**60-DAY NOTICE OF VIOLATIONS OF
CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 ET. SEQ.
(PROPOSITION 65)**

Dear Alleged Violator and the Appropriate Public Enforcement Agencies:

I represent Amy Chamberlin in this matter. Ms. Chamberlin has identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"), which is codified at California Health & Safety Code §25249.5 *et. seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violator identified below failed to provide required clear and reasonable warnings with the identified products. This letter serves as a notice of these violations to the alleged Violator and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, Ms. Chamberlin intends to file a private enforcement action in the public interest 60 days after effective service of the is notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is an attachment with the copy of this letter served to the alleged Violator identified below.

Alleged Violator. The name of the companies covered by this notice that violated Proposition 65 (hereinafter "the Violators") are:

GEM Shavings, LLC

Consumer Products and Listed Chemical. The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

Gem Premier Pine Shavings – Wood Dust
Gem Premier Cedar Shavings – Wood Dust
Gem Premier White Shavings Small Flake – Wood Dust
Gem Premier Fines – Wood Dust
Gem Premier Douglas Fir – Wood Dust

On December 18, 2009, the State of California officially listed wood dust as a substance known to cause cancer.

It should be noted that Ms. Chamberlin may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the purchase, acquisition, and recommended use of these products. Consequently, the primary route of exposure to these substances has been and continues to be through inhalation.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least January 11, 2017, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. The Violator violated Proposition 65 because it failed to provide persons using these products with appropriate warnings that they are being exposed to these chemicals.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, Ms. Chamberlin is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violator to: (1) recall any products already sold, or undertake best efforts to ensure that the requisite health hazard warnings are provided to those who have received such products; (2) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on the labels of these products; and (3) pay an appropriate civil penalty. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as expensive and time-consuming litigation. It should be noted that counsel cannot (1) finalize any settlement until after the 60-day notice period has expired; or (2) speak for the California Attorney General or any District or City Attorney who has received this notice. Therefore, while reaching an agreement may satisfy the claims alleged herein, such agreement may not be satisfactory to public prosecutors.

Amy Chamberlin has retained me as legal counsel in connection with this matter. Her address is 1639 Scenic Dr., Trinidad, CA 95570. Her telephone number is 707.499.6558. **Please direct all communications regarding this Notice of Violations to my attention at the law office address and telephone number indicated on the letterhead.**

Sincerely,

Robert B. Hancock

CERTIFICATE OF MERIT

Re: Notice of Proposition 65 Violations.

Robert B. Hancock declares:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am an attorney for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposures to the listed chemicals that are the subject of the action.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violator will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
