NOTICE OF VIOLATIONS
CALIFORNIA SAFE DRINKING WATER AND
TOXIC ENFORCEMENT ACT

Mr. John Venhuizen, CEO Or, Current President or CEO Ace Hardware Corporation 2200 Kensington Court Oak Brook, IL 60523	Ace Hardware Corporation C/o CSC - Lawyers Incorporating Service 2710 Gateway Oaks Dr., Suite 150N Sacramento CA 95833

AND THE PUBLIC PROSECUTORS LISTED ON THE DISTRIBUTION LIST
ACCOMPANYING THE ATTACHED CERTIFICATE OF SERVICE

Re: Violations of Proposition 65 Concerning Carbon Monoxide Exposures from
Charcoal Lighter Fluid

In accord with California Health & Safety Code § 25249.7, Ecological Rights Foundation ("ERF") hereby gives you notice that the above companies have violated and are in ongoing violation of California Health & Safety Code § 25249.6, which provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual."

Pursuant to California Health & Safety Code § 25249.7, ERF intends to bring an enforcement action 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify the violations discussed in this notice letter. The public enforcement agencies that have been served with copies of this notice of violations are identified in the attached Certificate of Service.

This Notice of Violations ("Notice") is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d). Attached for your reference is a summary, "Appendix A: The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary" prepared by the California Office of Environmental Health Hazard Assessment ("OEHHA"). Pursuant to Title 11, C.C.R. § 3100, a Certificate of Merit is also attached.

The above-referenced violations occur when California residents use charcoal lighter fluid, such as "**Grillmark Charcoal Lighter Fluid**", to light charcoal briquettes or other combustible materials. Combustion of charcoal lighter fluid produces and exposes people to **carbon monoxide**, a chemical known to the State of California to cause reproductive toxicity. Because the combustion of charcoal lighter fluid causes carbon monoxide to be released into the air, people using charcoal lighter fluid, and those standing near them, inhale carbon monoxide. Exposure to carbon monoxide is via the inhalation route. The noticed party, named above and on the attached Certificate of Service, did not and does not provide people with clear and reasonable warnings before it exposes them to carbon monoxide.

The above-referenced violations have occurred every day since at least April 29, 2013 and will continue every day until clear and reasonable warnings are given.

ERF is a California non-profit corporation dedicated to protecting human and environmental health, including raising awareness of, and reducing exposures to, toxic chemicals. The following individual is the responsible individual within ERF for purposes of this Notice:

James Lamport, Executive Director
Ecological Rights Foundation
867 B Redwood Drive
Garberville, California 95542
Telephone: (707) 923-4372

ERF has retained the following counsel to represent them in this matter (please direct communications to counsel):

Notice for Occupational Exposures Governed by the California State Plan for Occupational Safety and Health

In accord with California Code of Regulations, title 8, section 338, subdivision (b), ERF hereby gives you the following notice: This Notice alleges violations of Proposition 65 with respect to occupational exposures governed by the California State Plan for Occupational Safety and Health. The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions with regard to occupational exposures on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliance in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General.

Resolution of Noticed Claims:

ERF is interested in seeking a constructive resolution of this matter that advances the public interest without engaging in costly and protracted litigation. ERF is willing to settle this matter to the extent legally possible prior to the commencement of any enforcement action. Settlement terms would require that the unwarned exposures described in this Notice of Violation be stopped. That would require at least the following: 1) a potential recall of products already sold; 2) that either warnings be given to all future purchasers in California of the products subject to this Notice, that the products be reformulated to eliminate the exposures described in the Notice, or that you stop marketing, distributing or selling the products in California; 3) that you locate and provide a warning compliant with 27 Cal. Code Regs Section 25601 to each person who has been subject to the unwarned exposures described in the Notice to the extent those exposures are

caused by products that were sold in California during the past three years; and 4) that you pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249(b). It should be noted that ERF cannot finalize any settlement of this matter until 70 days has elapsed since the sending of the Notice and unless no public enforcer has begun an enforcement action concerning the violations described in the Notice. Any settlement on behalf of the public interest must be approved by the California Superior Court on noticed motion with 45 days' notice to the California Attorney General. The Attorney General may appear at any approval hearing and oppose a settlement if he or she believes the proposed settlement is not in the public interest. If you wish to discuss settlement of this matter before ERF files suit, please promptly contact ERF's counsel.

Sincerely,

Fredric Evenson

Certificate of Merit
Health & Safety Code Section 25249.7(d)

I, Fredric Evenson, hereby declare:

(1) This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.

(2) I am the attorney for the noticing party.

(3) I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action.

(4) Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

(5) The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
