THE ENTITIES AND THE PUBLIC ENFORCEMENT AGENCIES LISTED ON THE DISTRIBUTION LIST ACCOMPANYING THE ATTACHED CERTIFICATE OF SERVICE

RE: Amended Notice of Violation of California Health & Safety Code § 25249.5, et seq.

To Whom It May Concern:

Doris Charles, Alvin Jones, Jason Peltier, and Jennifer Peltier (“the Noticing Parties”) serve this Notice of Violation (“Notice”) on each of the entities listed on the distribution list (“Noticed Party”) pursuant to and in compliance with California Health and Safety Code § 25249.7(d) and 27 California Code of Regulations § 25903.

This Amended Notice satisfies a prerequisite for the Noticing Parties to commence an action against each Noticed Party to enforce the Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”). The Noticing Parties intend to bring an enforcement action sixty (60) days after effective service of this Notice, unless the public enforcement agencies have commenced an action to rectify the violations discussed in this Notice. This Amended Notice is being served upon each Noticed Party, the California Attorney General and the district attorney of every county in which a violation is alleged to have occurred, and upon the city attorneys of any cities with populations according to the most recent decennial census of over 750,000 and in which the violation is alleged to have occurred. Where the alleged violator has a current registration with the California Secretary of State that identifies a Chief Executive Officer, President, or General Counsel of the corporation, the Notice is addressed to one of those persons.

Attached as Exhibit A to this Amended Notice is a copy of the “The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary.” The attached Summary was prepared by the California Environmental Protection Agency and provides general information about Proposition 65.

A description of Noticing Parties, each Noticed Party, and the alleged violations addressed by this Notice are as follows:

The Noticing Parties: This Notice is provided by Doris Charles, Alvin Jones, Jason Peltier, and Jennifer Peltier. The Noticing Parties are acting in the public interest pursuant to California Health & Safety Code § 25249.7(d) and are dedicated to protecting the health of all Californians. The Noticing Parties are located in Los Angeles and San Diego Counties in the State of California.

Kabateck Brown Kellner LLP

The Alleged Violator: The Alleged Violators are each of the entities listed in the distribution list accompanying the attached Certificate of Service. Each of the Alleged Violators are believed to be in violation of California Health & Safety Code § 25249.6.

The Violation and the Chemical Involved: On February 27, 1987, the State of California officially listed arsenic (inorganic arsenic compounds) as a chemical known to the State to cause cancer. On May 1, 1997, the State officially listed arsenic (inorganic arsenic oxides) as a chemical known to the State to cause reproductive toxicity (developmental). Each Noticed Party has knowingly and intentionally exposed and continues to knowingly and intentionally expose consumers within the State of California to arsenic (inorganic arsenic compounds) at levels that exceed the No Significant Risk Level without providing clear and reasonable warning of this exposure. Each Noticed Party has knowingly and intentionally exposed and continues to knowingly and intentionally expose consumers within the State of California to arsenic (inorganic arsenic oxides) at levels that exceed the Maximum Allowable Dose Level without providing clear and reasonable warning of this exposure.

The Consumer Products: The products that are subject of this Notice are the particular wine products listed and sold by the corresponding entities listed on the distribution list. These wine products are produced, manufactured, and/or distributed by each of the Noticed Parties.

Route of Exposure: The principal route of exposure with regard to the arsenic (inorganic compounds and inorganic oxides) was through ingestion.

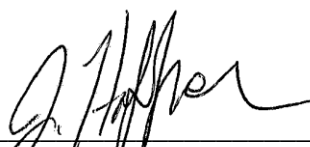

The Duration of the Violations: The violations addressed by this Notice began on or after January 2011, have occurred on every day since January 2011, and are ongoing and continuing.

Pursuant to Title 11 of the California Code of Regulations § 3100, a certificate of merit is attached hereto.

