NOTICE OF VIOLATIONS

P.O. Box 70550
Oakland, CA 94612

ACCOMPANYING THE ATTACHED CERTIFICATE OF SERVICE

Re: Violations of Proposition 65 Concerning Carbon Monoxide Exposures from
Wood-burning outdoor heating products, such as fire pits, fire rings, fire tables
and chimineas

In accord with California Health & Safety Code § 25249.7, the Ecological Rights Foundation ("ERF") hereby gives you notice that the companies listed on the attached Exhibit A have violated and are in ongoing violation of California Health & Safety Code § 25249.6, which provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual."

Pursuant to California Health & Safety Code § 25249.7, ERF intends to bring an enforcement action 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify the violations discussed in this notice letter. The public enforcement agencies that have been served with copies of this notice of violations are identified with the attached Certificate of Service.

The above-referenced violations occur when California residents use wood-burning outdoor heating products, such as fire pits, fire rings, fire tables and chimeneas. These products are used primarily for heating, ambience and cooking. Combustion of wood fuel produces and exposes people to **carbon monoxide**, a chemical known to the State of California to cause reproductive toxicity. Because the combustion of wood causes carbon monoxide to be released into the air, people using wood-burning outdoor heating products, and others standing near the products when wood fuel is burning in or on the products, inhale carbon monoxide. Exposure to carbon monoxide is via the inhalation route. These products cause carbon monoxide exposures to occur in peoples yards, at parks and beaches, and everywhere else throughout California where the products are used. These violations are alleged for consumer and environmental exposures.

Included on Exhibit 1 is a non-exclusive list of examples of the types of products manufactured, marketed or sold by the Noticed Parties in the State of California. Though specific models or SKU or product numbers are given as examples, this Notice pertains to all models, and all

variations, of the specific type of product (wood-burning outdoor heating products, such as fire pits, fire rings, fire tables and chimeneas) of which the named model is an example.

The noticed parties on Exhibit 1, and on the attached Certificate of Service, did not and do not provide people with clear and reasonable warnings before exposing those people to carbon monoxide.

The above-referenced violations have occurred every day since at least September 12, 2013 and will continue every day until clear and reasonable warnings are given.

ERF is a California non-profit corporation dedicated to protecting human and environmental health, including raising awareness of, and reducing exposures to, toxic chemicals. The following individual is the responsible individual within ERF for purposes of this Notice:

James Lamport, Executive Director
