexington Law Group, and I represent the noticing party, the Center for Environmental Health.

3. Members of my firm and I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies or other data regarding the exposures to the listed chemical that is the subject of the action.

4. Based on the information obtained through those consultations, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and the information did not prove that the alleged violators will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of the Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code §25249.7(h)(2), i.e. (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies or other data reviewed by those persons.
