Re: NOTICE OF VIOLATION AGAINST SCHLAGE LOCK COMPANY LLC, LOWE'S HOME CENTERS, LLC, AND HOME DEPOT U.S.A., INC. OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.6

To Whom It May Concern and to Public Prosecutors:

Ecological Alliance, LLC, a California limited liability company ("Alliance") is a California company acting in the interest of the general public seeking to further, among other causes, the protection of the environment, toxics reduction, the promotion and improvement of human health, the improvement of workers and consumer rights, environmental education and corporate accountability. As described below, Alliance has identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65" or "Act"), codified at Cal. Health & Safety Code §25249.5 *et seq.* by Schlage Lock Company LLC, Lowe's Home Centers, LLC, and Home Depot U.S.A., Inc. (collectively the "Violators"). This letter serves to provide Alliance's notification of these violations to the Violators and elected prosecutors. Pursuant to §25249.7(d) of the statute, Alliance intends to bring an enforcement action sixty (60) days or more after effective service of this notice unless the appropriate public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

The products which are causing an exposure without a warning in violation of Proposition 65, are Lock Sets with Brass Keys, including but not limited to UPC #s 043156989065 and 043156100592 ("Products") manufactured by Schlage Lock Company LLC. and offered for sale by Lowe's Home Centers, LLC and Home Depot U.S.A., Inc., to California consumers.

A copy of the Proposition 65 summary prepared by the Office of Environmental Health Hazard Assessment is attached, to the copy of this letter served to the Violators.

Because of this lack of a warning, consumers were exposed to the following chemicals without the proper required Proposition 65 warnings: 1) Lead. The routes of exposure for this chemical are ingestion and dermal. Such exposure can cause birth defects and other reproductive harm. Exposures to the listed chemical from the use of the Products have been occurring without the clear and reasonable warnings required by Proposition 65, dating as far back as January 15, 2015, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is removed from the Products. Without proper warnings regarding the toxic effects of exposures to the listed chemical resulting from contact with the Products, California citizens lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the listed chemical from reasonable foreseeable use of the Products.

Alliance intends to file a private enforcement action as provided for in the Act for the alleged violations by the Violators, unless Violators agree in an enforceable written instrument to: (1) recall the listed products so as to eliminate further exposures to the identified chemicals; or (2) affix clear and reasonable Proposition 65 warning labels for products sold in the future or reformulate such products to eliminate the exposures; and (3) pay an appropriate civil penalty.

Consistent with the public interest goals of Proposition 65, Alliance is interested in seeking a constructive resolution to this matter, and invites Violators, should they seek early resolution of this matter, to communicate directly with Alliance's attorneys. Such resolution will avoid further unwarned consumer exposures, as well as resource intensive litigation.

Please direct all questions concerning this notice to Alliance's attorney, Vineet Dubey (dubey@cd-lawyers.com), Custodio & Dubey LLP, 448 S. Hill St., Suite 850, Los Angeles, CA 90013, 213-785-2909.

Sincerely,

Vineet Dubey
