Re: Notice of Violation of California Health & Safety Code §25249.5 *et seq.* by
MEOW Global Networks, Inc. and Rosa Labs relating to Soy lent 1.5

Dear Attorney General Harris:

Altshuler Berzon LLP ("Firm") represents As You Sow, a 501(c)(3) non-profit corporation dedicated to, among other causes, the protection of the environment, toxics reduction, the promotion of and improvement of human health, the improvement of worker and consumer rights, environmental education, and corporate accountability. As You Sow is based in Oakland, California and was incorporated in 1992 under the laws of the State of California.

As You Sow has documented violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"), Cal. Health & Safety Code §25249.5 *et seq.*, by the entities listed below. This letter constitutes notice by As You Sow to the public enforcement agencies of these violations. Specifically, the identified entities have violated and are violating Cal. Health & Safety Code §25249.6, which provides that "[n]o person in the course of doing

business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual”

Pursuant to Section 25249.7(d) of the statute, As You Sow intends to bring an enforcement action sixty (60) days after effective service of this notice unless the public enforcement agencies have commenced and diligently are prosecuting an action to rectify the violations discussed in this letter.

As You Sow is providing notice to the alleged violators listed below this same day, and a copy of that notice is enclosed.

Alleged Violators: The name of the alleged violators covered by this notice are MEOW Global Networks, Inc. and Rosa Labs. Rosa Labs is a fictitious business name registered with the County of Los Angeles.

Listed Chemicals: These violations involve exposures to cadmium and lead from the product listed below. On October 1, 1987, the State of California officially listed cadmium as a chemical known to the State to cause cancer; and on May 1, 1997, listed cadmium as a chemical known to the State to cause reproductive toxicity. The State of California listed lead as a chemical known to the State to cause cancer on October 1, 1992, and listed it as a chemical known to the State to cause reproductive toxicity on February 27, 1987.

Consumer Product: The product that is the subject of this notice is Soylent 1.5, which is produced, sold, and/or distributed by Rosa Labs and MEOW Global Networks, Inc. Soylent 1.5 contains chemicals to which the alleged violators are exposing consumers in California without providing clear and reasonable warnings.

Violations: The alleged violators have knowingly and intentionally exposed, and continue knowingly and intentionally to expose, consumers within the State of California to cadmium and lead contained in the Soylent 1.5 product without providing clear and reasonable warnings.

Route of Exposure: Use of the product identified in this notice results in human exposures to lead and cadmium primarily through ingestion.

Duration of Violations: These ongoing violations are believed to have occurred on every day since at least August 12, 2014; as well as every day since the product was introduced in the California marketplace and following the one-year anniversary dates of the listings at issue. Violations are believed to be continuing every day until clear and reasonable warnings are provided to product purchasers and users or until the listed chemicals cadmium and lead are removed from the product.

Pursuant to Title 11, C.C.R. §3100, a confidential certificate of merit is attached hereto.