Please direct any inquiries regarding this Notice or any communication to the counsel for the Noticing Parties:

Joshua H. Haffner
Kabateck Brown Kellner LLP
644 South Figueroa Street
Los Angeles, CA 90017
213.217.5000

DATED: June 12, 2015

Joshua H. Haffner
Attorney for Noticing Parties

Kabateck Brown Kellner LLP

CERTIFICATE OF MERIT

Health and Safety Code § 25249.7(d)

I, Joshua H. Haffner, hereby declare:

- 1) This Certificate of Merit accompanies the attached sixty-day notice(s) in which it alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.
- 2) I am the attorney for the noticing parties.
- 3) I have consulted with one more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action.
- 4) Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that “reasonable and meritorious case for the private action” means that the information provides a credible basis that all elements of the plaintiffs’ case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
- 5) The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

DATED: June 12, 2015

A handwritten signature in black ink, appearing to read 'J. Haffner', written over a horizontal line.

EXHIBIT A

“THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986
(PROPOSITION 65): A SUMMARY”

APPENDIX A

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as “Proposition 65”). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA’s implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

Proposition 65 appears in California law as Health and Safety Code Sections 25249.5 through 25249.13. The statute is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.¹ These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

WHAT DOES PROPOSITION 65 REQUIRE?

The “Governor’s List.” Proposition 65 requires the Governor to publish a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. This means that chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to female or male reproductive systems or to the developing fetus. This list

¹ All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at:

http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html.

Only those chemicals that are on the list are regulated under this law. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

Clear and reasonable warnings. A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies; for example, when exposures are sufficiently low (see below). The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm and (2) be given in such a way that it will effectively reach the person before he or she is exposed. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

Prohibition from discharges into drinking water. A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

Grace Period. Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

Governmental agencies and public water utilities. All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

Businesses with nine or fewer employees. Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

Exposures that pose no significant risk of cancer. For chemicals that are listed as known to the State to cause cancer (“carcinogens”), a warning is not required if the business can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA’s website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures that will produce no observable reproductive effect at 1,000 times the level in question. For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by a 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA’s website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures to Naturally Occurring Chemicals in a Food. Certain exposures to chemicals that occur in foods naturally (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant² it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

Discharges that do not result in a “significant amount” of the listed chemical entering into any source of drinking water. The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

² See Section 25501(a)(4)

HOW IS PROPOSITION 65 ENFORCED?

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of the regulations and in Title 11, sections 3100-3103. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

FOR FURTHER INFORMATION ABOUT THE LAW OR REGULATIONS...

Contact the Office of Environmental Health Hazard Assessment's Proposition 65 Implementation Office at (916) 445-6900 or via e-mail at P65Public.Comments@oehha.ca.gov.

DISTRIBUTION LIST

Kabateck Brown Kellner LLP

CERTIFICATE OF SERVICE

I am employed in the County of Los Angeles, State of California. I am over the age of 18 and not a party to the within action. My business address is 644 S. Figueroa Street, Los Angeles, California 90017.

On **June 12, 2015**, I served the following:

- 1) **60-Day Notice of Intent to Sue Under Health & Safety Code section 25249.6**
- 2) **The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary**
- 3) **Certificate of Merit: Health & Safety Code section 25249.7(d)**
- 4) **Certificate of Merit (Attorney General Copy): Factual Information Sufficient to establish the basis of the Certificate of Merit**

on the interested parties in the action by either electronically filing these documents or placing a true copy thereof enclosed in a sealed envelope addressed as listed on the Service List attached.

X **MAIL** I am familiar with the firm's practice of collection and processing correspondence for mailing. Under that practice it would be deposited with U.S. postal service on that same day with postage thereon fully prepared at Los Angeles, California in the ordinary course of business. I am aware that on motion of the party served, service is presumed invalid if postal cancellation date or postage meter date is more than one day after date of deposit for mailing in affidavit.

I declare under penalty of perjury under the laws of the State of California that the above is true and correct.

Executed on June 12, 2015, at Los Angeles, California.

Irma DeLeon
